Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes: "From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to

TAKE

CARDUI

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. . .

"It has now been two years since I took Cardui, and I am still in good health. . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

The first watermelons of the season' of local growth, came to town last Saturday and were quickly taken at high prices. They were grown by Frank Wilson, who lives in the Williston vicinity, Reports generally are that the melon crop is by no means promising, but is likely to be short and the fruits smaller than was hoped earlier in the season.

The directors of the Fayette County Bank met in their regular semi-annual meeting last Saturday and voted the usual semi-annual dividend of five per cent. The report of cashier and auditing committee showed the bank to be most excellent condition, with the net earnings of the past six months larger than ever before and the deposits the largest ever known in July before in the history of the bank.

Capt. Frank L. Reagan and a party of five soldiers arrived in the city on Wednesday and will be here until next Wednesday on recruiting ruty. They have opened au office in the Chancery Court room at the court house. This is an excellent opportunity to enlist, as applicants may obtain oll information about the different branches of service and if accepted will be furnished transportation to whatever point they are sent.

At a meeting of th se interested in the entertainment for returned soldiers last Tuesday at the courthouse, it was decided to go ahead with the preparations for the entertainMe t for the boys. The date for the affair was not fixed, but it was discussed at length and tentatively agreed that it would be some time around the first of October, whether during the County Fair or before. The date will be fixed and other matters be settled upon at another meeting to be held soon. All white soldiers in Fayette county, both drafted and volunteers, who were in camps or saw oversea service, are requested to send their names and addresses to Miss Bernice Lipsky, secretary.

"Gee-Whiz! How it Hurts—The Pain in My Foot!"

"Sometimes it is in my arm. Merciful Heaven, how my back hurts in the morning!" It's all due to an overabundance of that poison called uric acid. The kidneys are not able to get rid of it. Such conditions you can readily overcome, and prolong life by taking the advice of Dr. Pierce, which is "keep the kidneys in good order." "Avoid too much meat, alcohol or tea. Drink plenty of pure water, preferably hot water, before meals, and drive the uric acid out of the system by taking Anuric." This can be obtained at almost any drug store.

Send a bottle of water to the chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night, take heed, before too late. Get Anuric (anti-uric-acid), for it will put new life into your kidneys and your entire system. Ask your nearest druggist for it or send Dr. Pierce ten cents for trial package.

Has New Office

W. A. Owen, County Agent, is now comfortably fixed up in his new office on the north side of the square, between Locke's and Leach's stores, right on the street where he has his desk, books and papers and where he can be found when in town. In the past the county agent has not had an office where he could be found and on Saturdays and other days when he was here he was difficult to find on the streets in the crowds about town. With his office and paraphrenalia at a fixed and convenient place the public having business with him will find it easier to reach him.

WAR DEMANDED A SEVERE TOLL

So Mrs. Littlefield Says—Read How Trutona Solved Health Problem.

Adamsville, Tenn., July 31—Mrs. E. J. Littlefield, 62 years old, whose husband has operated a general store in Adamsville for the past 30 years, is among the many Tennesseeans who praise Trutona, the perfect tonic she said:

"When the war had claimed our clerks, it became necessary that I help out my husband in the store. Because of my advanced age this work went unusually hard with me. Under the strain my system became all run down.

"About this time I heard about Trutona and began using the new medicine. It has helped me wonderfully and I feel so much improved that I know it's my duty to tell the people of this locality about its good work. I'm confident that Trutona is all and really more than it is claimed for it, and I hope that everybody troubled with that tired, run down feeling will give the new medicine a trial."

Trutona, the perfect tonic, is being introduced and explained in Somerville at Price Drug Co. at wholesale distributors J. S. DuBois, Son & Co.,

THRIFT MOVEMENT MADE STATEWIDE

Government Field Agents to Visit Cities, Forming Savings Societies Among Employes in Stores and Factories.

The intensive movement for the organization of thrift clubs among Tennessee wage-earners, begun in Memphis, will be carried into every city of the State during the next few weeks. Thirty trained field agents will visit stores, factories and offices to form little groups of savers wherever five or more people are associated. The object of the campaign is to encourage wise spending, intelligent saving and systematic investment in thrift and war savings stamps. The work is under the direction of Silas W. Davis, director of savings, Atlanta Federal Reserve District.

Upon the completion of the campaign in Memphis the team will be split up and sent to the smaller cities of west and middle Tennessee. The places to be visited are: Covington, Ripley, Dyersburg, Union City, Martin, McKenzie, Huntingdon, Waverly, Dixon, Brownsville, Humboldt, Milan, Paris, Erin, Clarksville, Sumnerville, Jackson, Lexington, Bolivar, Henderson, Selmer, Savannah, Decaturville, Columbia, Pulaski, and Franklin. Teams also will visit Corinth, Mississippi, Sheffield, Alabama, Tuscumbia, Alabama, and Florence, Alabama. The agents then will concentrate on Nashville for two weeks, after which they will go to Knoxville, Chattanooga, and other places.

The state-wide movement in Tennessee is in line with the national thrift campaign. Similar work has been done in the principal cities of Alabama, Louisiana and Georgia. In the fall it is planned to penetrate Florida. In every city visited the civic organization, public officials and business men have given the Government representatives the strongest support. It is believed the same type of co-operation will be given in every city in Tennessee. Memphis is strongly backing the movement, making it possible for the maximum results to be obtained there the first two weeks of the campaign.

The organization of societies among the employes in stores, factories, and offices, is only one phase of this movement. Similar groups are being formed in the rural communities among the members of the boys 'and girl's corn, pig, canning and poultry clubs; in religious and educational institutions; among social and fraternal societies and women's clubs.
