DAY

I'LL BE THERE

DANCE FROM MIDNIGHT TO RISE OF SUN

Theatrical People of City Plan a Great Event to be Given at Dreamland Rink in Two Weeks.

A dance, to begin at midnight and last until the sun rises, is the latest to be sprung. The Theatrical Mechanical association is the originator of the new feature, and the big doings will be given two weeks from tonight at Dreamland rink.

The Aurora Borealis waltzes and the confetti two-steps will be special features. The big pavilion will be elaborately decorated and the various electricians and moving picture men of the city will provide features with scores of new electrical devices, spot lights and picture machines. A full orchestra will be on hand, and from midnight until hours after, the theatrical folks of the city will hop.

This will be the first event of the kind ever given on the coast. Theatrical people do not finish their labors until nearly midnight, and have no time to meet the others in the profession outside of their own play houses. On September 17 the performers at the exposition and scores of others will join with those of the down town theatres, and the biggest and most unique dance ever given will result. Dancing will not be the main feature by any odds, and special stunts will be arranged and pulled off by the committee appointed last night at the regular meeting of the T. M. A.

FOR CORPORATION TAX.

(By United Press.)

OLYMPIA, Sept. 3.—Deputy Customs Collectors Terwilliger and Gibbons have been sent here from Tacoma under orders of the treasury department, and are at work in the office of the secretary of state making a list of Washington corporations and gathering other data under the new federal law providing a tax on corporations.

HITCHCOCK EXONERATED.

(By United Press.)

NEW YORK, Sept. 3.—Raymond Hitchcock, the comedian, was given a clean bill on the criminal court records today when the court of sessions dismissed the remaining four indictments charging misconduct.

KILLING ALASKA SEALS

(By United Press.)

WASHINGTON, D. C., Sept. 3.—The department of commerce and labor has received from its agent, R. A. Clark, a report that seal herds of Pribilof islands, Alaska, are being rapidly diminished by depredations of seal hunters. The department has communicated with the state department, asking its assistance in bringing the matter before certain governments, some of whose subjects are believed to be responsible for the illegal killing.

STAMPEDE TO INNOKO

(By United Press.)

FAIRBANKS, Alaska, Sept. 3.—Reports of rich strikes in the Innoko country, southeast of Norton sound, has caused a genuine stampede of prospectors to the district, which is said to be of the type known as the "poor man's country," because the pay dirt is accessible without the use of expensive machinery.

Thirty-eight Mourn Death.

INDIANA, Pa., Sept. 3.—Thirty-eight children mourn the death of their father, John W. Miller, aged 96 years, who died yesterday. Mr. Miller was married four times.

"NO VOTE, NO WEDDING BELLS"; THEY MEAN IT, TOO

MISS ESTHER WILLIS, ONE OF THE ORGANIZERS OF THE COLLEGE EQUAL SUFFRAGE CLUB.

SPOKANE, Sept. 3.—"No vote, no husband."

This is the slogan of 250 pretty girls of marriageable age who have just organized the College Equal Suffrage club of Spokane. Do they mean it? Well, just ask one of the members, and there won't be much room for doubt left.

Each of the girls has taken a pledge to convert her suitor to woman's rights before entering upon an engagement.

The plan to enlist Cupid into the ranks as an ally was originated by half a dozen timid members, who, after several conferences, persuaded Mrs. Z. W. Comerford to launch the movement and recruit the membership to 500.

This does not mean that the time-old methods of wooing are to be barred, but that the valiant knight must break customs instead of lances and enter upon the matrimonial sea pledged to work for equal righs at the polls.

The girls say they don't want to be considered terribly radical. They simply make it plain that there is to be no encouragement in the affairs of the heart where the wooer does not believe in the suffragists' cause or shows no indications of being open to argument.

Political economy is to be a feature of the organization. The girls intend to take up these problems just as the men do, and there will be debates and discussions at the regular meetings.

"The knights used to do and dare anything for their lady love in the days of chivalry," declared one pretty club member. "Let's see if the men of today can stand the test."

THIS STREET CAR MAN WRITES SONGS

LOU E. COLE EXPECTS TO MAKE BIG NAME FOR HIMSELF WITH SONGS.

Seattle has a resident that has two of perhaps the most oddly different occupations that one could imagine. In the day time Lou E. Cole is a very prosaic street car conductor, but after the day's work is done he is a composer and a poet. He not only writes songs and poems, but writes good ones. He has written many songs and they have all met with favor. His one small book of poems that has been published is called "Voices of the West." It contains songs and stories of Puget sound and the mountains.

His latest song hit is "Uncle Hiram at the Fair," being a story of the Uncle Hiram of Luna Park—care Hinckley—when he comes into town to go to the exposition. His other fair song is "Seattle, Queen of the West."

Unpublished Songs.

He has many songs that have not yet been published and which he thinks are his best works. "America, the Land We Love" and "My Canada" are the best two of these, in his estimation.

Besides the popular and patriotic songs, he has tried his hand at composing religious songs with some success. "Just Over the Bright Silver Sea," "Beautiful Vision," "Musings at Twilight," "Guided by Angel Hands," and "The Angel That Kissed Thee" are being sung in different churches now.

In the literary field he has published one book of poems and is preparing another. He is also working on a text book called "Old Wine in New Bottles," and several poems and songs.

Hurt in Accident.

He has made arrangements with the management of Luna Park for them to play his songs at that popular amusement place.

He has had more time lately for this side of his life because he has been unable to "punch nickels" because of injuries received in an accident on July 22. As soon as he is strong enough he says that he intends to go back to work "with the bell cord and the punch." He is popular among the men in the company and they are proud of him. Although he might make a fortune with his pen, he says that he thinks he will stay with them because he likes it.

WOMAN IS ELIGIBLE.

(By United Press.)

OLYMPIA, Sept. 3.—In response to an inquiry by county authorities at Everett, Attorney General Bell has ruled that a female is legally qualified and eligible to hold the position of deputy county auditor in this state.

MURDERER SUICIDES.

(By United Press.)

NEW ULM, Minn., Sept. 3.—John F. Hayner, who was brought to the county jail from Sleepy Eye after he had been arrested for shooting ex-Senator George W. Summerville, a lawyer and politician, committed suicide by hanging.
