THE BASIS OF REPUBLICAN GOVERNMENT.

Resolved, That the several States composing the United States, are not united on the principle of unlimited submission to their General Government, but that by compact, under the style and title of a Constitution of the United States, and of Amendments thereto, they constituted a General Government, for special purposes—delegated to that Government certain definite powers, reserving, each State to itself, the residuary mass of right to their self-government; and that whenever the General Government assumes undelegated power, its acts are unauthoritative, void, and of no force; That to this compact each State acceded as a State, and is an integral party, its co-States forming, as to itself, the other party; that the Government created by this compact was not made the exclusive or final judge of the extent of the powers delegated to itself, since that would have made its discretion, and not the Constitution, the measure of its powers; but that, as in all other cases of COMPACT AMONG POWERS HAVING NO COMMON JUDGE, EACH PARTY HAS AN EQUAL RIGHT TO JUDGE FOR ITSELF, AS WELL OF INFRACTIONS AS OF THE MODE AND MEASURE OF REDRESS.—*The First Kentucky Resolution of 1798.*

Washington News and Gossip.

WASHINGTON, June 14.—The Conscience Fund Treasury Department increased today by $100 from St. Louis.

Mr. Conger, agent of the Yankton Indian tribe, wrote on the 5th to the Department, from Delimberg—

"There is a great deal of trouble here with the Indians. Fort Randall, opposite my agency, was attacked yesterday. One man was shot, and thirty-seven horses taken by the hostile Indians. All the white men at my agency are on guard. We have no soldiers."

(The soldiers are mainly down South, helping the Radical cause.)

The Mexican Minister received a letter from Gen. Diaz, dated Yacubaya, May 28, in which he says:

"We number in all 35,000 men, and within a few days Mexico will be ours. I could have taken it with the forces of the Eastern army alone, but I had not sufficient cavalry to cover all the outlets through which the principal guilty parties would have escaped; but now, with 9,000 cavalry, all avenues will be well guarded. The same thing will happen at Queretaro—none will escape. * * I consider the occupation of the City of Mexico a matter of very few hours, and I do not believe that Vera Cruz will attempt to hold out."

The Postoffice Department to-day received a box of mutilated letters, covered with the blood of a mail carrier and passengers on one of the coaches between North Platte and Denver—relics of an Indian outrage.

Letters from Judge Abell, of New Orleans, to President Johnson and to General Sheridan, are published, in which Judge A. charges that nearly the whole series of Sheridan's acts are unconstitutional, and subservive of the liberty of the people.

Information has been received of the murder of C. M. Davis, special postal agent, by Indians near North Platte.

At the late municipal election in this city a colored voter put into the box a ticket which did not suit the Radicals, whereat he was set upon by a party of his Radical color, instigated by white Radicals, and shockingly beaten. They pursued him some distance, caught him, kicked and cuffed him till he was nigh insensible, and then with a knife or razor nicked his flesh, cut his clothes, and otherwise ill-treated him.

Numerous hogsheads well filled with the remains of human bodies have been found buried in a lot near Corcoran's building, in this city. They had evidently been employed on the dissecting table.

The President, to-day, received a remonstrance, strongly drawn up and numerously signed by the citizens of Texas, against the high-handed and reckless proceedings of General Sheridan. They charge him with an utter disregard of the laws of Texas, and otherwise brand him as a tyrant of the most detestable stamp. In time of war such an audacious creature would be court-martialed and shot; in peace times he ought to be hung.

The Attorney General's opinion on the powers of the military satraps, will be sent forth on Monday. The fact is conceded, that the Cabinet is almost unanimous in concurring with him, that the military commanders have no power to remove the civil officials of the Southern States.

The President has not yet decided on his course; but it is not denied that he is seriously considering the propriety and necessity of convening Congress.

DUBLIN, June 14—Evening.—The supposed Fenians who landed and were captured, a short time ago, at Dungarven, were subsequently taken to Waterford and confined in jail there.

Four of them served as officers in the Federal army, during the rebellion. While the prisoners were being conducted from the court house to the jail in charge of a strong police force, a crowd of their sympathizing friends gathered from all parts of the city, made a fierce attack upon the guard with the intention of effecting their rescue. A fight ensued, during which some thirty of the police escort were injured, and one of the attacking party was killed and six known to have been wounded by the fire of the guard. The latter made a stout defense, and succeeded in safely depositing their prisoners in the city prison, when the mob dispersed.

NEW YORK, June 14.—The third trotting match between Dexter and Lady Thorn, two mile heats in harness, was won by Dexter. Time 4:51 and 5:01½. The first heat was the best on record except Flora Temple, 4:50½. Both heats were closely contested.

It is stated that the Loyal League last night made another attempt to expel Horace Greeley, but failed.

The *World's* Albany dispatch says it seems that Cole, who killed Hiscock, had an exciting time on the same day, previous to the tragedy, and his wife's statement was given under fears for her life. It also appears that before Cole left Syracuse for Albany, he left a communication with a reporter, stating he was about to do something to Mr. Hiscock that would create great excitement, and asked for a suspension of public opinion.

Bever and Webster, who stole $15,000 worth of otter skins were fully committed for trial to-day, without bail, while merchant Brodie who bought them was put under $20,000 bail on the charge of receiving stolen goods.

It embraces five or six corporations, whose lines extend from this center, to the extreme Western point, and all the details of agreement have been agreed on.

From China and Japan.

SAN FRANCISCO, June 14.—The steamer Colorado, in twenty days from Yokohama, has arrived, with Hong Kong dates to the 15th ult.

The reception of the foreign ambassadors by the Tycoon of Japan was of the most cordial and princely character. Houses, furnished in costly European style, with French cooks and European servants, were provided, free of expense. The Tycoon gave a dinner to the representatives of each nation, where every thing was in the best French style, and the Tycoon drank toasts like an Englishman.

Subsequently the Tycoon met our Minister at Hiago, eleven miles across the bay, and laid out a foreign settlement, where a tract of ground a mile in width, extending three or four miles back from the water has been appropriated under some arrangement as in other parts of Japan.

The Tycoon is a man of ordinary stature, apparently thirty years of age, and with good features. He was very richly dressed, and his manner very easy and refined. He thoroughly understands the European custom of drinking toasts, and drank the health of the President of the United States with the guests.

The Cholera—Awful Ravages.

NEW YORK, June 14.—A *Herald* Rio Janeiro correspondent of May 7, says that the cholera was raging in the Brazilian camp, on the River Platte. Nearly seven hundred men had died in four days. Two thousand troops had been dispatched to Corientes to restrain the populace from destroying the hospitals. General Uruguissa had ten thousand men near Corientes removed. He declared against the alliance. In Buenos Ayres the streets were filled with funerals, and the people were dying on piers, on door steps, &c. Everywhere crowds were rushing away, and every little hamlet in the interior was crowded with refugees.

GRAND CHARITABLE
PRESENTATION CONCERT!
IN AID OF THE
Southern Orphans' Association,
Incorporated by the Legislature of Virginia, January 9th, 1867.
To be Given in Baltimore, June 17th, 1867.
The Profits of this Concert will be Given to the Southern Orphans' Association.

THE officers of the Southern Orphans' Association, for the maintenance and education of the destitute orphans of deceased Southern soldiers and sailors, earnestly solicit the sympathy and co-operation in our Grand Presentation Concert, of all who desire to see "Home and School" enable to receive and care for all needy ones who seek its shelter and protection.

It is the design of this Association to erect a Home and School for the orphans of the South, both male and female, on an extensive scale, in the city of Richmond, Va. As an inducement to have the building located there, the Common Council of that city have guaranteed ten acres of land in an elevated and healthful location, and will increase the quantity of land if needed.

It may seem unnecessary to add a single word to the above, yet the calls upon the institution have been so numerous and pressing, and the struggle through which it is now passing to widen the circle of its charities is of such an urgent nature, that the management cannot too strongly urge upon the humane and sympathetic everywhere, an active participation in this additional attempt to alleviate the sad condition of great numbers of helpless children, rendered thus by the terrible war through which we have just passed. And assuredly, whatever may have been the relative POLITICAL views of ladies and gentlemen heretofore, ALL must agree that the children referred to could not, by any possibility, have had any agency in bringing about their present deplorable and destitute condition, and are suitable objects for the charity of all persons of whatever shade of political opinion. The "Home and School" which they now, more particularly, seek to establish and endow, will be of incalculable benefit by providing not only food and raiment for these helpless ones, but likewise solid and thorough education, thus qualifying them for future usefulness to society at large. In order that this appeal may be effectual in enlisting the active interest and co-operation of all classes of persons everywhere, we have concluded to issue for the

WOODLAND CEMETERY.—Notice is hereby given that no persons, excepting lot owners, use their families, and those attending funerals, will be admitted into Woodland Cemetery on Sundays. The large number visiting the grounds on that day, and the complaints of disorder and injury to flowers and shrubbery, make this rule necessary. Tickets of admission will be furnished lot owners on application to the Superintendent at the gate.

IN pursuance of an order of sale issued by the Superior Court of Montgomery county, Ohio, and to me directed, I will offer for sale, at public auction, on
Saturday, June 8, A. D. 1867, at two o'clock P. M.
At the door of the Court House in the city of Dayton, Ohio, the following described real estate, to-wit: Lots numbered five hundred and eighty (580) and five hundred and eighty-one (581) in the revised numbers of the city of Dayton, Ohio.
These two lots lie together, and have on one of them a good two-story frame house—three rooms and kitchen down stairs, and two good rooms up stairs, well arranged for a small family—with other outbuildings. The two lots have a front of near sixty feet on Roe street, running back about one hundred and twenty feet, and within a few doors of Third street, and only about four squares west of the Court House.
Said property has been appraised at two thousand dollars ($2,000), free of dower, and cannot be sold for less than two-thirds of the appraised value.
Terms of sale—One-third cash, one-third in one and one third in two years from the day of sale, the back payments to bear six per cent. interest and be secured by mortgage on the premises.
