Second Ward Burglary.

Mr. Dan P. Smith's residence, corner San Pedro Avenue and Warren street, was burglarized last night, and Mr. Smith's fine meter was stolen. Trying to Compromise.

The Lion and Hibernia Insurance Companies have been sued by Mr. Frank Starr, for recovery of insurance amounting to $2000, on policies paid up and held by him. These policies were held on Mr. Starr's business place, burned out some months ago. Mr. Starr states that these companies tried to force him to compromise and take $750 for his policies, and have since raised it to $1200, but he refused. He says they tried to ruin his credit in Galveston, and have tried to do him harm in various ways. Starr says he has been put upon his feet by his business friends of this city, and is now out of debt and independent, and can afford to wait until his policies are paid up. Adjusters for the insurance companies are now here.

Believes There is Perjury.

Judge Noonan and members of the San Antonio bar are very much inconvenienced and annoyed at so many continuances of cases, for apparently trivial causes. A lawyer or his client makes an affidavit that he is not ready for trial, perhaps on account of one witness, whom he swears is important. If the case is forced to trial without the attendance of this witness, it is appealed, and the Appelate Court seeing the appended affidavit that an important witness had not been allowed to appear, reverses and remands the case for a new trial. Judge Noonan intimates that a good deal of perjury is committed in making these affidavits for continuances, and he has charged the grand jury to investigate the same.

The Lady and Her Teeth.

In old times the doctors saw the benefit of iron for the blood, but the only preparation they had was one which, if it touched the teeth, ruined the enamel, leaving the teeth like chalk. Many ladies have utterly ruined their teeth with this preparation. Now we have Brown's Iron Bitters, which may be taken safely and with the most happy result. Dr. Ruggles of Marion, Mass., is speaking highly of Brown's Iron Bitters, adds, "it does not hurt the teeth."

—The only cigarettes which do not stick to the lips are Opera Puffs.

A "YALLER" DOG.

The Celebrated Case of Mrs. Rose Rose and George Schroeder.

The unique case of the "yaller" dog, in which Mrs. Rose Rose was the plaintiff and George Schroeder was the defendant, was concluded this morning in the District Court. The litigants in this case have been disputing the ownership of a small mongrel of canine flesh for nearly three years. The case originally came before a justice of the Peace, who decided in favor of George Schroeder, the defendant. Mrs. Rose, not satisfied at the decision and a fixed determination to regain her beloved pet, carried the matter up to the District Court, where after several continuances, the matter was decided in her favor, and Mr. Schroeder was ordered to give up possession of the canine. The circumstances of the case briefly are these: Mrs. Rose replied to the ownership of a "yaller" dog, and October 4, 1882, she visited Doyle & Hanscomb's store one evening. On her return home she discovered to her dismay that her dog had gone. In February, 1884, she saw the dog in front of George Schroeder's store on East Commerce Street, and catching the little animal convulsively to her breast conveyed it to her home triumphantly. Alas! a few days after she was again in tears, the dog was again missing. Mrs. Rose alleging it was stolen. Later she saw it again near George Schroeder's. The lady then instituted a sequestration suit, the final result of which is stated above.

FOUND NOTICE—Taken up and in City Pound on Monbrey street, near Alamo creek, on or about the 1st day of December, 1885. One sorrel horse about 14 hands high, 8 years old, has brown mane trimmed to one side, a scarred place on left hind foot under fetlock, and branded some kind of a brand on the left hip, which, with all our advertised infirmities, we sold at auction to the highest bidder, for cash, at public sale, at the Sheriff's office, on the 1st day of December, 1885. It is thus found that the expenses based by the pound fees, will be exhausted for any animal put up at auction. PAT SCANNELL, Marshal.
