A Famous Remedy for Sick Headache

The cause of this complaint is not in the head at all, it comes from the stomach. A stomach that has become clogged by over eating, drinking, or abuse in any manner, will warn you by bringing on sick headache. Cure the pains and distress in the stomach, and the headache stops of itself. All bilious attacks, dyspepsia, belching, bad taste in the mouth, muddy complexion and yellow eyes, are cured by this remedy. It is called Dr. Gunn's Improved Liver Pills, and is sold by druggists all over the U. S. for 25c per box. One pill for a dose, or sent by mail on receipt of price. Sample free. STATE LACROSSE LEAGUE IS NOW WELL UNDER WAY

Ever since the local lacrosse team made such a fine showing against the Victoria and Nanaimo teams last season, a movement has been on foot to organize a league composing clubs in the state of Washington for the coming season. In fact, arrangements have almost been completed for the first league meeting to be held in Seattle to talk over the scheme. Ed. Kennedy, last year's local manager, has visted the surrounding towns which intend to place teams in the field and has met with encouragement from all sides. Mr. Kennedy is at the present time visiting some of the nearby towns in the interests of the league. All the local boys are back of Mr. Kennedy, and with the assistance which he has been promised from the outside followers of the game, the scheme will surely go through.

As is usual in most lines of sport, a Mr. Buttinsky has appeared. Buttinsky proves by his so-called plans to know very little, if anything, about the game of lacrosse. A league to take in the Canadian teams is nothing more than nonsense. Teams on the other side cannot play Sunday games. If they could, the attendance would be so small that the vistors would not realize enough to buy their dinners.

The British Columbia League is composed of Vancouver, Westminster and Victoria. There is one team in that league which Seattle can beat, possibly, and it is Victoria. Seattle could not beat either of the others next season if a whole team of professionals were imported from the best teams in the east. Vancouver, Westminster and the Shamrocks of Montreal are in a class by themselves. It is hard to tell which of these three is the best team. The men on these teams have played together for years.

Seattle is pretty young at lacrosse. There will have to be a lot of new timber going against "champions of the world" in a seasons's schedule. A league, with the "Canucks" included, would die before the season was half finished.

The opinion of local lacrosse players is that Mr. Buttinsky should promptly "Buttoutsky" and let those who know something about the game plan leagues and schedules.

READY FOR THE BATTLE

DAVE SULLIVAN AND HIS SPARRING PARTNER.

(Special to The Star)

SAN FRANCISCO, Feb. 29.—The contest tonight between the featherweight champion and Dave Sullivan is attracting keen attention in sporting circles. The result means a great deal to "Young Corbett." Not only is his championship title at stake, but in the event of defeat his contest with Britt will be called off and in additon he will lose the $2,500 forfeit he has posted for the match.

Competent ring critcs, however, do not anticipate any such result as the defeat of the champion. The betting odds are overwhelmingly in favor of "Young Corbett." Sullivan, at best, is held as a second-rater, and today the speculation is wholly as to the number of rounds the eastern lad will be able to stay against the champion.

In Sullivan's camp, however, there appears to be a feeling of confidence. Ever since the articles were signed he has been preparing faithfully for the contest and, judging from all reports, he is in a condition to fight the battle of his life. He is greatly nettled at the way Corbett has spoken of him, and when they come together in the ring he will undoubtedly do his best to pull down the champion's colors. His trainers and followers, in forecasting victory for him point to the splendid showing he made against the then featherweight champion, Terry McGovern, in the first half of their fight at Louisville. They argue that he is in much better condition now than then and consequently should be able to put up a much harder fight.

The Yosemite Club, under whose auspices the mill will be pulled off, expects a big crowd. Under the articles of agreement the two will weigh in at 130 pounds at 6 o'clock this evening. The fight is limited to 20 rounds.

THE PRESENT CHAMPION.

"YOUNG CORBETT."

BENCH SHOW DATES

At a meeting of the bench show committee of the Seattle Kennel club last week all arrangements were completed for the ninth annual show, to be held April 13, 14, 15 and 16. It is expected that a large number of fine dogs will be entered. James Watson of Hackensack, N. J., has been secured to judge the show.

BOXING FRIDAY

The Olympic Athletic club will give a boxing tournament in Germania hall Friday night, consisting of eight four-round bouts.

SCHOCK BOUND SOUTH

Fred Schock, the big pitcher from Everett, who has been signed to twirl for the Seattle team next year, is on his way to Sacramento to commence training. The big fellow is in the best of shape now, barring a little beef.

SHARKEY WORSTED

PHILADELPHIA, Feb. 29.—After six rounds of hard fighting Jack Munroe, the Butte miner, clearly beat Tom Sharkey, the hard-hitting sailor Saturday night. It was one of the most fiercely contested battles in the history of this city and Munroe showed himself the victor. There was no decision, but at the end of the six rounds Sharkey was a whipped man.

Munroe displayed championship form and will make a showing when he faces Jeffries in the ring. He hit hard, was clever and used his head all through the battle. Sharkey had the better of the first round, but after that it was all going to the miner.

OPEN TO ALL

YANKEE YACHTS MAY COMPETE FOR KAISER'S TROPHY

BERLIN, Feb. 29.—Some time ago it was stated that there was some question as to whether Emperor William would again offer a cup for a yacht race from Dover to Heligoland. All doubt, however, has been put at rest by the official notification this week that the trophy would be again offered, and with other prizes to be given by the emperor it will be competed for next June.

Instead of the qualifcations being very much restricted as in past years the emperor has intimated that the race will be open to all yachts belonging to recognized yacht clubs. As this will include American boats the competition is likely to be of the keenest possible character and will possess unusual interest for yachtsmen generally.

AUTO SHOW

BIG DISPLAY OF HORSELESS VEHICLES AT CLEVELAND

(Special to The Star.)

CLEVELAND, Ohio, Feb. 29.—With nearly all of the most prominent exhibts at the recent New York and Chicago shows, the second annual automobile exhibtion under the auspices of the Cleveland Automobile Club opened today in the Gray's armory and will continue throughout the week. The show is on a much larger scale than the one given here last year, and many novelties have been introduced. Several of the best known automobiles are manufactured in Cleveland and consequently the display of these is on an unusually elaborate scale.

VETERAN PAYMASTER HAD LONG CAREER

WASHINGTON, D. C., Feb. 2 5.—Paymaster General Alfred E. Bates retired from the army with the rank of major general. He entered West Point as a cadet from Michigan in 1861. He was second lieutenant in 1865, and rose gradua lly to the rank of brigadier general, in which he served during the war with Spain. He became a major general upon his retirement.

FESTIVAL OF PURIM

The Hebrews of Seattle are today celebrating the Feast of Purim. The feast commemorates the occasion when Queen Esther saved the Jewish people from extermination. On the Jewish calender it is the fourteenth day of Adar, which is the anniversary of the day when lots or purim were cast in Persia to determine at what time all the Jews were to be put to death.

The sacred day is celebrated all over the civilized world by the Jews. It is a day of thanksgiving and joy. Family reunions and banquets, as well as masquerade balls and social gatherings of a similar nature are held. The beautiful custom of "shloach monans," or of giving presents, is observed.

Tonight in Temple de Hirsch, as well as in all the orthodox Jewish synagogues in the world, the Megiliah, the scroll of the Book of Esther, will be read from the pulpit. All the Jews are thus yearly reminded of how the wicked plans of Haman were frustrated by the beautiful Queen Esther.

Yesterday Rabbi Joseph delivered a sermon at Temple de Hirsch, on the "Feast of Purim." He spoke of the life and character of the famous queen who served her people, and spoke of her as a model which Jewish women of the present day should imitate.

We Will Buy

A 50c Bottle of Liquozone and Give It to You to Try

Liquozone is the only way known to kill germs in the body without killing the tissues, too. It is the only way to end the cause of any germ disease. It is also a vitalizing tonic with which no other known product can compare.

It is new in America, and millions who need it don't know of it. For that reason, we make this remarkable offer. We will buy the first bottle and give it to you if you need it. We will do this gladly to let the product itself show you what it can do.

We Paid $100,000

For the American rights to Liquozone—the highest price ever paid for similar rights on any scientific discovery. We did this after testing the product for two years, through physicians and hospitals, in this country and others. We paid it because Liquozone does what all the skill in the world cannot do without it. Any drug that kills germs is a poison, and it cannot be taken internally. Every physician knows that medicine is almost helpless in any germ disease.

Not Medicine

Liquozone is the result of a process which, for more than 20 years, has been the constant subject of scientific and chemical research. Its virtues are derived solely from gas, made in large part from the best oxygen producers. By a process requiring immense apparatus and 14 days' time, these gases are made part of the liquid product.

The result is a product that does what oxygen does; and oxygen is the very source of vitality, the most essential element of life. The effects of Liquozone are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of $1,000 for a disease germ that it cannot kill. The reason is that germs are vegetables; and Liquozone—like an excess of oxygen—is deadly to vegetable matter. That is why Liquozone kills every disease germ, and with a product which to the human body is life.

Germ Diseases

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone kills the germs, wherever they are, and the results are inevitable. By destroying the cause of the trouble, it invariably ends the disease, and forever.
