FRIDAY.

THE WAR.

Storming of Weisenburg-

French Driven off the Field.

PRUSSIANS OCCUPY THE FRENCH CAMP.

Five Hundred Prisoners.

GREAT BATTLE TO BE FOUGHT NEAR MAYENCE.

SOUTH GERMANY.

NEW YORK, Aug. 4.—A cable special to the *Herald*, dated Calruhe, Aug. 4, 6:30 p. m., says there was hard fighting at Weissenburg yesterday. To-day a large force of Prussians advanced between Weissenberg and Lauterberg, ten miles into French territory, driving advanced posts of the enemy and destroying miles of railroad between Lauterburg and Strasburg, along which it is supposed MacMahon was preparing to advance. The French loss was heavy, including many prisoners.

The latest Prussian victory at Weissenburg was decisive. The troops engaged were the regiments of the 5th and 11th Prussian army corps, and 2nd army corps of Bavaria led by the Crown Prince in person.

The French troops consisted of Douay's divisions of McMahon's corps. Weisarburg and Geisbuhll, in the rear of that town were carried by storm at point of bayonet, after obstinate resistance.

The general who commanded the French in the absence of Douay was killed, with two officers of his staff.

A French encampment, one piece of artillery, five hundred wounded prisoners, including many Turcos, fell into the hands of the Prussians.

On the German side General Kiehlback was wounded. The grenadier guards and 58th regiment suffered severely.

The troops of the fifth and eleventh Prussian corps, reinforced by the second Bavarian corps, engaged Douay's division McMahon's corps. The French were driven off the field and the Prussians now occupy the French camp. Several hundred French soldiers were taken prisoners. The Prussian loss is considerable.

No movement has commenced from the army of the lower Rhine.

Affairs at Saarbruck are regarded at time contemplated holding that town in force.

One proof is that long trains of provision wagons stretch from here to Treves, and ambulance trains with them are in much too great force for a mere affair of outposts.

Moreover the large square here and Clemens platz is crowded with peasants wagons loaded with bread and bisuit, all moving west.

Commercial.

THURSDAY EVENING, August 4th 1870.

Dullness has reigned supreme in our market during the present week, and in making our regular rounds among our merchants to-day, to get our usual report, we found but few of them engaged otherwise than in social conversation with callers, and, for the present, not appearing to care a cent whether school kept or not. As they all know that business must be dull at this season, and that no amount of energy can infuse any life in business circles, they take it as philosophically as possible, and keep as cool as the weather will permit.

Under these circumstances our report is a very meagre one, except as to flour, in which there was a light business done, principally in filling orders. The flour sales for the month of July amounted to 15,130 bbls. Number of bbls previously reported 150,883. Total from Jan. 1st to August 1st 166,013 bbls. At an average price of six dollars per bbl, which we do not think too much to estimate it, this would give one million dollars as the amount of flour sales in Cairo for seven months. When we consider that it is scarcely three years since any effort was made to make Cairo a flour market, we think the extent of the business is quite remarkable, and should serve as an incentive to our merchants to make renewed efforts to further extend the trade, and to make Cairo, what she ought to be, one of the largest flour markets in the West.

Tobacco—The regular weekly sale was held at the Planters' Warehouse to-day, and the offerings, which were unusually light, were all sold at satisfactory prices. They comprised:

10 hhds	at	$4 10@6 30
2 "	at	10 00
1 "	at	9 25

Flour—With scarce any receipts and reduced stocks, our market has been steady though dull, for the past three days. The sales reported comprised:

70 bbls	low superfine	$4 50
130 "	Superfine	4 75
270 "	X	5 25
100 "	XX	5 75
191 "	XXX	6 50
300 "	White Wheat family	7 50
68 "	Fancy	8 00@8 50

Wheat—Is unchanged and no sales reported. All the receipts are upon miller orders.

Corn—Receipts have slightly improved, for which there is only a light order and local demand. 1 car choice white on track, and 2 do. delivered, sold at $1 09 per bush in new gunnies. 50 sks. choice white sold from store on order at $1 05.

Oats—Are dull. Nothing transpired and no sales reported. We quote the market nominal at 40 and 41c. for new in burlaps.

Hay—is dull, and neglected and at the absence of sales we omit quotations.

Corn Meal—is inactive, and in very light order demand, with a sale of 25 bbls city steam dried @ $4 60 per bbl.

Bran—is dull and nominal at $20 00 per ton, sacks included.

Provisions—are unchanged and dull at quotations.

Butter—is in moderate demand for choice grades only, with sales of 10 pkgs fresh yellow at from 25c to 28c@30c, the latter seldom obtainable. 6 pkgs inferior and ordinary sold at 10c@15c.

Eggs—are plenty, and the market is dull. 15 pkgs fresh receipts sold at 10c @12½c, shippers' count, and recounted.

Poultry—is in moderate demand and the market fairly supplied, with sales reported of 8 coops small to extra large. Spring chickens at $2 50@3 50 per doz.

Fruit and Vegetables—of all kinds are plenty, and selling at about the same rates previously quoted.

Salt—is now selling in wholesale lots to the trade at $2 25 per bbl—a decline of 25 cents.

Groceries—are inactive and prices unchanged, with moderate order sales at quotations.

Freights—are in good demand, with fair offerings for the South, and boats can fill out here to their full capacity. Rates are unchanged. The weather, today, has been breezy and delightful—one of the pleasantest days of the season. The river is slowly rising in the Ohio, but declining in the Mississippi, with a fine boating stage of water for light boats above. Considerable reshipping is now done at this port, which the admirable facilities of our wharfboat proprietors enables them to transact promptly and at very low rates.

My mode of treating horses is guaranteed to increase the speed of any horse, good or poor. Ordinary farm horses have had their speed increased so as to sell for five hundred dollars. Another bought an ordinary saddle horse for $80 and in one week and low for $500. I will send my method to any address on receipt of One Dollar.

NEW DISCOVERY!!
PHALON'S
"VITALIA;"
OR,
Salvation for the Hair.
For Restoring to Gray Hair its Original Color.
PHALON'S "VITALIA" differs utterly from all the "dyes," "colorers," and "restorers" (?) in use. It acts on a totally different principle. It is limpid, fragrant, and perfectly innocuous, precipitates no muddy or flaculent matter, requires no shaking up, and communicates no stain to the skin or the linen. No *paper curtain* is necessary to conceal its turbid appearance, for the simple reason that *it is not turbid*. It is, to all intents and purposes, A NEW DISCOVERY in Toilet Chemistry.
☞ Phalon's "VITALIA" is warranted to effect a change in the color of the hair, the directions being carefully observed.
IT IS AS CLEAR AS WATER!
AND HAS NO SEDIMENT.
Price, One Dollar per Box,
CONTAINING TWO BOTTLES.
SOLD BY ALL DRUGGISTS.
