School Funds and Educable Children.

Pollock, La., Jan. 16, 1912.

Editor Colfax Chronicle:

I herewith hand you the assessment of special school taxes for the year 1911, with the request that you publish it, as the school board seems to think it would be a piece of general information for the readers of your paper, and especially to those interested in the school finances of the parish.

The school board's attention was called to the advisability of having published the enumeration of school children as made by the assessor during the year 1911, and also that as made by the assessor during the year 1907, as the apportionment of all school finances, except special school taxes, are made to the several school districts of the parish according to the number of educables listed in the districts.

By reference to the assessment of special school taxes and the number of educables of the districts any one can have a very good idea of the school funds available for the several districts of the parish.

There will be handed to you in the morning the two lists of educables, and I am writing to you to publish them with the other matter handed you for publication. My financial report will follow this.

J. N. WARNER.

Following is a list of special school taxes assessed for the various school districts of the parish for the year 1911, by Mr. Murrell, the assessor of Grant parish:

District 3	$ 223 09

Persons troubled with partial paralysis are often very much benefited by massaging the affected parts thoroughly when applying Chamberlain's Liniment. This liniment also relieves rheumatic pains. For sale by all dealers.

He Did Not Write That Letter.

Bentley, La., Jan. 17, 1912.

Editor Colfax Chronicle

Will you please state in your paper that I am not the writer of the article under the headlines "Is Judge Hall a Friend to the Settler?" printed in the Colfax Chronicle of last week. Some of my friends have come to me and stated it was being talked that I wrote the article. I have never written a word in reference to either candidate for governor. I wish to say I am running for the office of representative, and have nothing to say relative to the race for governor. I feel quite sure an investigation will show the writer of the above mentioned article does not live at or near Bentley, La., and I believe it was the intention of the writer to have people believe this article to have been written by the same party as those signed "Clod Hopper" and published in the Colfax Chronicle. I am the writer of all the "Clod Hopper" letters, but did not write this letter relative to Judge Hall's decision, and I do not know who did write it. I am willing to stand for my own letters, but do not want to have my friends believe I wrote the letter signed "Settler."

Very truly yours,

T. O. HART.

A Last appeal to the Voters.

Editor Colfax Chronicle:

January, 10, 1912.

Please print for me this my last appeal to the Democratic voters of ward two:

Fellow Citizens—I have tried to make my position clear to you all in my platform. I do not believe in squandering all the parish funds on one or two roads. I am in favor of good roads by taxation, and believe each locality is entitled to its pro rata of funds each year, and all road work should be done by our citizens. By this method we would not lose even the use of the money, and would have the roads and money both in our country, and our people would be thus benefited in a two fold measure. I do not believe in extravagance. I believe our parish should pay as we go along, and we should be governed by our income when making appropriations, and unless we have the money coming in we should not vote to pay it out. Our police jury is a very important set of officials, holding the key to the public crib, and should I be elected, I will do all in my power to look after the interest of my ward and the parish in general, and should we let any new contracts for making ditches and piling the dirt in the center, I will try to let it to our home people. I must confess that when the model road was first talked of, I thought it would be something of a road, but since it has been built I find it is only a pattern, and not the real thing at all; but just a model and not a road. If we have to pay so much for the pattern, how much would a real road cost us? So I would favor building as good roads as our money will admit of, all over the parish.

Yours for good roads for less money,

HENRY IRWIN,

Solves a Deep Mystery.

"I want to thank you from the bottom of my heart," wrote C. B. Rader, of Lewisburg, W. Va., "for the wonderful double benefit I got from Electric Bitters, in curing me of both a severe case of stomach trouble and of rheumatism, from which I had been an almost helpless sufferer for ten years. It suited my case as though made just for me.,, For dyspepsia, indigestion, jaundice and to rid the system of kidney poisons that cause rheumatism, Electric Bitters has no equal. Try them. Every bottle is guaranteed to satisfy. Only 50c at all druggists.
