The Big Stone Gap Post.

VOLUME IX. BIG STONE GAP, WISE COUNTY, VA., THURSDAY, JULY 18, 1901. NUMBER 29.

A WORTHY SUCCESSOR

"Something New Under the Sun."

All doctors have tried to cure CATARRH by the use of powders, acid gases, douches and dirty pastes. Their patients die or, as sometimes happens, they cure themselves and stand the scornful smile used in the fabulous case of every other mentioned remedy that their makers have added to the pile of useless and worthless patent medicines and nauseous patent medicine shams. An old and experienced practitioner who has for many years made a close study and specialty of the diseases of the nasal passages and lungs, and of CATARRH, has at last perfected a treatment which will not only relieve at once, but permanently cure CATARRH by removing the causes, curing the discharges, and healing all inflammation. It is the only known or science that actually eradicates germ parts. The wonderful remedy is known as "SNYDER'S CATARRH CURE" and is sold by druggists at the price of one dollar a package, including internal medicine sufficient for a full treatment and everything necessary for a cure.

"SNYDER'S" is the only patent CATARRH CURE that exists and it now stands alone and unrivaled. Old, relapsing and disgusting cases are all immediately healed. It is an absolutely antiseptic and is also wonderfully prompt in curing HAY FEVER or COLD in HEAD.

"SNYDER'S" is the only remedy which leads to permanent "SNUFFING" will not, as it is, at once. It is the only remedy that's a complete treatment, and is guaranteed to cure CATARRH in the head, or any other form, by any druggist, for the price, fifty cents. Druggists who do not keep it will obtain it for their customers, or send 50 cents to S. S. SNYDER, JR., CO., Sole Proprietors, Dept. 1, Cincinnati, O.

GREAT STRUGGLE.

Conference Between the Steel Corporation and Amalgamated Association a Failure.

A GENERAL STRIKE WAS ORDERED.

American Steel Hoop Co., American Sheet Steel Co. and the American Tin Plate Co. Affected.

From Present Appearances It Looks Probable That President Shaffer's Strike Order Will Be Obeyed By the Men.

Pittsburgh, Pa., July 15.—The third conference between the Amalgamated association and the United States steel corporation Saturday came to a deadlock and President Shaffer before City Hall entered out all the union men employed in the American Steel Hoop Co., American Sheet Steel Co., and the American Tin Plate Co.

From present indications it looks probable that President Shaffer's strike order will be obeyed and the great struggle between the Amalgamated association and the steel corporation will commence. How the steel corporation will come out remains to be seen. Mr. Shaffer says he is earnest in his efforts to avert a strike, but if the corporation officials do not meet the men in a fair and honorable way, he will be compelled to call out the men.

The strike was not of our seeking, he said, and President Shaffer believes it will be found that the steel corporation will be the sufferer. The men will be ready to return to work when the corporation officials are willing to meet them in a fair and honorable way.

"We have been thoroughly organized and there will be some surprises in store," said Secretary Tinplate. "I have not heard from a single union in America, but all stands united. We are in better condition than we were when we commenced the struggle. The men are united and determined. The officers of the Amalgamated association are in the best of shape, and we are ready for the battle. Before organizing the Amalgamated association we had to fight the Carnegie company, and we were beaten. We are now in better shape than we were then. We are ready for the battle, and we will win."

Many men were affected by the current news coming out this afternoon. Many women, short hours and the market will general advance will be expected to make a change. The Amalgamated association is not the association that was in your town a few years ago. The men are more united. The association is not in your town, and Mr. Shaffer, President of the Amalgamated association, is not the man you knew five years ago. The men are more united. The association is not in your town, and Mr. Shaffer, President of the Amalgamated association, is not the man you knew five years ago. The men are more united."

The association is not in your town, and Mr. Shaffer, President of the Amalgamated association, is not the man you knew five years ago. The men are more united."

Mr. Shaffer said: "We have been organized two years. We have been organized two years. We have been organized two years.
