HOOFLAND'S

REMINDER.

To Debilitated Persons! Dyspeptics! To Sufferers from Liver Complaint! To those having no Appetite! To those with Broken Down Constitutions! Nervous People! To Children Wasting Away! To any with Debilitated Digestive Organs!

Suffering with any of the Following Symptoms,

Such as Constipation, Inward Piles, Fulness or Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fullness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the sight, Fever and Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, and a Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and Great Depression of Spirits.

HOOFLAND'S GERMAN BITTERS

Bitters without Alcohol or Spirits of any kind.

Different from all others. It is composed of Pure Juices, or Vital Principle of Roots, and Barks, or, as medicinally termed, Extracts, the worthless or inert portions of the plants not being used. Therefore, in one bottle of this Bitters there is contained as much medicinal virtue as will be found in several gallons of ordinary mixtures. The roots, etc., used in these Bitters are grown in Germany, their vital principles extracted in that country by a scientific chemist, and forwarded to the manufactory in this city, where they are compounded and bottled. Containing no spirituous ingredients, these Bitters are free from the objections urged against other bitters. No desire for stimulants can be created from their use; they cannot make drunkenness and cannot under any circumstances have even a beneficial effect.

HOOFLAND'S GERMAN TONIC

is compounded for those not inclined to use bitters, and is intended for use in cases where some alcoholic stimulant is required in connection with the Tonic properties of the Bitters. One bottle of the Tonic contains one bottle of the Bitters, combined with pure SANTA CRUZ RUM, and flavored in such a manner that the extreme bitterness of the Bitters is overcome, forming a preparation highly agreeable and pleasant to the palate, and containing the medicinal virtues of the Bitters. The price of the Tonic is $1.50 per bottle, which many persons think too high. They must take into consideration that the stimulant used is guaranteed to be pure quality. A poor article could be furnished at a cheaper price; but is it not better to pay a little more and have a good article? A medicinal preparation should contain none but the best ingredients; and they who expect to obtain a cheap compound, and be benefited by it, will most certainly be cheated.

HOOFLAND'S GERMAN BITTERS;

HOOFLAND'S GERMAN TONIC;

HOOFLAND'S PODOPHYLLIN PILL

WILL CURE YOU,

They are the Greatest Blood Purifiers Known

to the medical world, and will eradicate diseases arising from impure blood, Debility of the Digestive Organs, or Diseased Liver, in a shorter time than any other known remedies.

The Whole Supreme Court of Pennsylvania vouch for these remedies. Who would ask for a dignified and stronger testimony?

George W. Woodward, formerly Chief Justice of the Supreme Court of Pennsylvania, at present member of Congress from Pennsylvania, writes:

Philadelphia, March 16, 1867.

I find Hoofland's German Bitters a good tonic, and in diseases of the digestive organs, and of great benefit in cases of debility and want of nervous action in the system. Yours, truly,

GEORGE W. WOODWARD.

James Thompson, Chief Justice of the Supreme Court of Pennsylvania:

Philadelphia, April 28, 1867.

I consider Hoofland's German Bitters a valuable medicine in cases of attacks of indigestion or dyspepsia. I can certify this from my experience of it. Yours, with respect,

JAMES THOMPSON.

George Sharswood, Justice of the Supreme Court of Pennsylvania:

Philadelphia, June 1, 1866.

I have found by experience that Hoofland's German Bitters is a very good tonic, relieving dyspeptic symptoms almost directly.

GEORGE SHARSWOOD.

Wm. F. Rogers, Mayor of the City of Buffalo, N. Y.:

Mayor's office, Buffalo, June 22, 1866.

I have used Hoofland's German Bitters and Tonic in my family during the past year, and can commend them as an excellent tonic, imparting tone and vigor to the system. Their use has not been productive of decidedly beneficial effects.

WM. F. ROGERS.

James M. Wood, ex-Mayor of Williamsport, writes:

It is a great pleasure in recommending Hoofland's German Tonic to any one who may be afflicted with Dyspepsia. I had the Dyspepsia so badly that it was impossible to keep any food on my stomach, and I became so weak as not to be able to walk half a mile. Two bottles of Tonic effected a perfect cure. JAMES M. WOOD.

Remember that Hoofland's German Bitters, or Hoofland's German Tonic, will cure every case of

MARASMUS, OR WASTING AWAY OF THE BODY.

Remember that Hoofland's German Remedies are the medicines you require to purify the blood, excite the torpid Liver to healthy action, and to enable you to pass safely through any climate and exposure.

DR. HOOFLAND'S

PODOPHYLLIN,

OR Substitute for Mercury Pills.

TWO PILLS A DOSE. The most powerful, yet innocent, Vegetable Cathartic known.

It is not necessary to take a handful of these pills to produce the desired effect. Two of them act quickly and powerfully, cleansing the Liver, Stomach and Bowels, of all impurities. The principal ingredient is Podophyllin, or the Alcoholic Extract of Mandrake, which is by many degrees more powerful, acting and searching, than the Mandrake itself. Its peculiar action is upon the Liver, cleansing it speedily from all obstructions, with all the power of Mercury, yet free from all the injurious results attached to the use of that mineral.

For all diseases in which the use of a cathartic is indicated, these pills will give entire satisfaction in every case. They NEVER FAIL.

In cases of Liver Complaint, Dyspepsia, and Chronic Costiveness, Dr. Hoofland's German Bitters, or Tonic, should be used in connection with the Pills. The tone effect of the Bitters, or Tonic, builds up the system. The Bitters, or Tonic, purifies the blood, strengthens the nerves, regulates the Liver, and gives strength, energy and vigor.

Keep your Bowels active with the Pills, and tone up the system with Bitters, or Tonic, and disease can retain the hold, or even assail you. Recollect that it is Dr Hoofland's German Remedies that are so universally used and highly commended; and do not allow the druggist to induce you to take anything else that he may say is just as good, because he makes a larger profit on it. These remedies will be sent by Express to any locality upon application to the PRINCIPAL OFFICE, at the GERMAN MEDICINE STORE, 631 ARCH STREET, PHILADELPHIA.

VALLANDIGHAM.

SOME OF HIS LATEST UTTERANCES—HIS "THEORY"—HIS "MISSION"—THE "NEW DEPARTURE."

Dayton (June 17) Correspondence of the Cincinnati Gazette.

At this moment every incident that is in any way connected with the closing hours of the career of the late Clement Laird Vallandigham has intense interest for thousands. Shortly before Mr. Vallandigham left home for Lebanon to engage in the defense of Tom McGehan, indicted for the murder of Tom Meyers, at Hamilton, last Christmas Eve, the agent for a life insurance company here asked Mr. V. to permit him to write him up a policy for about ten thousand dollars on his life.

"It is quite unnecessary," replied Mr. Vallandigham, "I come of a long lived race. My father and father's father, and their progenitors, for a long period were long-lived; and I inherit their longevity. I feel that I will live to be an old man. My vital energies are as vigorous as ever, and I am to-day as hopeful as when I was 25 years old. No, doctor, there is no use for me to take out a policy of life insurance." The doctor suggested that, as Mr. V. was absent a good deal from home, and travelled extensively by railway, it would be a matter of precaution, in the way of provision for his family, to have his life insured for a considerable amount. Mr. V. replied: "You know, doctor, that I came of Calvinistic stock, and that I am pretty thoroughly indoctrinated with Calvinism. If I am to go *that* way, or any other way, why, then it is so ordained, and I will not insure against Providence. But I have no fears in that direction. Consider the chances I have run the past ten years. It is not probable that now, when I have got to fair sailing, dangers, plain or hidden, will multiply in my course. Besides, I feel that I have a great work to perform for the democratic party and the country, and I believe that God, in His providence, will preserve me to accomplish it. When I begin to distrust Providence, it is possible that I will resort to life insurance."

Saturday a week your correspondent met Mr. Vallandigham at Carlisle Station, where he had just arrived from Lebanon, to meet the train for Dayton. The conversation naturally turned on the trial of McGehan. Mr. Vallandigham rejected the theory sought to be established by some of his associate council, that Jack Gaver shot Meyers, and he was very earnest in asserting his belief that Meyers shot himself in the flurry of taking his pistol from his pocket. Mr. Vallandigham said that to one who was simply looking on, it did not appear reasonable that a man could shoot himself where Meyers certainly did; but the circumstances of the case must be taken into account. At the instant when Meyers attempted to draw his pistol in self-defence he was being hammered on the head by his assailants, and the natural, involuntary movement of his arms would be upward; and in the act of elevating it, he pulled the trigger. Nothing easier than that. "Now, see"—and Mr. Vallandigham drew his pistol (the fatal weapon of Friday night) and placing it in his pocket, said: "Now, this is the way it was done!"

And he then went through the same motions with the weapon he did at the moment he shot himself, except that the weapon was not cocked, and he did not pull the trigger. The writer then remarked that he thought the illustration with firearms was dangerous. "Not the least danger," replied Mr. Vallandigham, "to one who is a master of the weapon." I am thoroughly convinced that my theory of the killing of Meyers is the true one; for, besides the evidence being strong in its support, I tried the effect of shooting at close range, on the way over here, this afternoon. I feel sure of impressing the jury with my belief, as I am prepared to demonstrate it before them."

Mr. Vallandigham afterward recounted his theory, and his reason for entertaining it, to a number of gentlemen who had gathered in the room of the station while we were waiting for the train for Dayton. He said he had better reasons than any one else could have for saying that Tom McGehan did not shoot Meyers. He was not prepared to say that Tom McGehan did not inspire the fracas at the "American" on the night Meyers was shot and killed. This might have been the case; it did not become him as the attorney of McGehan to say that it was even probable. It might have been so, though the prosecution had not certainly established it. He was sure, however, that McGehan did not do the shooting, and he hoped to establish his innocence of the act to the satisfaction of the jury.

In reply to the query whether his protracted visit to Lebanon was pleasant—aside from the legal contest in which he was involved—Mr. Vallandigham said: "My sojourn in Lebanon has been remarkably pleasant. Old republicans, whose acquaintance I have made since I went there, informed me they had been led to believe that I had hoofs and horns! They were rather agreeably disappointed in me, and admitted that I wasn't such a bad sort of person after all! Many of those old gentlemen had thought and uttered a good many severe things about me, and they seemed to endeavor to make amends by contributing what they could to make my stay in their pleasant little city as agreeable as possible."

It was hardly to be expected that Mr. Vallandigham could converse half an hour without alluding to politics, and he entered on a brief discussion of his "*return* to the faith and true mission of the democratic party." He said that he had long been convinced that the party should throw off dead weights and exploded ideas and take its proper position as the party of progress. He had found great difficulty in getting the party, and especially so-called leaders, educated up to the point of making a new departure. He was, he repeated solemnly, in real earnest, and he expected to live to see the democratic party in power in the state and nation on the basis of his resolutions.

COTTON DOWN IN THE MOUTH.

The cotton crop promises to fall far below the average this year, owing to the wet and cold spring and to the decrease in the cotton area. Many planters in the south, comprehending that cotton is no longer king, have devoted more acres to grain and less to cotton. The consequence is that the planters have been able to furnish their own feed for their stock, and what cotton they have will command a higher price.

THE UNKNOWN MID-CONTINENT.

The Colorado river, and the portions of Wyoming, Colorado, Arizona and Nevada which it traverses, are as yet unknown wilds to the general public. Major Powell, who explored the Grand Colorado canon a year or two since, is about starting out upon another expedition, in which he proposes to follow the river from its fountainhead to its mouth and unlock the mysterious secret of its course.

SENSIBLE.

The democratic state committee of Wisconsin has called a state convention for August 23. The call declares that the true mission of all parties now is to deal with the practicable questions of the day, ignoring those controversies which have been settled by the progress of events.

this a reliable Family Medicine, and can be administered either infant or adult with the same beneficial results. It is a certain, prompt and speedy remedy for diarrhœa, dysentery, bowels complained, dyspepsia, looseness of spirits, fainting, sick stomach, headache, etc. For chills and fever of all kinds, it is far better and safer than quinine without any of its pernicious effects. It effects an appetite, proves a powerful digestor of food and will counteract the effects of liquor in a few minutes. As indisputable evidence of its medical properties, we append a few of the many certificates in our possession:

JACOB SCHEETZ, ESQ.—Dear Sir: I have used the Bitters I have obtained from you, and find them to be all they are recommended to be. I found one bottle to afford me considerable relief. I feel so strong I cannot do very well without them, in my present state of health.
