Pale-Faced Women

You ladies, who have pale faces, sallow complexions, dark circles under eyes, drawn features and tired, worn-out expressions, you need a tonic.

The tonic you need is Cardui, the woman's tonic.

It is the best tonic for women, because its ingredients are specifically adapted for women's needs. They act on the womanly organs and help to give needed strength and vitality to the worn-out womanly frame.

Cardui is a vegetable medicine. It contains no minerals, no iron, no potassium, no lime, no glycerin, no dangerous, or habit-forming drugs of any kind.

It is perfectly harmless and safe, for young and old to use.

Take CARDUI

The Woman's Tonic

"After my doctor had done all he said he could for me," writes Mrs. Wm. Hilliard, of Mountainburg, Ark., "I took Cardui, on the advice of a friend, and it helped me so much. "Before taking Cardui, I had suffered from female troubles for five years, but since taking it, I am in good health. "I think there is some of the best advice in your book that I ever saw." Your druggist sells Cardui. Try it.

HOW TO CURE PORK.

The following article is taken from the Louisiana Bulletin No. 124, which can be had upon application to Director W. R. Dodson, Commissioner of Agriculture at Baton Rouge, La.:

"Col. Charles Schuler, State Immigration, has, for five years, employed the following methods of curing pork on his farm with such success that we take the liberty of reproducing them here:

"When the hogs are fat, select any time during the month of December, January or the first half of February when weather is clear, wind from north to northwest, with the thermometer registering below 35 at sunrise. Have your water hot and scald as soon as hog is dead. Hang up and disembowel the animal just as soon as it is cleaned. No butchering animal should ever be allowed to cool off until after it is disemboweled. Cut up the carcass as soon as it is through dripping. Saw or split the backbone. Let it and the spare rib remain on the side, and make them as long as you can. Hams and shoulders small. Hams to sell readily should weigh from fifteen to eighteen pounds. Jowl will mix very nicely with from fifteen to eighteen pounds, trimmings and shoulder in making sausage, either for house use or the market. Feet, when cleaned properly, and put, raw, in strong brine, will keep all right for several months. Spread the joints and sides in your smokehouse, applying a small quantity of salt to each piece. Let it lay until next morning to cool, then pack away, using plenty of clean salt.

To Sugar Cure Hams.

"To half bushel of fine salt add half pound pulverized saltpeter, one pound finely ground black pepper, four pounds brown sugar; mix thoroughly. Rub hams with mixture. Pack in box, skin side down. Apply double handful of mixture to flesh part of each ham. Then apply plenty of clean salt, never permitting the meat to touch without salt being between. Cover all parts and fill every crevice, and let them remain in salt six weeks.

How to Smoke Hams.

"After being in salt six weeks, select a clear day, string each ham, and dip in a boiling solution of one pound borax dissolved in fifteen gallons of water and hang up high in a smokehouse (the higher the better) and smoke, using green hickory wood. Smoke daily for two weeks or more, as preferred. By April 1, at latest, hams should again be dipped in boiling water, to cleanse from all impurities, wrapped in paper, then cloth, and this painted with some cheap mineral paint. Hang up again and leave until used or sold.

To Make Good Sausage.

"Grind your meat as fine as possible; don't have it too lean. Season with salt, ground black pepper, a good supply of pulverized soda crackers, not too much sage, and some red pepper tea. Well mix and stuff in sausage cases. Cases can be secured from packing houses."

If troubled with indigestion, constipation, no appetite or feel bilious, give Chamberlain's Stomach and Liver Tablets a trial and you will be pleased with the result. These tablets invigorate the stomach and liver and strengthen the digestion. Sold by all dealers.

ANOTHER SPECIAL TRAIN OF FARMERS TO SEE LOUISIANA LAND.

A special train with 137 thrifty farmers from Illinois, Iowa and Nebraska aboard will reach New Orleans at 1 o'clock, according to latest information from the passenger department of the Illinois Central. The farmers are coming to seek homes in Louisiana, and are the guests of G. H. Payne, president of the Payne Investment Company, of Omaha. The party is coming direct from Chicago. They will be entertained in New Orleans Wednesday afternoon and night and on Thursday morning will be headed for Adeline and Baywood plantations in St. Mary Parish.

The farmers will be offered the remaining few acres of farm land on Adeline plantation, which was recently acquired by the Payne interests to carry out a great colonization scheme started here about eight months ago. The company has already disposed of almost $1,000,000 worth of land in St. Mary, and hundreds of families are coming to develop the section. The land is on the Southern Pacific Road, between Franklin and Jeanerette, two of the most thriving little towns in the state. It is a short distance from New Orleans, with ideal railroad facilities, and is considered by experts to be one of the finest truck and cane sections in the entire South.

President Payne, of the company, recently closed the deal by which he assumes control of the magnificent Belle Helene plantation, in Ascension Parish. He has just completed a survey of the property, which will soon be sold to farmers from the Northwest. He will join the homeseekers at Vicksburg and come with them into New Orleans.

The homeseekers will be entertained in great style while in New Orleans. They will be taken over the city in automobiles and shown the magnificent facilities here. In the afternoon they will be taken for a boat ride on the river and will get a first glimpse of the harbor of New Orleans, the greatest in the world. At 6 o'clock they will be dined in a private dining hall at Reno's restaurant, in Gravier street.

The company expects to sell the remaining few acres on Adeline place and will then direct attention to Belle Helene.

Falls Victim To Thieves.

S. W. Bends, of Coal City, Ala., has a justifiable grievance. Two thieves stole his health for twelve years. They were a liver and kidney trouble. Then Dr. King's New Life Pills throttled them. He's well now. Unrivaled for Constipation, Malaria, Headache, Dyspepsia. 25c at all druggists.

The stated purpose of the national child labor committee is to regulate rather than stop child labor entirely, and to have compulsory education laws enacted in all the states in the Union which have no such regulations at present.

A few minutes delay in treating some cases of croup, even the length of time it takes to go for a doctor often proves dangerous. The safest way is to keep Chamberlain's Cough Remedy in the house, and at the first indication of croup give the child a dose. Pleasant to take and always cures. Sold by all dealers.

The Fountain Head of Life Is The Stomach

A man who has a weak and impaired stomach and who does not properly digest his food will soon find that his blood has become weak and impoverished, and that his whole body is improperly and insufficiently nourished.

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY makes the stomach strong, promotes the flow of digestive juices, restores the lost appetite, makes assimilation perfect, invigorates the liver and purifies and enriches the blood. It is the great blood-maker, flesh-builder and restorative nerve tonic. It makes men strong in body, active in mind and cool in judgement.

This "Discovery" is a pure, glyceric extract of American medical roots absolutely free from alcohol and all injurious, habit-forming drugs. All its ingredients are printed on its wrappers. It has no relationship with secret nostrums. Its every ingredient is endorsed by the leaders in all the schools of medicine. Don't accept a secret nostrum as a substitute for this time-proven remedy of known composition. Ask your neighbors. They must know of many cures made by it during past 40 years, right in your own neighborhood. World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

WHERE IS NOW THE MERRY PARTY?

At the last session of the legislature a Fire Rating board was created to consist of three members whose salaries were not to exceed $3,000 per annum, together with the State fire marshalj and an attorney to be selected by themselves. This board was to meet in session at Baton Rouge early in January, but if Tribune's memory is correct, Col. Sol. Bloodsworth, of the Fire Prevention bureau, objected to Baton Rouge, and ordered the board to New Orleans, since then nothing has been heard of the merry party under Sullivan's protection. The people of Louisiana should get some relief from extortionate fire insurance rates under the workings of this board if projected measures are carried out, but more publicity should be given to their hearings and the public invited to file their complaints. Sullivan is a wise man, and handles the company affairs nicely, but the public should be partially consulted by the board they are paying for—in addition to constantly increasing insurance rates. This Act creating this board provides that Boards of Trade, Police Juries, Municipalities, etc., may apply to the Board to fix the insurance rates, that agents must exhibit rates and keep them to open public inspection. It also provides the procedure necessary to effect a change in rates and makes it mandatory to cause insurance companies to grant reasonable rates which many of them do not now do. Penalties are fixed. If the fire rating board does its duty by the people of the state there should be some lowering of insurance rates in many municipalities and the authorities of the various towns and parishes of the state should apply to the board for hearings as soon as their meeting place with Sullivan can be located.—Rayne Tribune.

FINDING A MALARIA CURE.

A Statement of Progress from many Prominent Physicians.

New York—One by one science singles out various diseases and frequently succeeds in stamping them out entirely. Thus Small pox has been reduced to a minimum by Vaccine. Diptheria has succumbed to Anti-toxin and now Malaria, which is commonly known as Chills and Fever—and by a score of other names such as Marsh fever—swamp fever etc. is doomed.

The new remedy is called PAM-ALA. It contains no quinine, arsenic or any other harmful drug.

Its discovery and development is an interesting episode.

Free samples of PAM-ALA and booklets concerning it may now be obtained from

RAKING RUFFIANS.

Our esteemed contemporary, the Memphis Commercial Appeal, bemoans the fact that there is no law in Tennessee to punish runaway husbands, and it grows righteously indignant and is ashamed in consequence. You're right, neighbor. That's enough to make the sterling manhood of your great state blush for shame, but pull yourself together and make a law that will reach wife deserters and wife beaters, for we confess a hatred for both brands of beat. A man married to a woman promises to love, honor and protect her until death do them part, assmues an obligation, and when he tries to "duck" he should be treated like the whelp that he is. That is one particular brand of blackguard we can't stomach at all—the fellow who deserts his spouse and the fellow who beats her, and when we think of the glory of mother and the halo which should surround her, we intuitively take our hat in our hand and bend the pregnant knee, not that thrift may follow fawning, but in respect to the great God's grandest creation. Men of Tennessee, get busy and get a law to punish your scoundrels, but until you get it, send your wife beaters and deserters to Louisiana, where, thank God, we have a law to lay hands hard on these misfits of mankind.—Ex.

Life Saved At Death's Door.

"I never felt so near my grave" writes W. R. Patterson, of Wellington, Tex., as when a frightful cough and lung trouble pulled me down to 100 pounds, in spite of doctor's treatment for two years. My father, mother and two sisters died of consumption, and that I am alive today is due solely to Dr. King's New Discovery, which completely cured me. Now I weigh 187 pounds and have been well and strong for years." THE TIRED BRAIN.

We hear often the expression "my brain is tired," and we have never stopped to think that this is an impossible condition. The construction of the brain disproves any such idea, and this fact is admitted by all scientists. We have been told that the brain contains six hundred million cells, and all of these are subdivided into thousands of mole cules. Each molecule contains many millions of atoms. Such a splendidly constructed piece of human machinery is capable of undergoing more work than falls to the lot of man.

We find an explanation in what we consider a tired brain in the condition of the human stomach. The food that we eat, the quantity and the quality that we consume has all to do with the condition of the brain. We have never a tired brain but an overplenished stomach which affects all other organs and the brain included. He well understood what he said when the thinker and observer declared that "we dig our graves with our teeth."

No one need worry about a tired brain. Attend to the stomach and the brain will attend to itself. Less food, better food and more properly taken is the great need of the human family. An uncontrollable appetite is the foe to good health and it will accomplish its michief if not held in check. Therefore do not mind your brain but keep close watch upon the stomach and keep the palate within proper bounds. Never forget the saying that "we dig our graves with our teeth" and all will be right.—Avoyelles Enterprise.

Do you know that croup can be prevented? Give Chamberlain's Cough Remedy as soon as the child becomes hoarse or even after the croupy cough appears and it will prevent the attack. It is also a certain cure for croup and has never been known to fail. Sold by all dealers.
