W. C. Palmer, Agricultural College editor, says: "A little attention given the roads now may save the necessity of driving over rough roads all winter. Ruts, and even small ones, will at this time of the year, easily work into bad mud holes and leave the road in very bad shap e for a long time. Fill up the center of the road and have the crown gradual so that the wheels cannot form ruts of places where water can stand. The road drag or road scraper can be used to good advantage in filling the center of the road. Observe the difference in the road where crowned and where ruts exist. There will be a big difference in the ease of hauling over the two, and especially in fall and spring.

The manager of the high school football team has been in communication with a number of other teams in this section of the state and although he has been unable to schedule a game for this coming Saturday he was able to make dates for Oct. 7, 14 and 21. The 21st is the day set for Grand Forks. The game will likely be played here and it is hoped that the home team will be victorious. Whether or not we do win remains to be seen but from all indications and comments heard at school, Grand Forks had better bring along a good team if they want to score.

C. F. MURPHY IS HERE TO ACCEPT A POSITION WITH THE GREAT NORTHERN.

Devils Lake is to have a new resident during the winter in the person of C. F. Murphy, formerly mayor of Great Falls, Mont., and a promising and enterprising real estate and insurance man of the Montana metropolis.

The Great Falls Tribune says of Mr. Murphy's departure:

C. F. Murphy, the well known real estate and insurance man and ex-mayor of Great Falls, left this city last night for Devils Lake, N. D., where he has accepted a position for the winter with the Great Northern in the capacity of yardmaster.

Mr. Murphy, who was formerly assistant superintendent of the Great Northern with headquarters in this city, is an experienced railroad man and the position he is now taking was offered him by General Manager Gruber. Mr. Murphy has not given up his business interests in this city but his office will be looked after during the absence by his partner, George Hickman.

Mr. Murphy expects to return to Great Falls for the holidays and to return here in the spring to resume his real estate business. His family will remain in this city.

WANTS NAME CHANGED.

We might suggest to the Devils Lake Commercial club that it would be a good plan to change the name of the organization formed to boost the counties tributary to Devils Lake and call it the "Lake Region and the Famous Mouse River Valley." McHenry and Bottineau counties do not take kindly to the name of "Lake Region" for we are in an entirely different locality, with a good name already, and to be classed as a suburb of the "Lake Region" country, does not create any real enthusiasm in the movement out here.—Towner Tribune.

CARSON FARMER KILLED HIMSELF—HER DEMISE CAUSED INSANITY.

Carson, N. D., Sept. 29.—Christian Emerson met with a sad death at his own hand by shooting at the home of Oscar Linder east of town. Mr. Emerson was an old settler in this county, having settled on Heart river seventeen years ago, where he resided ten years. Seven years ago he moved onto a farm in the vicinity of Carson and remained there until the death of his wife, whose demise caused mental suffering to a degree that unbalanced his mind, causing him to be sent to the hospital for the insane. He returned in the early spring and was thought to be much better mentally and physically up to the time of his sad and tragic death.

SHEEP FOR TOWNER COUNTY.

McCanna and William sowed between five and six hundred acres of rape last spring on the D. W. McCanna farm with a view to feeding a large bunch of sheep this fall. Last week they sent Robt. McTavish, an experienced man, with the care of sheep, to Galata, Mont., where he purchased of J. W. Gladden 1900 head of lambs and had them shipped to Cando. The lambs, consisting of six double deck cars, arrived last Sunday, and were unloaded and taken to the farm, where they are being fed. After feeding the big flock two months they will be shipped to the Chicago markets. The farmers and stockmen of Towner county will await with interest the outcome of the big venture.

Which Roofing Shall I Use?

Answer that question for good and all. When you buy prepared roofing you *expect* years of wear and satisfaction. Here is the way to *insure* getting it. A *simple* way—an *easy* way and a *quick* way to find out just exactly how *any* prepared roofing will stand up under ten years of the *hardest kind* of wear on a building.

First, get our book from the dealer. It's called "*Ten Years Wear in Ten Minute Tests.*" Then—get samples of any prepared roofings you are considering and subject them all to the six tests contained in the book. These tests correspond to ten years of *extreme* weather and *emergency* conditions. Choose the roofing that stands them *best*. It will last *longest* on your building.

• *If* you really want to *know* which roofing is best, don't fail to include

Vulcanite Roofing

in your tests. We furnish the way of knowing. We furnish the samples. *You* do the rest. Decide for *yourself* which roofing you want to use. Base your decision on the way the roofing is going to *wear*. Don't let any one's *talk* influence you. Just choose the roof that makes good *best*.

You won't be *sure* of money's worth in roofing until you try these tests. Ask or write the dealer whose name appears below. • He'll furnish the book and samples.
