CAR TURNS OVER FOUR ARE HURT

18-Year-Old Girl Sustains Internal Injuries

One woman was seriously injured while three other persons sustained painful injuries when an automobile, driven by Reuben Lewis, 513 19th ave., turned turtle in front of Dr. D. A. Ewing's residence, at 1102 E. Boston st., early Monday morning.

Dr. Ewing was called and immediately rushed Miss Hoda Rosenberg, 18, to Providence hospital with possible serious internal injuries. Others in the automobile, who were thrown to the ground, sustaining injuries, were: Miss Frieda Segel, 18, sprained wrist; Ben Levin, fractured arm, and Reuben Lewis, sprained shoulder.

The machine is said to have skidded to the curb and turned over when the wheels struck the curb. The automobile was wrecked.

Train Kills One; Injures Another

CENTRALIA, May 24.—W. D. Seiger was fatally injured and Charles Roney was seriously hurt at 4:30 o'clock this morning when the automobile in which they were riding was struck by a Northern Pacific engine at a local street crossing. The injured men were taken to a hospital where Zeiger lived only [illegible] hours. Roney's condition is serious but he is expected to recover.

The locomotive was running backwards when it hit the automobile, which Roney was driving.

Norfolk Gains in Population

NEW LANDING SITE OFFERED

Protest Made Against Purchase of Property

A plot of ground on Union bay, south of the Lake Washington canal, east of Montlake park and north of Washington park, was proposed to the county commissioners Monday as an airplane landing site by Laurence Colman, capitalist, and Isaac Cooper, pioneer real estate man.

Sand Point, located on Lake Washington, north of city limits, had been proposed as a site. This land would have to be purchased from Ferry-Leary Land Co.

Colman and Cooper protested against the purchase of any land. They suggested that the site mentioned by them could be obtained without purchase. It is now controlled by the state, park board, government and private owners. Colman favored a meeting of representatives of all owners to see if some plan looking to the establishment of the landing field there could be arranged.

Three Burglaries Cleared Up Now

Three burglaries in the Lake Burien district were cleared up Monday with the capture of Sam Woods, 17, and Tom Peterson, 19, Deputy Sheriff C. H. Beebe said.

Loot of the three robberies was partially recovered. The youths were arrested by Beebe and Deputy Andy Vaughn at their Lake Burien home Sunday. After refusing to disclose where the goods taken in the burglaries was hidden, the youths led the deputies to a cache in the woods.

Rifles and ammunition, stolen from the Lingwood farm near Sunnydale last week, were the principal recoveries.

Wait in Hope of a "Wet" Court Ruling

Joe Czerny, L. Christensen and John Adams, charged with violation of the national prohibition law, pleaded not guilty in the United States district court Monday morning. In entering the plea, their counsel requested that final disposition of the case be postponed until after the supreme court decision on the constitutionality of the prohibition law, scheduled for June 7, was handed down. Judge Neterer fixed June 11 as the date.

Father of Slain Bride Wins Out

Bluebeard's confession that he had drowned one of his wives, Alice M. Ludrigson, of Seattle, in St. John's river, Idaho, was indirectly introduced in superior court Monday, when Judge Mitchell Gilliam appointed H. H. Ludrigson, her father, administrator of her estate, under $3,000 bond.

A deposition by the Los Angeles sheriff, stating that Bluebeard Watson had admitted the murder, constituted proof of the former Miss Ludrigson's death, Judge Gilliam held. Ludrigson testified that less than a month after his daughter married Watson she disappeared.

Detectives Guard Big Sugar Supply

CHICAGO, May 24.—Fifty thousand tons of sugar was guarded here today by government and railroad detectives armed with rifles.

Fearing an attempt to sell at prices higher than that fixed by the United States district attorney here, guards were stationed in yards to protect the sugar.

Recently sugar dealers and the district attorney agreed to fix the price of sugar at 28 cents a pound, retail.

Ice Cream Men to Ask Fat Reduction

City council will be asked to allow an eight per cent butter fat standard for ice cream, it was determined at a meeting of the ice creamers Saturday. The city ordinance at present specifies that ice cream shall contain 12 per cent of butter fat.

"MURDER" CALL PUZZLES POLICE

Unable to Trace Frantic Appeal of Woman

Frantically appealing for help, an unknown woman, who attempted to call the police late Sunday night, hung up the receiver before central could make connections and sent a squad of motorcycle patrolmen on a fruitless patrol.

The chief operator of the East exchange notified the police shortly before 11 p. m. that a woman's voice called in over a four-party line. The voice shouted: "Murder! Police!" and then stopped. Central said that the woman had called from one of the following addresses: 1070 24th ave., 513 20th ave. N., 1513 18th ave. N. or 1802 E. Republican.

Motorcycle patrolmen were immediately dispatched from central police station, but reported each address quiet. Residents in all places declared no calls had been made. The police are inclined to think some one with a distorted sense of humor made the call.

"Fair" Is Staged by Bon Employes

Full of gayety and pep, an old-fashioned country fair was held at the Bon Marche Saturday night for the benefit of the employes' mutual savings fund. A Klondyke dance hall, fortune telling booths, miniature fish ponds and a jazz orchestra contributed to the evening's amusement.

The employes' savings fund was established to foster thrift among the staff. Members contribute definite sums weekly, the accumulated savings being distributed at set intervals. This June more than $18,000 will be paid out.

Prisoner Escapes But Is Recaptured

After escaping from King County Deputy Sheriff Will H. Barr at Marysville, Cal., this morning, Fred J. Jenkins, being returned here from Los Angeles to face a forgery charge, was recaptured several hours later, Barr notified Sheriff John Stringer Monday noon.

Jitney Men's Cases Are Continued

Continuance of the cases against the 10 jitney drivers, charged with violation of the new jitney ordinance, was allowed by Police Judge John B. Gordon Monday when W. R. Crawford, attorney for the drivers, requested the city postpone its case until after a motion for a permanent injunction against the jitneurs is heard in the federal court. The city cases will be tried May 31.

Furniture in House Taken by Thieves

CHAMBER WILL ADVERTISE CITY

Plan National Three-Year Campaign for Seattle

First of the kind in the city's history, a great national advertising and publicity campaign, in which the Chamber of Commerce will spend $100,000 a year for three years in placing Seattle's many advantages before the rest of the country, is now being prepared by that organization.

The first announcement of the advertising plan was made following its ratification by the finance committee and trustees of the chamber. The campaign will begin next month.

One of the chief objects of the chamber's new program will be to convince the East and the country at large that Seattle is not a radical labor center and a bad investment risk. Primarily, however, the plan is to organize new industries in Seattle and expand those already here.

This is in line with the new industrial program recently set in motion by the Industrial Bureau of the chamber. The latter bureau at present is making a comprehensive survey of industrial opportunities in Seattle, and will be equipped to take advantage of results from the national advertising to be undertaken by the commercial organization.

Seattle is not the only city to start an advertising program at this time. San Francisco plans to spend $250,000 a year for three years in an effort to regain coast leadership in foreign trade and other lines of business. Los Angeles and San Diego already are in the midst of such a campaign and are reported to be receiving fine results. Other cities about to start include New Orleans, Baltimore, Kansas City, Cleveland, Omaha, Butte and Chicago.

In the Seattle plan the initial move will be made next week when the Chamber of Commerce will renew its budget. This will be increased to a point which will make it possible for the chamber to engage in this national work, and at the same time carry on a concentrated and constructive work for Seattle in Seattle.

$750,000 FIRE HITS PORTLAND

Shipbuilding Plant and Box Factory Destroyed

PORTLAND, Or., May 24.—Estimates today place $750,000 as the property loss which was caused by fire in the North Portland industrial district Sunday.

The plant of the North Portland Box Company, valued at $300,000, and the wooden shipbuilding plant of the Standifer Construction Company, worth $450,000, were totally destroyed.

The fire started at 11 o'clock Sunday morning in the planing plant of the box company, due to the explosion of a switch controlling one of the planing machines.

A 40-mile-an-hour gale threatened to sweep the flames over the entire industrial district, a few miles north of Portland proper, and it was feared that property worth $25,000,000 would be consumed by fire.

A sudden shift in the wind, however, turned the flames, and made it possible for the fire fighters to control them. The fire raged until 6 o'clock Sunday evening.

NEW POTATOES SCARCE HERE

Wholesalers Report Light Receipts on Garnets

New California potato receipts on the local wholesale market continued to be light at the opening of the week's trading on the local wholesale produce market Monday.

There were no sweet potatoes anywhere on the market. All spud markets were stronger, with British Columbia offerings the lowest at 8 and 8½ cents a pound.

Asparagus receipts were still light and quotations remained high, with the top level at 20 cents. Green peas were firm at 12 cents a pound.

Strawberry offerings remained steady, with Kennewicks going at $6 a crate and the last of the California variety for this season bringing $4 a crate.

Butter and egg markets held steady, with no price changes noted.

Status of the New York Stock Exchange

NEW YORK, May 24.—Prices were irregular on a small volume of trading at the stock market opening today. Professionals bought oils while steels were neglected in early trading. International Paper opened at 66⅛, off ⅜; Crucible, 122, up ½; Southern Pacific, 92, up ⅛; Pan-American, 96⅝, off ⅝; New York Central, 67, unchanged; General Motors, 25¼, up ¼; United States Steel, 91⅛, off ¼; Texas Company, 45⅝, up ⅝; Retail Stores, 73, up ½; Sinclair, 30⅛, off ⅛; Bethlehem, 87, off ¼; Studebaker, 62¾, unchanged; Baldwin, 109⅛, off 1⅛.

Crucible was under pressure in early transactions. The initial sale of this stock was at 121½, up ½, but it then sold off to 119½, a new low on the present movement.

Around mid-day call money renewed at 6%, the lowest rate since April 12. Announcement of the low rate came at a time when a big drive was under way upon prices and which had already forced steel common to a new low for the year at 89⅝. Some motor stocks went into new low ground for the present movement, Studebaker selling at 59, a decline of over 5 points from Saturday's high, while Pierce-Arrow got down to 45. On the 6% renewal rate for call money a brief rally again carried Steel common above 90 and Studebaker above 60.

Atlantic Gulf was the leader during the last half hour of trading and at its best figures showed a net gain of nearly 8 points over Saturday's close. Oil stocks in general were firm, but some further selling came into the motor shares. Steel common got below 90.

International Paper held around 65 in the face of weakness of other parts of the industrial list.

The stock market closed irregular.

NEW YORK, May 24.—The New York Evening Sun financial review today said: "It was perfectly clear from the beginning that there was no buying power in today's stock market. Notwithstanding the improvement in sentiment prevailing in the latest phases of last week, orders did not accumulate in volume over the week-end.

"This encouraged the bears in a measure to extend operations on the short side and thru a good part of the forenoon the list was under pressure, causing recessions of 1 to 3 points or so among the industrial descriptions and a fraction to 2 points among the rails. Trading was in limited volume and at midday, when prices displayed symptoms of hardening, it was dull in the extreme.

"Altho the list displayed an improved tone thru the afternoon, the movement was so dull that the market was not carried anywhere."

Foreign Exchange

NEW YORK, May 24.—Quotations showed considerable strength at the opening of the foreign exchange market today. Demand sterling was up 2⅝c at $3.57; franc checks opened at 15.42c, up 28 centimes; lire checks, 18.37c, up 52 centimes; marks, demand 2.55c, cables 2.57c, up .14 centimes; Canadian dollars, $9.25c.

Sterling demand closed at $3.56¼, cables $3.57.

Denver Market Status

DENVER, May 24.—Cattle—Receipts, 6,200 head; market 15c to 25c lower. Steers, $9@11.75; cows and heifers, $7@10.50; stockers and feeders, $7@10.50; calves, $14@16.50.

Hogs—Receipts, 1,600 head; market 15@15c lower. Top, $14.60; bulk of sales, $13.75@14.10.

Sheep—Receipts, 900 head; market is steady. Lambs, $17@17.75; ewes, $10@$11.

Liberty Bonds

NEW YORK, May 24.—Liberty bonds showed an irregular price trend in early trading here today. The first issue of 3½s per cent tax exempt bonds were quoted at $92.10, unchanged; first and second 4's both showed a net loss of 40c.

Decline of government securities which has taken place during the last week was attributed by financial observers to the stringency of the present credit situation. The rush for funds forced Liberty bonds to lower levels. Selling of Liberty's by merchants and private individuals to pay for merchandise all added in bringing down the war issues.

Victory bond issues showed a slight increase over Saturday's closing prices, the 3¾'s being up 6c at $96.06 and the 4¾'s up 10c at $96.10; third 4¼'s at $88.40 were unchanged, as were also the fourth 4¼'s at $84.80.
