Odd English Currency.

During the civil war in England some quaint pieces of money were struck. Charles I minted most of the plate that was given to him by the Cavaliers, in order to pay his troops. Proper machinery not being available, coins were struck in the most rough-and-ready way. They were of all shapes and sizes, and made of any metal from gold to pewter. In those troubled times many towns issued their own money in the form of tokens, which were usually oval or oblong in shape and made of base metals.

Don't Ramble.

The rolling stone has a bad reputation. We should learn the art, which would seem to be very difficult these days, of staying at home. Travel can show us only the surface of things. It fills us with a large amount of misunderstanding. All history condemns the rolling stone. A change of climate and food is good for one, but on this continent we have all varieties of them which the most exacting taste may demand.—Irving Bacheller in April Delineator.

Vases.

The vases which we now use for flowers are a survival of the ancient days of Grecian conviviality, when the wealthier people had wine cups of every conceivable size and form. The original name of these cups was "vase," and designers vied with one another to produce intricate designs. With the passing of the great feasts, the vases were used for ornamental purposes. The flowers were added to decorate the vase.

Flies Carried by the Wind?

House flies have a considerable range of flight. Some that were dusted with finely powdered red chalk and afterwards released were taken within less than 24 hours in flytraps six miles away. Observations at Rebecca shoals off the coast of Florida seem to show that flies came down the wind from Cuba 96 miles away. —Youth's Companion.

His Own Builder of Character.

Every man builds his own world, makes his own atmosphere. He can fill it with difficulties, fears, doubts, despair, and gloom, so that his whole life will be influenced to gloom and disaster; or he can keep the atmosphere clear, transparent and sweet by dispelling every gloomy, envious, malicious thought.

It had belonged to Great Britain during a large part of the Eighteenth century. The second largest island of the Balearic group, Minorca has an area of 260 square miles and a population of over 300,000.

AMENDMENT TO CHARTER OF ORLEANS-KENNER TRACTION COMPANY, INC.

United States of America, State of Louisiana, Parish of Orleans, City of New Orleans. Be it known and remembered, that on this 26th day of the month of April, in the year of Our Lord, one thousand, nine hundred and twenty-two and of the Independence of the United States of America, the one hundred and forty-sixth: Before me, Stamps Farrar, a Notary Public, duly commissioned, sworn and qualified in and for the Parish of Orleans, State of Louisiana, therein residing, and in the presence of the witnesses hereinafter named and undersigned; Personally came and appeared, Alfred C. Kammer, president, and Maurice H. Rooney, secretary, of Orleans-Kenner Traction Company, Inc., a corporation created by and existing under the laws of the State of Louisiana, by an act before Alfred C. Kammer, Notary Public, Parish of Orleans, State of Louisiana, dated March 5, 1918, recorded in the Mortgage Office of the Parish of Orleans, State of Louisiana, in Book 1219, Folio 412, and in the office of the secretary of state, of the State of Louisiana, at Baton Rouge, Louisiana, in Book "Record of Chartres," No. 1219, Folio 412, on the 27th day of April 1918, who declared unto me, Notary, that a general meeting of the stockholders of Orleans-Kenner Traction Company, Inc., was held at the office of the company in the City of New Orleans, on the 20th day of April, 1922, at 4:00 o'clock p. m.; that notice of said general meeting of said stockholders was waived and the original of said waiver of notice was ordered attached to the margin of the minutes and a copy thereof spread in the minutes;

And the said appearers further declared that at said general meeting of the stockholders of the Orleans-Kenner Traction Company, Inc., it was resolved by a unanimous vote of all of the stockholders of said company present at said meeting, to-wit, by all of the stockholders of the company owning the entire outstanding capital of the company, that the capital stock of said company be increased from $5,000.00 to $135,000.00 by the issuance of 1,300 shares of preferred stock of the par value of $100.00 each, the 50 shares of stock of the par value of $100.00 each now outstanding to be and become common stock.

And the said Alfred C. Kammer and the said Maurice H. Rooney, respectively the president and secretary of Orleans-Kenner Traction Company, Inc., further declared that at said general meeting of the stockholders of Orleans-Kenner Traction Company, Inc., it was resolved that the officers of said company be authorized, empowered and directed to take such steps as may be or become necessary to make effective the foregoing amendment to the charter.

Whereupon the said Alfred C. Kammer, president, and the said Maurice H. Rooney, secretary, of Orleans-Kenner Traction Company, Inc., declared that they do now appear for and in behalf of said Orleans-Kenner Traction Company, Inc., for the purpose of making effective the action of the stockholders of said company by embodying the said amendment in notarial form, and they now declare unto me, Notary, that Article IV, of the charter of the Orleans-Kenner Traction Company, Inc., shall be and is amended so as to read as follows, to-wit:

ARTICLE IV—The capital stock of this corporation is hereby fixed at One Hundred and Thirty-five Thousand ($135,000.00) Dollars, as follows, to-wit: One Hundred and Thirty Thousand ($130,000.00) Dollars of preferred stock represented by 1300 shares of the par value of $100.00; and Five Thousand ($5,000.00) Dollars of common stock, represented by fifty (50) shares of the par value of One Hundred ($100.00) Dollars each.

Preferred stock shall be and is entitled to preference and priority over the common stock in the following manner, to-wit: to receive cumulative dividends at the rate of seven (7%) per cent per annum, payable in one or more installments as the board of directors may determine before any dividend on the common stock shall be paid; and, upon dissolution of the corporation, after all of its debts shall have been paid, the remaining assets, property and effects shall be applied to the payment of the preferred stock at par, with any unpaid dividend accumulation thereon and before any payment is made to the holders of the common stock; the balance remaining shall then go to the payment of the outstanding common stock pro-rata. The common stock shall be entitled to all net earnings and profits in excess of the cumulative dividend of seven (7%) per cent per annum to be paid on the preferred stock as herein provided.

All or any part of the preferred stock as may, from time to time, be determined by the board of directors, shall be subject to redemption and retirement out of net profits or earned surplus, or any other funds authorized by law at par and accrued dividends, provided that notice of such intention to redeem and retire be published for five consecutive days in a daily newspaper in the City of New Orleans, State of Louisiana.

If any amount less than the whole of the outstanding preferred stock shall be retired, then the retirement shall be on a pro-rata basis so that each stockholder shall contribute his quota to the stock to be retired.

The preferred stock shall have and enjoy no voting powers whatsoever.
