PATENTS.

PATENTS

Obtained for new inventions, or for improvements on old ones; for medical or other compounds, trade-marks and labels. Caveats, Assignments, Interferences, Appeals, Suits for Infringements, and all cases arising under the Patent Laws, promptly attended to.——Inventions that have been REJECTED by the Patent Office may still, in most cases, be patented by us. Being opposite the U. S. Patent Department and engaged in Patent business exclusively, we can make closer searches, and secure Patents more promptly, and with broader claims, than those who are remote from Washington.

INVENTORS send us a model or sketch of your device; we make examinations and advise as to patentability, free of charge. All correspondence strictly confidential. Prices low, and no charge unless Patent is secured.

We refer in Washington, to Hon. Postmaster General D. M. Key, Rev. F. D. Power, The German American National Bank, to officials in the U. S. Patent Office, and to Senators and Representatives in Congress; and especially to our clients in every State in the Union and in Canada. Address

DR. TUTT has succeeded in combining in these pills the heretofore antagonistic qualities of a Strengthening, Purgative and a Purifying Tonic.

Their first apparent effect is to increase the appetite by causing the food to properly assimilate. Thus the system is nourished, and by their tonic action on the digestive organs, regular and healthy evacuations are produced.

The rapidity with which the persons take on flesh while under the influence of these pills, indicates their adaptability to nourish the body, hence their efficacy in curing nervous debility, melancholy, dyspepsia, wasting of the muscles, sluggishness of the liver, chronic constipation, and imparting health and strength to the system.

MOB RULE IN MAINE.

BANGOR, Me., Dec. 25.—Excitement was caused here to-day by reports of an intended removal of arms and ammunition from the state arsenal to the depot for transportation to Augusta. About 5 p. m. two truck teams loaded with arms and ammunition were stopped on Kenduskeag bridge by a crowd, which rapidly increased, so that the streets were filled with people declaring the arms should never be carried out of the city. Mayor Brown demanded of the teamster the orders under which he was acting. No satisfactory answer was given at first, the man saying Thayer, landlord of the Penobscot exchange, had sent word for teams to take arms. A young man named French then pushed through the throng, and said he was a clerk in the adjutant-general's office, and was moving the arms to Augusta under orders from the governor. The excitement of the populace was greatly increased by this statement, and the crowd attempted to unharness the horses.

The mayor told French he had not force enough to guarantee the safety of the munitions if the attempt to remove them was persisted in, while the people were excited. He said he would take no responsibility for trouble that might ensue. French decided it best to return the arms to the arsenal rather than incur hazard of riot and the mayor furnished police to protect them on their return.

Public excitement was increased by a report that J. L. Smith, Greeback candidate for governor; S. W. Haskins, fusion Indian agent, and Maj. M. M. Folsom of Oldtown were closeted at the Penobscot exchange during the day, and Maj. Folsom appeared on the ground after the team had turned back and told Clerk French he made a mistake in not pushing through to the depot, and urged him to change his orders for their return to the arsenal.

French, however, was unwilling to assume the responsibility of a collision with the populace. Excitement is at fever heat throughout the city.

HAYES' NEXT TRIP.

WASHINGTON, Dec. 25.—President Hayes leaves Friday for a visit to relatives in Plainfield, N. J. He will stop one night in Philadelphia with ex-Minister Welch, where he will meet Gen. Grant.

COOLING BREEZES AT ST. PAUL.

ST. PAUL, Dec. 25.—The cold wave reached St. Paul this morning and the thermometer fell to forty degrees below zero. Trains suffer much delay from intense cold, but all roads are reported clear to-night.

BARGES LOST.

CINCINNATI, Dec. 25.—By a sudden rise in the Licking river a number of barges belonging to Swift's Rolling mill were swept away. Eight barges were lost, valued with contents at $17,000.

COLD ON THE PACIFIC COAST.

SAN FRANCISCO, Dec. 25.—Dispatches from all over the coast state that the cold spell continues.

KILLED BY A FALL.

MEMPHIS, Tenn., Dec. 25.—Early this morning the dead body of a man, registered at the Commercial hotel as F. Howell of Arkansas, was found in an alley in the rear of the building. The coroner's jury returned a verdict of accidental death by falling from a third story-story window above.

A SAD CALAMITY.

CINCINNATI, O., Dec. 25.—A Commercial special from Pataskala, Ohio, says the George Lynn, who was personating Santa Claus at a Christmas festival in the Methodist church, was probably fatally burned by his costume taking fire.

HAT FACTORY BURNED.

NEWBURYPORT, Dec. 25.—The Bayley hat factory and contents burned to day. Loss, $110,000; insurance, $40,000. The factory gave employment to 300 hands, and was run night and day to fill orders.

NARROW ESCAPE.

DECATUR, Ill., Dec. 25.—This forenoon about half-past two, the new Baptist church of this city took fire in the furnace room and for a few moments the destruction of the building seemed inevitable, but the prompt action of the fire department extinguished the flames with but a few hundred dollars damages.

SAVED FROM THE POORHOUSE.—For years David Allingsworth suffered with Rheumatism, and notwithstanding the best medical attendance, could not find relief. He came to the Sciota County Poorhouse, and had to be carried into and out of bed, on account of his helpless condition. After the failure of all the remedies which had been applied, the Directors of the Poorhouse resolved to use the celebrated German Remedy, ST. JACOBS OIL, and this was a fortunate resolution; for, with the trial of one bottle, the patient was already much better and when four bottles had been used upon him he could again walk about without the use of a cane.

The facts, as above stated, will be verified by the Editor of the Portsmouth, Ohio Correspondent.

EAST CAPE GIRARDEAU.

Parson Garret has been holding a protracted meeting at the Cotner school house three miles north of here for over two weeks, and more interest seems to manifest itself now, than at the beginning of these meetings. Up to this time seventeen persons have joined.

A sad accident occurred yesterday evening near Mr. T. J. McClure's mill. A man by the name of Watson, while assisting in putting on a wagon tire had his revolver to drop from his pocket and it falling on the hammer, the pistol fired, the charge entering Watson's breast, killing him almost instantly. In this age and country, one would suppose that people would have better sense than to make a portable arsenal of themselves, while at their daily avocation; doesn't speak very highly of our civilization at any rate.

One often sees advertised, especially in agricultural journals, patent milkers, and giving a wonderful description of their proficiency. I saw one to-day, and I do not think that this kind has ever been patented or ever advertised, yet it done its work to perfection, if not to the satisfaction of all concerned, nor did it make any difference to the milker whether the cow stood still, walked, or even trotted. This milker is a black Berkshire pig about six months old, and from all appearances makes a very good living at the business. When I noticed him the cow was coming down the street at a pretty brisk walk, and piggy between her hind legs tugging away at her teats as natural, and seemingly with as much satisfaction as if it had been his own mother.

PARTIES OUT OF EMPLOYMENT WOULD DO WELL TO READ THE FOLLOWING.

One of the best ways to make money is to secure an agency for the sale of an article that is indispensable in every family, and for which there is a great demand. The Universal Family Platform Scale, patented December 3rd, 1878, is an article of this kind. Its beauty, accuracy and convenience sells it at sight to every housekeeper; it is made of brass highly polished or nickel plated, has no weights to get lost, and is always ready for use; the sale of of these Scales during the past year was so great that the proprietors were unable to manufacture them fast enough to fill their orders, but they now have increased facilities for turning them out, and are prepared to fill all orders as soon as received with a greatly improved scale. They give their agents exclusive territory to work in and they seldom fail to make from $5 to $10 per day, which is likely to keep up the coming fall and winter. We advise you to write to the OHIO SCALE WORKS, 125 and 127 Central Avenue, Cincinnati, Ohio, for descriptive circulars and terms to Agents, mentioning our paper.

PIGS'-FEET, SPARE-RIBS, ETC.

At the packing house of Hinkle & Moore, on Commercial avenue, pig's feet, spare ribs, back bones, and other trimmings in large or small quantities are for sale at very low prices. New lard for family use, invites special attention.

WINTER IS UPON US and every person must be supplied with good boots or shoes. The place to buy them is at C. Koch's shoe store, No. 90, Commercial avenue, between Fifth and Sixth streets, where you will always find the best of St. Louis and Cincinnati hand-made boots and shoes on hand and sold very low. The public will find it to their interest to call and examine prices and goods before purchasing elsewhere. Also, always on hand a complete stock of leather and findings.
