With all the rain there's no such thing as *mud*. The rain fall was so heavy that the ground was solidly packed.

Catholic Services.

Mass will be celebrated in the Church of St. Mary of Mount Carmel tomorrow, at 10 o'clock, Rev. Father Peters officiating.

Bayou Sara Lumber Co. saved all its timber, and although a very latge amount was carried out of the Bayou into the river it was all caught and secured.

MR. CLARK, to the public:—I wish to say to my friends and the public, that I regard Chamberlain's Colic, Cholera and Diarrhoea Remedy as the best preparation in use for Colic and Diarrhoea. It is the finest selling medicine I ever handled, because it always gives satisfaction. O. H. CLARK, Orangeville Texas. For sale by L. P. Kilbourne & Co.

To-morrow will be Eighth Sunday after Pentecost. Gospel, St. Luke, Chap. XVI. verses 1 to 9: Parable of the Unjust Steward. Thursday, July 16, Our Lady of Mount Carmel.

It will cost you nothing and will surely do you good, if you have a Cough, Cold, or any trouble with Throat, Chest or Lungs. Dr. King's New Discovery for Consumption, Coughs and Colds is guaranteed to give relief, or money will be paid back. Sufferers from La Grippe found it just the thing and under its use had a speedy and perfect recovery. Try a sample bottle at our expense and learn for yourself just how good a thing it is. Trial bottles free at L. P. Kilbourne & Co's. Drug Store Large size 50c. and $1.

Remarkable Weather.

We got entirely outside the cyclonic influence apparently on Thursday, the wind getting to the northwest and the temperature declining. Yerterday opened bright and beautiful, and is memorable as being among the coolest July mornings ever known in Louisiana. At daylight the thermometer marked 65 degrees. The clear sky, dry and cool atmosphere are in marked contrast with the weather of the first four days of the week.

Purely Personal.

Messrs Eugene Chisholm and Charles Bonney, of Woodville, attended the excursion.

Dr. James Rigney and family arrived Tuesday by steamer City of New Orleans, from St. Louis.

Mis Eva Goslinski, of Woodville, spent several days in Bayou Sara this week visiting the Misses Levy.

Mr. Francis X. Austen, of the Pacific Express, Bayou Sara, would have been glad to be of the excursionists but he was'n't.

Misses Sallie and Nonie Briant who have been visiting relatives and friends at Woodville and Laurel Hill for several weeks, returned home Friday of last week.

Among the gentlemen who went on the excursion to New Orleans last Sunday were Messrs John P. Austen, Louis Harris, Willie Lawson, John Paine, Henry Vandershee, Sam Stern, Joseph Vacaro, George Schatzler and Mr. Bloom. Though the weather was exceedingly damp the ardor of the excursionists did not partake of a like nature, and the boys protest that they had a gallus time.

THE POLICE JURY was prevented having its July session on Monday last by the severity of the storm and the phenominally high stages of the water courses throughout the parish. As the jury was to sit as a Board of Review of Assessments, it was believed that it would be summoned to meet, at latest, on an early day of next week, but so far no intimation of such intention on the part of the president of that body has been communicated to us for publication. Public and private interests demand that the meeting be not deferred to the next regular day, first Monday in August.

Since the above was put in type we have been authorized to notify members to meet at the Court House next Monday 13th instant.

The Quarterly Meeting.

Was opened promptly on Satday morning, in the Methodist Church as previously announced in these columns, Presiding Elder McDonald and Rev. Thos. W Brown both being present. But what promised to be a very successful and engrossing religious reunion was thwarted by the condition of the weather after the first day's meeting.

There were no services attempted on Sunday on account of the rain, and this condition still continuing on Monday, the protracted meeting was entirely though reluctantly abandoned for the time being. Rev. Mr. Featherstun, of Woodville, came down on Monday, but after consulting with his Rev. confreres here, concluded not to remain and so continued on to Clinton.

When the empty coaches for the excursion were passing through St. Francisville Saturday night on their way to Woodville drawn by engine No. 6, and when near the property of Mr. B. Farrelly, a cow was struck, and the animal was bourne on the pilot of the engine until the crossing was reached when it was hurled to a spot in the middle of the street, opposite Mann & Levy's store, distant some twenty feet from the track. An examination showed that the right fore leg was broken short off below the knee and that internal injuries had been inflicted. The owner of the animal, Mr. J. U. Laboye took care of her for the time being, and she was subsequently killed by order of the section-master, Mr. Campbell.

Now is the time to provide yourself and family with a reliable remedy for bowel complaints. It is almost certain to be needed, and no family can afford to be without it. It costs but a trifle and may be the means of saving much suffering, if not life. There are many different remedies in use, but Chamberlain's Colic, Cholera and Diarrhoea Remedy is undoubtedly the best. 25 and 50 cent bottles for sale by L. P. Kilbourne & Co.

The Railroad Bridge.

Very much anxiety was manifested by those who were not fully posted as to the ssaunchness and durability of the L. N. O. & T. bridge across Thompson's creek, for the safety of that structure during Monday and Tuesday. But the special trains and regulars continued to arrive and depart from here, and passengers continued to rehearse their stories of the imminent peril of the bridge (as it appeared to them) but the maddened waters burst upon it, ponderous drift logs pounded upon its abutments, yet it swerved not an iota and stands to-day in scorn of the host of prophets who said: "Oh you can't make a bridge that will stand the wild assaults of Thompson's creek." And yet the iron bridge has withstood one of the greatest freshets ever known in that stream.

A Cyclone.

Baton Rouge was struck by a cyclone at 6:30 a.m., on Monday last, It came from the south-west and struck the river bank south of the Capital building among the brickyards, the sheds of which were instantaneously demolished. Passing on in a line due north-west it either demolished or badly injured all the intervening residences, stores and outbuildings until it finished its work of distruction at the state penitentiary, where the east wing, 150 feet long, 40 feet wide and three stories high was leveled with the ground, the lives of 10 of the inmates lost and 35 wounded.

THE KILLED ARE:

Gibson, New Orleans, all white; and Nathan Chaney, East Feliciana; Bauregard Harden, Bossier; and Ed. Buckner, Caddo; Henry Celstine, colored, New Orleans, making ten in all killed.

Terril, white, Oscar Phillips, Wm Perry, Henry Dorson, Borie Peterson, Robert Comeaux, Harrison Allen, J. W. McFarland, and Wm. Scott, colored; aggregating thirty-five in all. There were ninety-five prisoners confined within the wall, at the time of the disaster.

How is this for a Tomato?

A tomato weighing twenty-seven pounds is one of the products of Capt. Mossop's garden at Bayou Sara.—*Times-Democrat*, July 6, 1891.

How 'bout that Cary?

"When your heart is bad, and your head is bad, and you are bad clean through, what is needed?" asked a Sunday-school teacher of her class. "I know—Ayer's Sarsaparilla," answered a little girl, whose sick mother had recently been restored to health by that medicine.

Grace Church

We are authorized to state that Rev. E. D. Moreno will hold early communion service to-morrow at 7:30 o'clock. There will be the regular services at the usual hour, 11 o'clock.

A Stroke of Lightning.

During the rain and wind storm of Sunday, at about 2 p. m., the electric fluid played a strange freak at the store of Mr. Louis Deutsch, situated in this town at the junction of the Woodville and upper Jackson roads. During the progess of the violent shower then prevailing there was a vivid flash, and the thunder crash came at the same moment. Mr. Deutsch's door, which was closed as usual on Sunday, was thrown open, and an examination for the cause revealed the fact that a vertical stroke of lightning had struck the lock shattering it and opening the door.

No further damage was done to the building and no one was hurt.
