ALBANY PAINLESS DENTISTS

ALBANY

WHY AND HOW

CUT RATES EASY PAYMENTS

Why is it that fifteen other dental concerns have failed to build up a practice in Seattle within the last two years, and have gone out of business, and the ALBANY CUT RATE DENTISTS are having the grandest success?

CUT RATES AND EASY PAYMENTS

is why and how we do it.

Two years ago we opened the most elaborate and modern equipped Dental Office on the Pacific Coast at Second and Pike Streets, in the People's Bank Building, and we challenge the world for quality of work. No matter what price you pay for your dental work, our work will equal, if not surpass it.

We actually give you a $10 Gold or Porcelain Crown for $3.50.

We are doing $10 and $12 Bridgework for $3.50 and $5.00.

We have cut the rates on Artificial Teeth so low that people will not believe it, but we are making a $10 and $15 set of teeth for from $3.50 to $7.00.

We give any Silver Filling in the mouth for 50c.

Our Gold Fills are from 75c up. All work is protected by a 15-year guarantee.

It must now be acknowledged that we are Seattle's real Cut Rate Easy Payment Dentists.

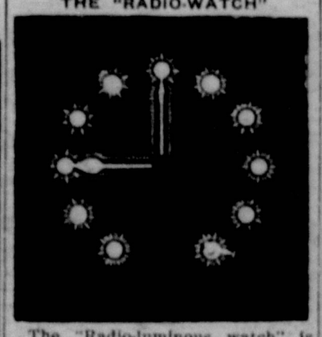
TAFT PARTY LEAVE HERE FOR CHICAGO

With the fervent prayer on their lips that the Taft steam roller may remain well oiled until they arrive, the Taft delegates from Washington left for Chicago this morning at about the same time that the Roosevelt delegates were due to arrive in the convention city. Howard Cosgrove, chairman of the Taft delegation, left for Chicago Tuesday morning, and W. T. Dovell, who will present the Taft argument before the national committee, started Monday night. The reason for Cosgrove's early departure was that the local Tafters have become exceedingly peeved at the press dispatches which have been continually hinting that the steam roller might falter when it struck the Washington contest.

THE "RADIO-WATCH"



The "Radio-luminous watch" is the latest novelty in timepieces. An English company is making 'em. The dials and hands are illuminated by a radium compound that makes it easy to tell the time in the dark. The above picture shows how the face of the radio-watch looks in the dark of the moon.

SCOTTY'S PRIDE IS PRICKED

LOS ANGELES, June 13.—"Death Valley Scotty's" pride is pricked today as the result of a thrust by Superior Judge Craig, before whom he appeared in supplementary proceedings inquiring into his brother's property.

"Sit down," thundered the court, when the miner vaulted into the witness box, "to hear better."

"This spectacular business outside the court may be all right, but it is beneath notice here," added Judge Craig.

STATES WON'T RECOGNIZE TAFT

CHICAGO, June 13.—Wm. Flinn of Pittsburg, leader of the progressive element of the republican party in Pennsylvania, who is directing Roosevelt's "steering" committee here, and Governor Glasscock of West Virginia, said that neither Pennsylvania nor West Virginia would recognize President Taft as the regular republican nominee should the Taft people control the convention. Speaking for these two state, Flinn and Glasscock declared that Taft's nomination would not be accepted in any circumstances.

'WARE HATPIN NIPPER

SAN FRANCISCO, June 13.—Declaring long hatpins are as insanitary as unmuzzled dogs, the health board is considering an ordinance prohibiting them. A special "hatpin nipper" to arrest non-complying ladies, also is provided for.
