WHY **YOU** Should Attend

SPENCER BUSINESS COLLEGE.

Because men now travel on wings, talk by lightning, annihilate both time and space, by means of the telephone, require 100 per cent efficiency in their employes.

Because a thorough business education, with shorthand and typewriting gives the greates guarantee of success. You must make a LIVING whether you want to or not. The right kind of a business education gives the surest way of acquiring the former, and the easiest way to make the latter.

Because its faculty greets its audience each morning with interest so vital, purposes so useful, originality so varied, work so new, fresh and bountiful, that each day's work is a performance possible only to such co-operative forces.

Because the methods employed in both the COMMERCIAL and SHORTHAND departments are simple, easy, fascinating, and the time required to master them is about one-half the time it takes to half-way master the old systems.

Because we conduct a Free Employment department we have an experienced man to devote his time to that work alone.
