EXCELSIOR

Burr Stone Mills,

(FOR FARMERS AND MILLERS.)

AND

ANTI-FRICTION

HORSE POWERS.

Took TEN FIRST PREMIUMS at WESTERN STATE FAIRS last year, and are justly considered superior to all others. The Mill may be driven by *horse, water or steam power*, does its work as well as the flat stone mills in milling establishments, and requires but ONE-HALF the POWER to drive the largest sizes. They are very compact, perfectly simple, and for farm use will last THIRTY YEARS, and COST NOTHING for repairs.

PRICES—$100, $140, and $170.
Flour Bolt for smallest Mill, $50 extra.

THE HORSE POWER

Has proved itself to be the best ever invented. The friction is reduced by IRON BALLS, so arranged in all the bearings, that the whole weight of the castings runs upon them. THREE POUNDS DRAUGHT, at the end of a ten feet lever, will keep the power in motion. Thus permitting the ENTIRE STRENGTH of the horses to be used on the machine to be driven. ONE HORSE will do as much work on this power, as two on the endless Chain Power. IT IS PORTABLE; and may be used IN THE FIELD as well as in the house. More than TWENTY-FIVE PER CENT of horse flesh is saved over any other power in use. It is simple in construction, and not liable to get out of order.

Price of power for 1 to 4 horses, $125
Price of power for 1 to 8 horses, $175

THE $125 POWER WILL DRIVE ANY THRESHING MACHINE. EVERY MACHINE IS GUARANTEED TO GIVE SATISFACTION, OR THE MONEY WILL BE REFUNDED.

GENTS.—With two horses on your Anti-friction Power, we drive your No. 1 Mill, grinding 15 BUSHELS OF CORN PER HOUR, and cut a large quantity of hay at the same time. I have never seen a power that runs with so little friction, and consequently with so little strain upon the horses. W. P. COOPER,

THE DAY SCHOOL BELL.

A New Singing Book for day schools, called the Day School Bell, is now ready. It contains about 299 of choice Songs, Rounds Cathes, Duetts, Trios, Quartetts and Choruses, many of them written expressly for this work, besides 32 pages of the Elements of Music. The Elements are so easy and progressive, that ordinary teachers will find themselves entirely successful in instructing even young scholars to sing correctly and scientifically, while the tunes and words embrace such a variety of lively, attractive and soul stirring music and sentiments, that no trouble will be experienced in inducing all beginners to go on with zeal in acquiring skill in one of the most health-giving, beauty-improving, happiness-yelding and order-producing exercises of school life. In simplicity of its elements, in variety and adaptation of music, and in excellence and number of its songs original, selected and adapted, it claims by much to excel all competitors. It will be found to be the best book ever issued for Seminaries, Academies and Public Schools. A few sample pages of the Elements, Tunes and Songs are given in a circular; send and get one. THE CHICAGO

Evening Journal

FOR 1862,

DAILY WEEKLY AND TRI-WEEKLY.

The Chicago Journal, first established to advocate the election of Henry Clay, has followed the principles of the old Whig party into the Republican ranks; and in the party of the Union, it will, as it ever has, oppose public fraud, corruption, and the enemies of the Union. It will advocate the protection of the property of loyal Union men, in every part of the Union, and will do all in its power to assist in crushing out the causeless rebellion, which has called half a million of armed men into the field, to defend the Stars and Stripes.

But the newspaper-reading public of the West, knew too well what the Chicago Evening Journal is, to be told of it. It is only necessary to say that it now has facilities for giving THE LATEST NEWS, that it has never enjoyed before, and that its editorial and reportorial force will be increased to an extent that warrants us in promising as able and good a general newspaper, as is, or can be, published out of New York. While its political character shall be, as it always has been, fully up with the demands of the times—conservative in spirit, bold in expression, and firm in the support of RIGHT PRINCIPLES AND MEASURES, opposing wrong in all its forms, and coming out fearlessly in maintenance of the cause of justice and the people, as opposed to the machinations and intrigues of arrogance, cliques, and corrupt combinations for the aggrandizement of ambitious men or special interests, at the expense of the public welfare, it will at the same time discuss all subjects and questions of a public character freely, carefully and candidly, and give as full and comprehensive an abstract of the general intelligence of the day as can be crowded into its columns.

ITS COMMERCIAL AND FINANCIAL DEPARTMENTS shall be more full than in years past, in proportion as these interests increase in extent and importance.

THE TELEGRAPH DEPARTMENT

shall be second to that of no paper in the West. We shall continue to receive the regular Associated Press dispatches, and all the special intelligence that our careful reporters, stationed at the more important news centres of the country, can send us.

THE LOCAL INTELLIGENCE

shall continue to be given with that degree of promptness and fullness that has hitherto rendered The Journal the best Chicago local paper.

Pledged to no party, but that of the People, influenced by no consideration, but that of the public good, seeking no reward but that which an appreciative public can bestow in return for honorable and untiring efforts to edify, instruct and please them, the publisher of The Journal the support of the people of the North-west in his efforts to give them an Independent and Honest Newspaper, that dares speak the truth boldly on all subjects, and that loves to advocate a right cause and to assist in the promotion and success of all right measures of public policy, enterprise or usefulness.

With this general announcement of the character and purposes of The Journal,—and the assurance, which is scarcely necessary, that the Government and army of the Union, the cause of liberty, and the doctrines of the Constitution, will find in it as true and watchful and firm a friend as lives in the world, we submit our claims to an intelligent people, for their continued support and patronage.

THE DAILY EVENING JOURNAL,

Containing full Telegraphic Reports of news and the markets up to the hour of going to press, at 3 P. M., and where trains leave in time for the Second Edition, up to 5 P. M., each afternoon, will be mailed to subscribers at $6 per annum. $4 for 6 months. $2 for 3 month News Dealers in City and Country supplied at two dollars per hundred copies. [Express charges five cents per package.] The Daily Evening Jurnal may be had of all newsmen in the principal places in Illinois, Wisconsin, Iowa Northern Indiana and Southern Michigan, and of all the train boys on the trains that leave the city on the evening of its publication.

THE TRI-WEEKLY JOURNAL,

Containing all the news of two dailies, is issued on Tuesday, Thursday and Saturday evenings, and contains the news in the Daily of those dates,—at $4 per annum. $
