Choice Five-Ten and Twenty-Acre Tracts With Two Big 1400 gallon-per-minute Wells Behind Every Tract

for sale at prices and upon terms which will make you sit up and take notice. *$150 PER ACRE BUYS ABSOLUTELY THE CHOICEST LAND,* accompanied by the

BEST WATERRIGHT IN THE MIMBRES VALLEY

We have two big wells on our tract for constant use.

We have a third well as a guarantee, an insurance.

We irrigated four acres of onions the other day with one of our wells in two hours—absolutely the record for irrigation in this valley upon deep, rich, loamy soil which drinks in and holds the water.

Graded roads are built around every forty acres of the tract.

Shade trees are put out at our expense along all the roads, and watered at our expense.

We have every detail of the whole proposition carefully worked out, and it moves like clockwork.

By Making a Small Cash Payment And the Balance on Terms to Suit You

we will put you in possession of one of these little tracts, and you can make the price of it right out of the soil.

Everybody has a chance with us, provided you come soon enough.

We are not holding or reserving anything—first come, first served.

Plan Mass Meeting When Transcontinental Official Gets Here.

At the meeting of the El Paso Automobile club Wednesday night at the chamber of commerce plans will be made for the reception of Mr. Black, when he comes to El Paso as the representative of the Transcontinental Touring club of America, on an inspection trip over the road planned for the ocean to ocean highway. He left Chicago Sunday, but it is not definitely known just when he will reach El Paso.

The El Paso club wants to have a mammoth boosters' meeting here during Mr. Blacks' visit.

The only bad place in the entire distance from El Paso to Phoenix is the two miles of sand on San Miguel hill. If the officials of Dona Ana county will not put this part of the road in good condition, the El Paso club will itself raise the money and have the road built. It is estimated that about $800 would be needed.
