MEDICAL.

TRUTH WILL PREVAIL.

"Tho' Satan Sits at the Door, Some Will Be Cured."

We are happy to place before the citizens of Cairo and its vicinity, Dr. Hulse, late of New Albany. He is permanently located in this city, for the purpose of practicing medicine in all its various branches, and is difficult and obstinate cases he will give his undivided attention, day or night. The Doctor has practiced medicine during a period of twenty years, during which time he has had a large share of practice wherever he has lived. He prepares and furnishes all the medicines at his office. He has been very successful in the treatment of all chronic diseases, having devoted the greater portion of the past eight years to a career of that character, and has scarcely ever turned one away uncured. After taking their cases in charge he charges nothing for consultations at his office. He will not flatter you that he can cure you, but you may rely on. Old cases of twenty years' standing are cured by him. All old sores, it matters not what their condition—scrofulous ulcers in all forms, cured in a short time. Fistula and cancers cured without the use of the knife. Tape-worms expelled by the use of a newly discovered medicine, without fail. All forms of erysipelas and diseases of the skin cured in the shortest time.

I also keep on hand the Indian Oil, discovered by me while in the Cherokee nation in 1854. For sale at my office, or sent by express to any part of the country.

The Oil relieves colics and cramps in five minutes. Headache in three minutes; earache in ten minutes, neuralgia in five minutes; rheumatism in one hour; it is a children and adults in a short time. All other aches or pains, not named here, are cured by the Oil in the shortest time. Every bottle is labelled with full directions for using it. If it fails to do what is claimed for it, come back and get your money. Price 50 cents and $1 to per bottle.

Office, corner of Eighth street and Ohio Levee, up stairs.

I am graduate of the Homœopathic School of Cleveland, Ohio—having graduated in the year 1851. I also graduated in the Eclectic school of Cincinnati, in the year 1853.

PEDESTRIANISM.

WALKING AGAINST TIME.

Bloomington is afflicted with a professional walkist. The *Pantagraph* says:

"On Saturday, at half past 1 o'clock, Professor Gamble commenced his walk against time, to walk 50 miles in 10 hours. From the first few miles he made his mile in from 8 and one-half to 8 and one-fourth minutes, after reaching his 15th mile his time varied from 9 to 15, but as he was ahead of time he probably did not choose to exert himself to the utmost. Several of the speedy citizens who were there occasionally, would strike in behind him and try him for a mile or less. Their frantic efforts to keep up made a good deal of fun. At the 26th mile he walked away from his liveliest competitor, making that mile in 9 minutes. His 48 mile was made in 9:30.

"He completed his task at 11:21, having 9 minutes to spare, making the entire distance in 9 hours and 51 minutes.

"Occasionly on special effort he would develope speed that was perfectly wonderful, keeping it up for several minutes.

"At the close he announced himself as feeling firstrate, fresh and hearty. Sixty-one minutes of the time was occupied in resting and taking his lunch, leaving his actual walking time, 8 hours and 50 minutes.

THE TRICHINA SPIRALIS OR PORK WORM

Perhaps it is not generally known that the much talked of *trichina spiralis*, or pork worm, was first discovered in America by Dr. R. C. Kendall, of Philadelphia Pa., with that American instrument known as the Craig Microscope, costing only $2.75, after repeated failures to discover the worm with an imported microscope, costing $55, "of feebler power and less reliable." This fact Dr. Kendall stands ready to prove at any time. The Craig Microscope in neat box with full direction is mailed anywhere for $2.75, by E. H Rose, 313 Locust St., St. Louis, Mo.
