Croup Quickly Cured.

Mountain Glen, Ark.—Our children were suffering with croup when we received a bottle of Chamberlain's Cough Remedy. It afforded almost instant relief.—F. A. Thornton. This celebrated remedy is for sale by L. P. Kilbourne, druggist.

Another Smart Woman.

My husband is poor, but proud, and he does not want me to work, as I have nothing to do I got restless, and after reading in your paper Mrs. Russell's experience selling self-heating flatirons I concluded I would try it I wrote to J. F. Casey & Co., St. Louis, Mo., and they treated me so nicely that I felt very much encouraged As soon as I got my sample iron I started out, and sold 8 irons the first day clearing $12. I have not sold less than 8 any day since, and one day sold 17. I now have $225 clear money, and my husband does not know I have been working at all, but I am afraid he will be mad when I tell him. Have I done right or should I quit work and leave him to struggle alone.

AN ANXIOUS WIFE.

You are doing just right, your husband should be proud of you, go ahead and show the world what an energetic woman can do. That self heating iron must be a wonderful seller, as we hear of so many that are succeeding selling it.

An exasperatingly short shower, Wednesday morning.

Those who believe chronic diarrhoea to be incurable should read what Mr. P. E. Grisham, of Gaars Mills, La., has to say on the subject, viz.: "I have been a sufferer from chronic diarrhoea ever since the war and have tried all kinds of medicine for it. At last I found a medicine that effected a cure and that was Chamberlain's Colic, Cholera and Diarrhoea Remedy." This medicine can always be depended upon for colic, cholera morbus, dysentery and diarrhoea. It is pleasant to take and never fails to effect a cure. 25 and 50 cent sizes for sale by L. P. Kilbourne, druggist.

The following persons have been appointed jury commissioners by Judge Golsan: H M Williams, C L Taylor, H Lofton, R S Connell, L M Martin.

Money! Make It Yourself.

I never saw anything in the paper about the People's Wind Mill; we call it the "People's" because the inventor never patented it, but let every body use it free. Any farmer can make a mill himself, and all the material complete will not cost over $10. It is a splendid mill, will pump the deepest wells, and will last longer than any mill I ever had. Any person can get diagrams and complete directions free, as I did, by sending 18 two-cent stamps to pay postage, etc., to E. D. Wilson & Co., Allegheny, Pa. Wilson & Co. sell pumps, and when you get your wind mill going will be glad to sell you a pump if you need it. It is certainly useless to pay $50 or $60 for a wind mill, when you can make one just as good for $10. I think there could be big money made putting these mills up through the country as every body would like them.

Grand Jury.

The following were impanelled as a grand jury: P S Johnson, foreman, Lewis Spillman, E B Fort, Frank Bourgeois, B F White, Hugh Connell, Tom Town, Sidney Black, F D Haralson, J N H Austin, Chas Tadlock, A B Briant, J F Roberts, Theo Neal, Chas Weydert and R Mattingly.

A few weeks ago the editor was taken with a very severe cold that caused him to be in a most miserable condition. It was undoubtedly a bad case of la grippe and recognizing it as dangerous he took immediate steps to bring about a speedy cure. From this advertisement of Chamberlain's Cough Remedy and the many good recommendations included therein we concluded to make a first trial of the medicine. To say it was satisfactory in its results, is putting it very mildly, indeed. It acted like magic and the result was a speedy and permanent cure. We have no hesitance in recommending this excellent Cough Remedy to any one afflicted with a cough or cold in any form.—*The Banner of Liberty*, Liberty town, Maryland. The 25 and 50 cent sizes for sale by L. P. Kilbourne, druggist.

The man, J. G. Jones, who went through here, selling crayon portraits on future delivery, claiming to be the agent of the Crescent City Portrait Co., seems to be a fraud, as that firm denies having such an agent. Those who paid him 50 cts on account are probably out just that much, but the experience should be worth much more.

Memory is a little treacherous now and then, and causes one to forget some things worth remembering, unless one has an experience like that which came to Mr. D. E. East. That Wonderful Churn.

I want to add my testimony to the list of those that have used the Lightning Churn. It does all that is claimed for it, you can churn easily in one minute, and get a large precentage more butter than with the common churns. I never took the agency for anything before but so many of my neighbors wanted churns, that I ordered 30 and they are all gone. I think in a year every farmer will have a Lightning Churn in fact they can't afford to be without one as they make so much more butter, and a good little bit of money can be made in every township selling these churns. By writing to J. F. Casey & Co. St. Louis, Mo., you can get circulars and full particulars about the churn.

The presidential electors, determined upon by the Democrats and Populists, and pledged to Bryan and free silver are at the head of our columns to-day.

Mr. Bernard Teutsch is contemplating the erection of a two story building between the residence of T. T. Lawson and S. Blum. As negotiations are still in progress nothing positive can be stated.

A card on the outside of office door says: "Gone to lunch. Be back in ten minutes." And, the man will be there on time. That is, for some days, weeks or even months, he will. Then he will be at home occasionally for a day. He'll tell you he had a headache—a turn of cholera morbus, or maybe he'll say he had a lump in his stomach and felt too miserable to move. The lump was probably two or three ten minute lunches condensed.

The man who "bolts" his lunches will find Dr. Pierce's Pleasant Pellets the best friend he ever met.

There is no case of biliousness, constipation, indigestion "heart-burn" or any of the rest of the nightmare breeding brood, that these little "Pellets" will not cure. They cure permanently.

One Straight for Bryan.

Some of "the boys" say that the True Democrat is not for silver. Be that as it may, it is Democratic, first last and all the time, and follows the party through thick and thin. And the only vote it has will go in the box for Bryan, which is more than some of its critics can do for either Bryan or free silver. *And votes are what count.*

Gray Hair Made Dark.

I saw in your paper a statement that Zulu Vulier would restore any head of hair to natural color in three weeks. As I was very gray I sent for a sample package, and in less than three weeks my hair was restored to natural color. My wife's hair was a light red, and by using Zulu Vulier, her hair is now a beautiful auburn, Anyone can get a sample package of Zulu Vulier by sending 24 two-cent stamps to Wilson & Co., New Concord, Ohio, and if it does not restore to natural color in three weeks they will return your stamps; it will not only restore the hair to natural color, but will stop the hair falling out immediately and is one of the best hair tonics made, and you take no risk, and if it does not satisfy you perfectly they will return your stamps.

As a concession to the large amount of business the Bayon Sara Compress furnishes the Y & M V road, the management is having a new switch put in to connect more closely with the Compress building. The location of the existing switch necessitates hauling from the yards to the railroad, entailing extra extra expense upon the owners of cotton. By the new arrangement, the cotton will be put on at the Compress, a saving of labor, time, trouble and expense. The other switch will remain as it is.

First Dance of the Season.

A delightful dance was participated in by the young people Tuesday night, at Pythian Hall. Although hastily gotten up, the bright idea having popped into some one's head only that day, it was no less enjoyable, such being the case very often when the event has not been contrasted with the anticipation to the disadvantage of the event. Dancing was continued until about half-past eleven o'clock. The music, the weather, the moonlight all assisting to make the evening pleasant.
