The Bulletin.

Commercial.

THURSDAY, EVENING, April 21, 1870.

Our market has been moderately active during the present week, and the demand for flour, corn, oats and hay has been good at full previous quotations.

The order trade has exhibited some improvement, and is of itself sufficient to exhaust all our receipts of corn, oats and hay, and our supplies are kept low all the time. The high price of corn has brought heat into active demand, which now exceeds the supply at $18 00@22 00 per ton in bulk and sacked.

The rest of the articles on our list are quiet and unchanged.

The sale of tobacco by the Planters' Tobacco Warehouse company to-day was a decided success in every particular. Sixty two hogsheads were entered, and sold at the following prices:

20 hhds logs at.....$5 60@7 75
30 " shipping leaf at.....$9 00@12 50
12 " picked at.....$14 00@17 75

There was a full board of local buyers present, and a good attendance of planters. The sales were, as far as we could learn, entirely satisfactory.

Flour has been in improved demand, and the market has been quite firm, without any quotable changes. Sales to the trade were:

200 bbls spring superf	at	$	3 75
100 " " XX	at		4 00
100 " " X	at		4 15
500 " " XX	at	4 50@4 65	

and on orders:

124 " " XX	at	4 50@5 00	
40 " " XXX	at	5 25

100 sacks white, delivered at Belmont st.....81 00

Oats—have been steady and in good request, and market moderately well supplied, with sales of:

85 sacks mixed, from store at.....
2 cars and 50 sacks, " " at.....
3 " " " " at.....
150 sacks, seed Oats in lots at.....57 to 65

Hay—Has continued in good demand, though the market exhibited rather less firmness than at the date of our last report. The sales were:

5 cars mixed, delivered.....at $19 00
4 " prime " .....at 20 00
1 " choice, on track.....at 20 00

Corn Meal—50 bbls sifts dried, sold at $4 40, and 20 bbls at $4 20.

Bran—45 tons sold in bulk at 65c, and 250 sacks at $2 00, sacks included.

Provisions—are quiet and unchanged, with very little doing except on orders, which are limited.

Butter—is extremely dull and the market is overstocked. Holders are anxious to realize and would make concessions in order to effect sales. 12 pkgs choice sold at from 28 to 30c.

Eggs—have been in fair demand and with rather light receipts prices have been well sustained. Twenty-five pkgs sold at 17@18c—shippers count.

Poultry—has been quite active and in good demand. Four coops chickens sold at $5 per doz.

Apples—are scarce and choice are wanted, at full prices. Twelve bbls sold at $6 75@7 00.

Potatoes—are dull. One hundred bushels choice peach blows sold from store at 45c; 50 bushels prime ditto, at 40c, and 30 bbls some, at $1 80 per bbl. Twenty bbls Southern sweet potatoes sold at $5 per bbl.

DR. JOHN BULL'S

Great Remedies

FOR

DR. JOHN BULL

Manufacturer and vendor of the

CELEBRATED

Smith's Tonic

SYRUP

FOR THE

CURE OF AGUE AND FEVER

Chills and Fever

THE proprietor of this celebrated medicine modestly claims for it a superiority over all remedies ever offered to the public for the safe, sure, speedy and permanent cure of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southwestern country to bear him testimony to the truth of this assertion, that in no case whatever will it fail to cure, if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long standing cases. Usually, this medicine will not require any aid to keep the bowels in good order; should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of **Bull's Vegetable Family Pills** will be sufficient.

BULL'S

WORM DESTROYER

To My United States and World wide Readers:

I HAVE received many testimonials from professional and medical men, as my almanacs and various publications have shown, all of which are genuine. The following, from a highly educated and popular physician in Georgia, is certainly one of the most sensible communications I have ever received. Dr. Clement knows exactly what he speaks of, and his testimony deserves to be written in letters of gold. Hear what the Doctor says of **Bull's Worm Destroyer:**

Villanow, Walker County, Ga., June 29, 1866.

DR. JOHN BULL—Dear Sir: I have recently given your "Worm Destroyer" several trials, and find it wonderfully efficacious. It has not failed in a single instance to have the wished-for effect. I am doing a pretty large county practice, and have daily use for some article of the kind. I am free to confess that I know of no remedy recommended by the ablest authorities that is so certain and speedy in its effects. On the contrary, they are uncertain in the extreme. My object in writing you is to find out upon what terms I can get the medicine directly from you. If I can get it upon easy terms, I shall use a great deal of it. I am aware that the use of such articles is contrary to the teachings and practice of a great majority of the regular line, discarding a remedy which we know to be sufficient, simply because we may be ignorant of its combination. For my part, I shall make it a rule to use all and every means to relieve suffering humanity when I may be able to communicate and benefiting by using some more ingenious than my self have learned its effects first, and assigned the sole right to secure that knowledge. However, I am by no means an advocate or supporter of the thousand of worthless nostrums that flood the country, that purport to cure all manner of diseases to which flesh is heir. Please reply soon, and inform me of your best terms. I am, very respectfully,

JULIUS A. CLEMENT, M.D.

BULL'S

SARSAPARILLA

Read the Captain's Letter and the Letter from his Mother:

Benton Barracks, Mo., April 20, 1866.

DR. JOHN BULL—Dear Sir: Knowing the efficacy of your Sarsaparilla, and the healing and beneficial qualities it possesses, I send you the following statement of my case:

I was wounded about two years ago—was taken prisoner and confined for sixteen months. Being moved so often, my wounds have not healed yet. I have no rest upon account of my wounds. I am shot through the hips. My general health is impaired, and I need something to assist nature. I have more faith in your Sarsaparilla than in anything else. I can't afford to continue. Please explore me a half dozen bottles, and oblige

CAPT. C. P. JOHNSON,
St. Louis, Mo.

P. S.—The following are written to Mrs. Jennie Johnson, mother of Capt. Johnson:

DR. JOHN BULL—Dear Sir: My husband, Lt. C. P. Johnson, was a skillful surgeon and physician in Colonel Nix's regiment, where he was wounded in the knee. C. P. Johnson is my son. A ball and splint of one lb. lodged in the knee. A surgeon wanted to cut for the ball, but I would not let him. IT CURED HIM. I have for five years intended to write to you in New York, Ohio and Iowa, but somehow, from some or other, I delayed. Perhaps I was too busy. The same chronic is now cured of several years' standing, and four years since cured a case of chronic diarrhœa of three years' standing, and four years since cured a case of chronic diarrhœa of three years' standing, and four years since cured a case of chronic diarrhœa of three
