☞ Mothers, who wish to find a medicine peculiarly adapted to the cure of humors and eruptions in their children, will find a safe and sure one in Scovill's Blood and Liver Sirup, which is acknowledged to be the best Blood Medicine known. Physicians attest to this.

☞ SUNSHINE FOR THE SAD.—Are you low spirited, tremulous, subject to faintness, afflicted with any local weakness, or with general debility, tonic thy system with Biokrene. Though harmless as water it is the most potent tonic and regulator in the world. Depot, 28 Dey st., New York. Sold by all Druggists.

☞ CONQUEROR OF PAIN.—Dr. Kittridge's great internal and external medicine, introduced a few days since by Dr. J. Henry Hildreth, is performing wonderful cures throughout the cities. The Doctor himself prescribes for the afflicted from his carriage, for any of those diseases which he is positive he can cure. If he can not do so, he will, in all candor, tell you so. Buy a bottle of his medicine, by all means, and try it, and if it does not perform all he represents it will do, return the empty bottle to room No. 12, Phœnix House, between two and three o'clock P. M., and he will cheerfully refund your money. d34.

☞ ANCIENT FINE ARTS.—*To the Editor of the New York Herald:* Respecting the relics of porcelain ware found in the late exhumations at Herculaneum, which have been forwarded to the Society of antiquities in London, whereof your correspondent says the bottle resembling Drake's Plantation Bitters was undoubtedly placed among the ruins by the agent of Dr. Drake, we desire to state that he is incorrect in every respect. If a bottle was found there bearing our lettering, the language of the Romans was different from the accepted literature of that day. Our Agent has other business than this in Europe, and has not been in Italy at all. No doubt Americans carry Plantation Bitters to Rome; but trying to impose upon a society of Antiquarians in this way seems quite useless, and we do not appreciate the joke. It is unnecessary for us to spend money in Europe while we are unable to supply the demand for these celebrated Bitters here.

Respectfully, P. H. DRAKE & CO.

THE DAILY EMPIRE.

☞ BOARDING.—Several young gentlemen can be accommodated with boarding, at the residence of Mrs. T. B. Tilton corner Fourth and Ludlow streets. 3td

GOLD AND SILVER WATCHES.—Lessner & Bro. No. 102 Main street, have on hand a large stock of Gold and Silver Watches, which they are determined to sell out, even if they have to take less than cost. Call and see them. 4tdaw

Huber & Son have every description of boys carts, wagons, sleds, wheel barrows, doll cabs, etc. Don't fail to go and see them.

☞ MUSIC LESSONS.—MRS. J. F. BOLLMEYER will give lessons on the Piano to a limited number of pupils. The lessons will be given at the residences of the pupils, or at her rooms No. 357 First street, as may be desired.

GOING FORWARD.—We notice that Mr. D. Keifer is making good progress with his new business house, on the site of the old Methodist Church on Third Street. The front will be of cut stone, of elegant finish and design, and will be a fine architectural ornament to this central portion of the city. The lower story will be occupied by two spacious business rooms—the upper portion by a large hall, offices, &c. Mr. Keifer designs to get up the front of the edifice the present season, unless stopped off by unfavorable weather.

Huber & Son have a splendid assortment of sea-shells, silver plated castors, rubber balls, opera glasses, etc.

GRAND DISPLAY OF WATCHES, SILVER WARE AND JEWELRY.—The establishment of H. Kline, No. 329, Third Street, presents a grand and brilliant appearance. He has just made great additions to his former large stock of Gold and Silver Watches, Silver Ware, Diamonds, Jewelry, &c. His store is a perfect museum of curiosities in the way of the beautiful and attractive. It is well worth a visit, if only to see the elegant array of articles which are arranged with such excellent taste. His stock of Holiday Presents is unlimited, and as he is determined to sell at prices that will satisfy all, every body in want of articles in this line should give him a call. nov27d2t

DWELLING HOUSES.—The present demand for dwelling houses and business locations in our city we believe to be unprecedented. A goodly number, too, of the applicants are non-residents, and would locate here if they could; but we are sorry to say that the demand seems to be far in excess of the supply.

Huber & Son have those beautiful folding chairs, children's willow rockers, doll chairs, willow doll cradles, bedsteads, toy bureaus, tables, chairs, stands, etc.

SOIREES DRAMATIQUE.—Madame Scheller closed her engagement in this city on Saturday evening. During her brief stay among us, this accomplished lady has made many warm and admiring friends, who will gladly hail her return. As we announced on Saturday, she goes to Cincinnati to fill a short engagement at the National Theatre. She will appear on Tuesday evening in the Fairy Play of Cinderella, a character in which she is unsurpassed. We commend her to the kind regards of our friends of the press and the patrons of the drama in the "Queen City."

The "Wept of Wish-ton-Wish" and "Ireland as it Was," are the pieces announced for to-night, both beautiful plays, and in both of which Miss Mollie Williams and Mr. Felix A. Vincent will appear. Manager Fredericks has completed an engagement with the distinguished actor, Mr. Barton Hill, who will make his first appearance in Dayton on the fourth of December next.

HOME AGAIN.—We had a call, on Saturday, from our friend Henry Hartman, who has recently returned from a visit to his Fatherland. He sailed on the 24th of June from New York to Southampton. From Southampton he go went to Hamburg, where he met Drs. Egry and Fuller, from this city. He attended the great Shooting Festival at Bremen, where he met a large number of American "Sharpshooters." They were all enthusiastically received, and handsomely entertained by the American Consul, Mr. Boernstein. The occasion was one of great interest, and the festival lasted several days.

Henry likes the present aspect of things in Europe very much. The people were happy, prosperous and contented, and he could not avoid the conclusion that there is a good deal more of personal and political freedom there than in our own country.

On the passage home, he was on board the ill-fated vessel, Corcassion, which sprung a leak in the Gulf stream, in a storm, and at last foundered on an Island off Cape Breton. The passengers, some 700 in number, were rescued by a Cunard mail steamer and a British man-of-war, and taken to Halifax, Boston, and New York; from the latter place Henry made his way home, thankful for his escape from the deep. The Circassion was known to be unseaworthy, and the Captain was strongly denounced for putting her to sea.

Dedication of a New Catholic Church at Piqua.

IMPOSING CEREMONIES.

We had the pleasure on yesterday, of accompanying about eight hundered of our citizens, to Piqua, Ohio, for the purpose of attending the dedication ceremonies of St. Boniface's Church at that place.

The building is a large and beautiful structure at the south side of the town, a tower one hundred and eighty feet in hight, containing a town-clock, and a chime of three bells stands at the front of the building. The Church is 12 feet long, 55 feet wide, and is 37 feet in the clear to the ceiling, and is capable of seating one thousand persons.

Archbishop Purcell of Cincinnati, assisted by Bishop Luers, are of Fort Wayne, Ind., conducted the ceremonies of the occasion. Revs. Meittinger and Donabeo the resident acting pastors. Revs. Deiters of Springfield, and Hemsteger, from Columbus, were in attendance. The occasion was enlivened by the presence of three brass bands, one from Piqua, one from Wapakonetta and the Regimental Band from Dayton, each of which discoursed music appropriate to the occasion. Over five thousand people in all were in attendance, and no disorder was any where observable.

The interior of the Church in appearance to say the least, is splendid. Beautiful fresco paintings renders its appearance complete and perfect. The Altar presents an impressive and imposing appearance, having a beautiful sky-painting above, with the dove of peace floating in mid-air, and the "all-seeing eye, looking down as it were upon all those in attendance. Back of the tabernacle is a beautiful portrait representing the Savior, and upon the left of the altar is a statue of Joseph, while upon the right is a statue of the Virgin Mary, both of which are surrounded with candlesticks and wreaths of flowers. The center of the tabernacle bears a crucifix, with a cherub on either hand bowing reverently toward the same. The upper part is made attractive by several minarets, together with seven candlesticks with lighted tapers, a figure of gospel light, above all of which is the Cross. A representation of the last supper adorns the front and nether part of this beautiful tabernacle. In front of the altar were seen several young and beautiful girls, with wreaths upon their heads, and robed in white, as an emblem of original innocence and purity.

The gallery is large and well proportioned, from which an elegant choir discoursed vocal and instrumental music in elegant style. The walls are decorated with different scenes which finally led to the crucifixion of the Savior, in all presenting an impressive and attractive appearance.

The opening discourse was made by Bishop Luers, of Fort Wayne, who had been the first minister to the Church in Piqua. He spoke of the freedom of religious worship as being an emanation from God, and that the Catholic Church was the first to assert and vindicate that freedom. That he regarded it as the only true church, as well as the first; that it would last to all time, and to it the world must come for its true salvation.

He was succeeded by Archbishop Purcell, who said this was a day the Lord had made, and that we should all be thankful to him for the charity of this people, which had led to the erection of this noble and beautiful edifice.

He spoke of the prosperity of the Catholic church, the spread of the cross, and the numbers professing the faith, in tones of the greatest encouragement. Her march was ever onward, and faithful adherents came from all quarters, by railroad and private conveyance with her societies and banners. They came to-day to dedicate this beautiful temple which forms that mystic ladder which Jacob saw in his vision reaching from earth to heaven, as it was felt and known in the days of the ancient Jews. It now became the House of God, and would no longer be known as the House of Man.

The church was composed, he said, of those who were of one mind and followed the practices of the Apostles, whom Christ had commanded to do as he had done, and who had obeyed this divine command in every respect.

The Apostles had said mass, as he have done. He had bowed reverently at the same altar in Rome, where Christ himself had knelt, and changed his body and blood into the bread and wine of the Eucharist. The Jews had their types and figures, but we enjoy the reality.

He regarded this as the best and true church; universal in its character and to which the whole world must eventually come for true salvation. The eminent divine then returned his thanks to the Protestant people for their liberality, in aiding in the completion of this beautiful temple, which would be a lasting ornament to their city.

This discourse was followed by an impressive benediction, which concluded the ceremonies of the occasion.

We returned to the city, delighted with the pleasant experiences of the day through which we had passed.

Huber & Son have every description of china, tin, wooden, iron and mechanical toys. Also china and patent doll heads, doll arms doll shoes, doll stockings, etc.

AT COST—GREAT BARGAINS.—Lessner & Bro., No. 102, Main Street, opposite the Phillips House, are now offering their entire stock of Overcoats and Winter Clothing AT COST. As this is the season of the year when such goods are needed by every body, the public will at once see that this is the place to buy, if they want good bargains. nov27wadiw

CHENG AND ENG.—The Siamese Twins, one of the greatest wonders of the age, will give an exhibition at Clegg's Hall to-night. They are now fifty-four years of age; are natives from Siam, in Southern Asia, and have been in this country about thirty-six years. By their exhibitions in this country and in Europe, they were enabled to purchase a farm in North Carolina, on which they have resided for many years. They married sisters, native Americans, and next year, if husbands and wives live, they can celebrate their silver wedding. They have eighteen children, equally divided between them—Cheng having six daughters and three sons, and Eng three daughters and six sons. Two sons, one belonging to each, accompany them. They are also accompanied by the Wild Australian Children, who will likewise be on exhibition. They are curious specimens of the native Australians, remarkable as types of the lowest form of humanity.

By C. P. Huber & Son, Auctioneers, J. Hershey Sr.'s Great Land Sale, To-morrow, at Medway. For particulars see posters. This, to capitalists, is of great importance.

GREAT SALE OF ARMY GOODS.—The great sale of army goods, Overcoats, Blankets, &c., will be continued this evening at the Auction and Commission Rooms of Christopher & Spellman, No. 313 Third street. They have an immense stock, and are selling at prices which surprise every body. They will also offer a large stock of fine Cigars this evening.

Huber & Son have a beautiful assortment of Photographic Albums, Ladies' Purses, Portmonies, Leather Traveling Bags, Ladies and Gentleman's Dressing Cases, Ladies Companions, Work Boxes, etc., which they are selling extremely low.

EAGLE CLOTHING STORE.—Our neighbor Schwarz, of the Eagle Clothing Store, has just received another large invoice of new and fashionable clothing. His stock is now one of the largest in the city, and embraces every article belonging to a gentleman's wardrobe, and his goods are all of the very latest and most desirable styles. The constant rush at his establishment shows that the people have ascertained the place to buy first-class clothing at very cheap rates. Remember the place, 108 Main street, next door north of the Empire office. 1tdaw

Huber & Son have every description of China ornaments, china and glass vases, ruby wine sets, china and alabaster toilet sets, china and lava smoking sets. Go and see them for they are handsome.

☞ STANDARD HOMEOPATHIC MEDICINES.—The agent of Humphrey's Homeopathic Specifics has received a very important addition to his list of Humphrey's Specific Homeopathic Remedies in the shape of Specific No. 34, which cures diptheria and ulcerated sore throat. These specifies have obtained a wide celebrity among the medical practitioners and are very largely used by them, being prompt, efficient, reliable and convenient. An extended advertisement in another column gives a list of the different species, the diseases which they remedy, and the prices. The cases for family use are especially worthy of attention, and also the new department of veterinary specifies. The headquarters of Humphrey's Specific Homeopathic Medicine Co., is at 562 Broadway, New York.

☞ DR. MOTT'S VEGETABLE LIVER PILLS are composed of chemical vegetable extracts, mostly from plants growing in our own country; some of these plants have a direct action on the liver, others upon the skin, others on the kidneys, and others upon the bowels and lungs. It is by a peculiar chemical combination of all these extracts that these Pills are made to possess the most extraordinary efficacy for curing diseases growing out of derangement of the bowels, kidneys, or liver. In cronic diseases, or diseases of long standing, such as Liver Complaint, Dyspesia, Constipation of the Bowels, Erysipelas, Scrofula, Golter, Scald Head, Barber's Itch, Sore Eyes, Pimples on the skin, and old sores, the treatment with the Pills should be continued for a longer time than with less stubborn diseases. These Pills have become so much of a favorite, that it is only necessary for us to say that they are for sale by all the principal druggists and dealers in family medicines.

☞ IS YOUR LIFE INSURED?—If not, then secure a policy at once, in the long established PHŒNIX MUTUAL, OF HARTFORD, as familiar as any household word; and from far East sunrise, to the golden shores of the Pacific slope, its eminent usefulness, as an insurance corporation, has been thoroughly tried and satisfactorily tested. DR. JOHN BULL'S

Compound Cedron Bitters.

Latest and Most Important Discovery

OF THE

NINETEENTH CENTURY!

NO MAN'S NAME IS MORE INTIMATELY connected with the history of MATERIA MEDICA of the United States, or more favorably known as a pioneer in Medical Discovery, than that of

John Bull, of Louisville, Kentucky.

His invaluable preparation of SARSAPARILLA has long stood at the head of the various compounds of that valuable drug.

HIS COMPOUND OF WILD CHERRY HAS BECOME A HOUSEHOLD WORD THROUGHOUT THE WEST AND SOUTH. HIS WORM LOZENGERS, IN LESS THAN A YEAR AFTER THEIR INTRODUCTION ATTAINED A REPUTATION AS WIDE SPREAD AS THE CONTINENT OF NORTH AMERICA.

But the crowning glory of his life remains to be attained in his discovery, or rather combination, of he does not claim to have been the discoverer of CEDRON, which is the basis of the Bitters now offered to the public. That honor belongs to the native inhabitants of Central America, to whom its virtues have been known for more than two hundred years. Armed with this Indian title, defiance to the most deadly malaria, and handles, without fear, the most venomous serpents. It is a belief with them that while there is health in the body, he defies its power to cure, no matter what the disease may be.

While Dr. Bull is not prepared to endorse this extravagant pretension, he is nevertheless satisfied, from a thorough examination of the evidence relating to its virtues, that as a remedy and preventive for all diseases arising from exposure, either to changes in weather or climate, or to miasmatic influences, it stands

WITHOUT A RIVAL!

And justly deserves the reputation it has so long enjoyed in Central America and the West Indies.

IN DYSPEPSIA

And its attendant train of symptoms, it acts more like A CHARM than medicine. There is nothing in the whole range of Materia Medica that can for a moment bear a comparison without in this disease.

A full account of this wonderful plant may be found in the eleventh edition of the United States Dispensatory, pages 1287 and 1288.

A series of experiments in which Dr. Bull has been for years engaged, has just been brought to a successful termination, and he is now enabled to offer to the public a combination of CEDRON with other approved simples, the whole preserved in the best quality of copper distilled Bourbon Whisky, which he is confident is beyond equal in the world.

He makes no claim of certific tes, but invites the most close and critical examination of the evidence relating to its virtues, and the select committee, for every one to test for himself the virtues of a new medicine.

GIVE THE

CEDRON BITTERS.

One Trial and You Will Never Use Any Others.

It is not necessary to publish a long list of diseases for which the CEDRON BITTERS are a specific. In all diseases of the

BOWELS, LIVER, OR KIDNEYS,

IN ALL AFFECTIONS OF

Brain, Depending upon Derangement of the Stomach or Bowels, in Gout, Rheumatism, and Neuralgia, and in FEVER AND AGUE.

It is destined to supercede all other remedies. It not only cures these diseases, but it prevents them. A wine glass of the Bitters, taken an hour before each meal, will obviate the ill effects of the most unhealthy climate, and screen the person taking it against disease under the most trying exposure.
