10 YEARS

In The Ohio Penitentiary Given Leander Wilcox

Was Convicted Of Incest Gets Maximum Sentence

Says The Judge Sentenced An Innocent Man

B. & O. Railway Is Sued For $50,000 Damages

By A Brakeman Who Lost Both Of His Legs

Judge Winters of Delaware arrived in the city Monday afternoon and then went down on to the Village of Ohio to Leander Wilcox, who within the following days was found guilty of incest. The court convicted the prisoner for a term and sentenced the defendant to stand up for sentence. After a short review of the testimony in the case, Judge Winters sentenced Wilcox to 10 years in the Ohio penitentiary. The sentence seemed startled by the sentence. Wilcox made a few remarks in which he stated to Judge Winters that he was sentencing an innocent man, but he during testimony the court for Prosecutor Imposed on him. Wilcox will be taken to the penitentiary during the present week.

—

Wants $50,000 Damages

George H. Wilcox has commenced suit for damages in the court of common pleas of Knox county against the Baltimore and Ohio railroad company in which he asks for a judgment in the sum of $50,000 for the loss of both legs by falling under a train owned and operated by the defendant. The plaintiff states that on September 21, 1909, he was employed as a brakeman by the defendant and was engaged in switching cars in the city of Zanesville, O., by which he was standing on the top of a box car and through carelessness and negligence on the part of the engineer the car on which he was riding was suddenly jerked from another car and he was thrown under the wheels of the car with the result that both legs were crushed. As a result of the accident the plaintiff claims it was necessary for the surgeons to amputate the right leg five inches from the hip and the left leg 17 or 18 inches below the knee. The plaintiff states he will be a cripple for life and is no longer able to attend to his business. Suit is filed for the amount named by the plaintiff.

—

Divorce Cases

Judge Winters on Tuesday morning heard the divorce case of Hattie [illegible] vs. Tomlinson. The court will devote a portion of the remainder of the week to hearing divorce cases.

—

Charter Law

E. church, will be held in the Methodist church at Galena, O., on Wednesday and Thursday, April 5 and 6. Rev. F. L. Johnson of this city will conduct the devotional exercises at each of the sessions.

—

WHITEHEAD SELLER

Springfield, Ohio, March 29—Hugh Whitehead, Whitehead, who was arrested in this city on the charge of selling patent medicines without a license, was given a hearing in the mayor's court this morning and fined $25 and costs.

APPLETON

Elected As Councilman From First Ward

To Succeed Mr. A. A. Dowds Who Resigned

Plans Being Prepared To Pave Two Blocks

Of East Water Street During The Early Spring

Money Transferred And Other Business Transacted

The city council met in regular session on Monday evening with President Stewart Dever in the chair and with all members present except Mr. Cole. The minutes of the last regular meeting were read by Clerk Mellottie and were approved as read.

An ordinance was introduced to transfer all unappropriated balances of the public library fund to the public safety fund.

A resolution to instruct the public service director to prepare plans and specifications for the paving of East Water street from the east line of South Main street to the east line of South McKenzie street was adopted on motion by Mr. Furman.

Mr. Samuel Clark, building moving contractor, addressed the council in relation to a contract on which he is working at present. Mr. Clark stated that he is moving a house east on East Sammantha street and that he has reached the residence of Mr. Herbert Smith. Here a poplar tree is located and a large limb projects into the street in such a manner that it is impossible to move the building past it. He stated that Mr. Smith objects to having the limb cut off and asked the advice of the council in the matter.

Mr. Furman moved that the matter be referred to the city solicitor, the street committee and the public service director. The motion carried.

The next matter taken up was the election of a councilman from the First Ward to succeed Mr. A. A. Dowds, who offered his resignation at the last previous meeting of council. Mr. Furman nominated Mr. William Appleton, Jr., to succeed Mr. Dowds. Mr. Appleton was elected by a unanimous vote.

—

Improved.

Are you frequently hoarse? Do you have that annoying tickling in your throat? Does your cough keep you at night, and do you raise mucus in the morning? Do you want relief? If so, take Chamberlain's Cough Remedy and you will be pleased. Sold by all dealers.

—

BIRTHS

A daughter was born Tuesday afternoon to Mr. and Mrs. Orrie Rose of Martinsburg.

—

A daughter was born Monday to Mr. and Mrs. Frank Curtin of East Sugar street.

—

Chamberlain's Stomach and Liver tablets are mild, gentle and reliable, and have been praised by thousands of women who have been restored to health through their gentle and mild cathartic properties. Sold by all dealers.

—

—

Mr. and Mrs. W. T. Sweet went to Lancaster Tuesday to make a several days' visit with relatives.

HAS A GOOD WORD FOR STATE SANATORIUM

In writing to the Mansfield Shield, Mr. Charles H. Irving has the following to say concerning the Ohio State Sanatorium at Mt. Vernon:

Ohio State Sanatorium, Mt. Vernon, Ohio, March 27—On a recent visit to the Ohio State Sanatorium by Hon. H. P. Tanner, a member of the board of trustees, he was highly elated and expressed himself greatly pleased with the needs which was recently opened and is now being occupied by ten patients.

The shacks are complete in every detail and not only Mr. Tanner but other members of the board as well declared that the new buildings were far above their expectations.

There are eight shacks in all, four to accommodate the women patients and four for the men. Two of the shacks are now occupied and preparations are being made to open several more in the near future.

When the remaining eight shacks are thrown open, the State Sanatorium will be able to accommodate more than one hundred and twenty-five patients. It is expected that in the neighborhood of fifty new patients will be under treatment here by May 1.

Less than two weeks ago a supper was spread in the waste basket just in the rear of the employees' cottage and show that time the patients have bolted down more than ten gallons of the maple syrup which is being used on the table at the Sanatorium. Both the men and women take great delight in tramping through the woods gathering sap and bringing in wood to keep the pot a boiling.

Too much cannot be said regarding the splendid work that is being done by Dr. C. B. Caswell, who is a tribute to all and a joy to none.

Since the Sanatorium was opened more than one year ago, Dr. Caswell has been in charge and under his supervision this institution has attained a reputation—throughout the country—second to none.

Patients who have come here broken in health, hollow eyed, with sunken cheeks and chests returned home brighter, stronger and far more healthy than they have ever been during their entire lives.

Plenty of fresh air, sweet milk, raw eggs and regular hours are imperative. Under this mode of treatment good health has been regained by many patients following a few months treatment.

To live without fresh air is like cake without flour—you go flat. Fresh air and plenty of it, in big doses and small doses is given the patients, for they remain out doors day and night regardless of the weather, for a little rain or snow is not minded by them.

Mr. Tanner like all other members of the board is more enthusiastic each trip he makes to the sanatorium, for he sees the advancements that are being made from month to month. A wonderful fight against tuberculosis is being made in Ohio and while the State Sanatorium is comparatively young, the great good it has already done for many men and women is only a beginning of what may be expected in the future of an institution of this character.

SHORT LOCALS

Mrs. Ralph Sullivan of Cleveland is spending several days with relatives in Mt. Vernon.

Mrs. George Thatrick returned to her home in Utica Wednesday morning after a short visit with relatives in Mt. Vernon.

HOW HE CURED HIS SKIN DISEASE

About twenty years ago I began to break out with Eczema on my head, legs and arms, and commenced treatment with the local doctors, but did not get much relief. I continued to treat the disease under the direction of different physicians for two years, and at the end of that time they said the disease was chronic. I then quit them and tried various ointments, salves, lotions, etc., for another two years, but were I was as bad off as before, so I finally decided to let medicine alone, and for twelve or thirteen years I suffered intensely from the Eczema. During the time I lost about half of my hair. At last I began S. S. S., doubtful of a cure, because the disease had run so long, but I soon discovered that your medicine was doing me good, and continued to take it. After taking S. S. S. for awhile I was completely cured of the Eczema, not having a single spot left on my body, which before was almost completely covered with the eruption. I waited until the Spring to see if it would return, but have seen no signs of it, and am satisfied the cure is permanent. It has been several years now and I do not believe I will ever have any return of the trouble.

1807 Hackberry St., Ottumwa, Iowa. F. C. NORFOLK.

What S. S. S. did for Mr. Norfolk it can do for every one who is afflicted with a Skin Disease. He is just one of the many thousands who have cured themselves by the simple process of purifying the blood and removing the cause from the circulation. We want you to be cured if you have any skin trouble, and shall endeavor in this short talk to tell you just why S. S. S. will accomplish the desired result.

The skin is composed of two distinct layers. One is known as the epidermis or outer skin, which has no fibres, and serves principally as a covering to the body. The other is known as the dermis or true skin, and is composed of elastic fibres, fat tissue, glands, lymphatics, nerves, etc. The thousands of fine veins and arteries with which this lower section is interlaced, supplies the cuticle with healthful properties from the circulation to keep the skin smooth and healthy. We can therefore readily see how necessary it is for the blood to be pure if the skin remain free from disease, and also why humors and acids in the circulation always find their way to the surface and cause skin affections.

All skin troubles are due to a humor or acid in the blood. Instead of applying rich, nutritive properties to the cuticle, the circulation constantly carries an acid impurity into the sensitive fibres and disorders. The usual inflammation of the under layer of the skin which splits or breaks the thin outer tissue and causes an alteration of the cuticle, producing a discharge upon the surface, in the form of Eczema, Tetter, Salt Rheum, etc. There is likewise a dry form of skin disease such as Acne, Psoriasis, etc. In these varieties the humor in the blood dilates the pores, hair follicles, etc., causing them to swell and protrude to the outer surface. Pimples, scales, eruptions and like troubles are all due to impure blood, and only a blood purifier can cure them. Salves, washes, lotions, etc., will perhaps afford some temporary relief from the itching, and assist in keeping the skin clean, but such treatment can have no effect on the humors in the blood, and therefore never do any permanent good.

S. S. S. cures Skin diseases of every kind by neutralizing the acids and removing the humors from the blood. S. S. S. cools the scald-heated circulation, builds it up to its normal strength and thickness, multiplies its rich, nutritious corpuscles, and adds to its purity and nourishing qualities in every way. Then the skin, instead of being irritated and inflamed by fiery humors and acids, is nourished, soothed and relieved by a plentiful supply of rich, pure blood. S. S. S. is the greatest of all blood purifiers and therefore lies its claim to cure skin diseases. It cures Eczema, Acne, Tetter, Salt Rheum, pimples, boils, scalds and all eruptions of the cuticle. These troubles cannot remain when the cause has been removed, and S. S. S. will certainly remove the cause by purifying the blood. Book on Skin Diseases free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.
