To State Committeemen.

At a meeting of the people's party, democratic and free silver republican county committee of Pierce county, it was agreed to attempt the orsanization of all forces opposed to republicanism, in a "union party" on a set of principles adopted by them demanding "direct legislation, national money, free coinage of silver, 16 to 1, liberal exemption from taxation of personal property, and public ownership or control of franchises." It was further agreed as follows: Furthur we recommend that the state central committee be requested to convene and consider the advisability of having but one convention for the purpose of naming a ticket this fall and to take up the subject of general propaganda work in this state.

We refer this matter to the state central committee of the people's party, for them to take such action as they may see fit. The question is, shall the state central committee of the people's party throughout the state of Washington meet to consider this matter, and if so, when and where shall we meet. Gentlemen this is for you to decide let us hear from you.

F. R. Baker,
Chairman state central committee, P. P. Attest, A. P. Tugwell,
Date May 7, 1898. Secy.

"Not Paid for Want of Funds."

How often during the days of the republican administration these words have come back to one across the counter of the treasurer's office nicely stamped with red ink and a rubber stamp across the back of a warrant. Now we are told that under the present populist administration which was to everlastingly destroy the finances of this state and send us bodily to the "demnition bow wows," that in many counties the old rubber stamp has been laid away for a good long rest, and the county is on a cash basis.—State Journal.
