Accidentally Shot Himself.

Lon Brown, a 22 or 23-year-old son of 'Squire John H. Brown, of six miles southwest of Keytesville, accidentally shot himself in the calf of the leg with a revolver last Sunday night while returning home from Keytesville.

For some (to us) unknown reason the young man was carrying a "pop," and while on his way home, in changing the weapon from one pocket to another, it is supposed the hammer hung on the edge of the pocket into which it was changd and "the gun" was discharged, the ball taking effect in the calf of Brown's right leg.

Dr. B. Hughes, of Dalton, was called and cut out the ball, which inflicted only a flesh wound.

Young Brown will perhaps leave his artillery at home hereafter unless the Indians and wild animals get a good deal more numerous in this neck o'woods than they are now.

Reader,

This is for you if you owe Mrs. C. P. Vandiver.

This being the close of my fall and winter season I am desirous of closing up all out-standing accounts, and would be pleased to receive a settlement at an early date.

Soliciting a continuance of your favors, I am,

Yours Respectfully,
MRS. C. P. VANDIVER.

Dr. B. Hughes and Fred Sleyster had a rather wierd experience during the rain and windstorm last Sunday night. Mr. Sleyster had gone to Dalton to get Dr. Hughes to go out to see Mrs. Henry Laker, Mr. Sleyster's sister. While driving along the road near the residence of Wm. Bitter the buggy either ran off of the end of a culbert or was blown over, and the horses commenced to run. Both occupants of the vehicle were dumped out, and more or less bruised, especially Mr. Sleyster, who held onto the lines and was dragged some distance before the horses were stopped.

SINCE the arrest of Mrs. Joseph Bellah, the alleged check swindler, at Liberty, she has had to be detained in a room in the court-house, the jail of Clay county being wholly unfit for a female prisoner. That county is greatly in need of a new jail, the present one being more like a damp dungeon, and is reported to be indecent and unhealthy. The case against Mrs. Bellah seems very strong, new developments coming to light every day.

THE Chicago public building bill, providing for a $4,000,000 government building for the windy city, was passed Monday. The present government building in that city, was a "job" when it was built, less than twenty years ago, and has been condemned several years. It is to be hoped that this appropriation will be more judeciously expended.

Up to the time of going to press 'Squire H. A. Wheeler has married four couples this year. When there is marrying to be done it is "a cold day," indeed, when 'Squire Wheeler fails to get the lion's share in that line.

Like Morning Dew

Hood's Sarsaparilla Freshens, Strengthens, Cures

Heart Palpitation—Distress in the Stomach—That Tired Feeling.

"I am glad to state that Hood's Sarsaparilla has done me lots of good. I was subject to cramps in the stomach, liver complaint, indigestion, palpitation of the heart, and that tired feeling. Two years ago I gave Hood's Sarsaparilla a trial. I have not been without a supply of it from that time. It relieved me wonderfully, and now when I feel the least uneasiness I resort to Hood's Sarsaparilla, and it always gives me immediate relief. I could not do without it, and several of my neighbors have used it upon my recommendation and found it

An Excellent Medicine,

Doing them good after all other medicines failed. I am also highly pleased with the effects of Hood's Pills. As morning dew refreshes withered grass, so Hood's Sarsaparilla and Pills refresh the human body of ills and pains." HARRIET M. STOVER, Versailles, Missouri.

For Shame.

Complaint has reached us of the misbehavior of several youths during services at the protracted meeting, now in progress at the Baptist church.

Such conduct is reprehensible in the extreme, and can not be too strongly condemned or too severely punished.

It is worse than heathenish, for Keytesville boys have been raised better, and well know the seriousness of such an offense against public decency.

If it can not be done otherwise, let the strong arm of the law be invoked to put down such disgraceful and outrageous conduct.

W. W. Riley, of Salisbury, refuses to be comforted over the death of his terrier, Fred, who was Mr. Riley's constant companion. "Freddie's" death was caused by being pawed by a hard-hearted mule. We condole with Mr. Riley in his loss of so faithful a friend as "Freddie."

Jacob Myer, one of Salisbury's largest merchants, sends us word that "the two-headed calf" is ceasing to be an attraction as Salisbury people are now disposed to make room for attorneys, litigants witnesses, etc., at the Salisbury circuit court. We are glad to hear it, Mr. Meyer, and hope your citizens will continue to exercise better judgment and be more considerate, in the matter alluded to, in the future than they have been in the past.

Maddox Has Gone.

Jasper Maddox, of Missouri township, who shot at C. D. Turnsa, of Rockford, several weeks ago, and who was under bond for his appearance before the grand jury at the January term of circuit court, failed to show up, having sought a more congenial clime.

Ex-Sheriff O. B. Anderson was Maddox's principal bondsman.

We learn through a private letter that Maddox claims to have skipped on account of having had some trouble with his wife, and not because he feared the result of his trial for shooting at Turner.

Maddox married the widow of the late Wm. E. Colson, of Missouri township.

C. T. STIGLEMAN,

A Missouri Farmer—His Thrilling Experience while in Kansas City.

Having suffered for five years with a peculiar growth on my under lip I visited a Kansas City medical college for an examination. After a careful examination the professors pronounced it a malignant cancer involving the entire under lip and advised an early surgical operation as the only hope of a cure. Dreading the knife I sought others' opinions. Hearing that Mrs. Phillip Land (whose husband is president of the Sweet Springs Milling Co., Mo.) had been cured by the Balmy, Soothing Columbian Oils, I made her a personal visit. She so highly recommended the Oil Remedies to me that I came back and placed myself under the Oil treatment at once. I was sent home sound and well in just four weeks. I feel it a duty I owe suffering humanity to state these facts, as I cannot too highly recommend Dr. Castle & Co., proprietors of the Balmy Columbian Oil Remedies, S. E. Cor. 9th & Wyandotte Sts., Kansas City, Mo., to all afflicted with cancer. Their cures are certainly the marvel of the age and all they claim for them. I thank God I so narrowly escaped the cruel KNIFE and burning PLASTER. Will gladly answer any and all sufferers who write me regarding these wonderful remedies if they will enclose a stamp for reply. Yours Respct.,

C. T. STIGLEMAN.
