He cleaned it after using a pint of soap and a half bucket of water, but we think it was his last effort in the soap business as he left without telling his name or trying to make a sale. He also left the soap. However, we are much obliged to our mysterious friend. The soap is good.

To the Editor of the CRISIS:

After so long a time, we will bridle that animal, which is mighter than the sword, and endeavor to give your readers a peep once more into this part of "human habitation."

The Christmas tree at Muddy Lane was pronounced a success. The house was packed full, and everything passed off pleasantly enough.

Sunday school continues through the winter.

Pleasant Grove had a Christmas tree which was very pretty. The tree was either too large, or there were not enough presents to set it off. The pastor was the recipient of several useful presents [illegible] had to console ourself wit[illegible] thanks to the *fair* [illegible]

A party of you[illegible] city attended the [illegible]nite which met at Mr. Mumpower's on Saturday night. While on their way home they run off in a ditch and capsized the whole party in a snow bank. Nobody was hurt except Cal. Ihea, who got his arm slightly misplaced.

Our friend G. A. Chapman, didn't go to Washington as he anticipated.

The oyster supper at O. F. Butler's, was one of the suppers of the season. Likewise was the one at Cottonwood Grove.

Tom, don't you want to go to a candy pulling? BRUTUS.

—Sheriff Leeper, who has been confined to his room with a severe case of rheumatism, is again able to be about.

—The word has just reached this city, that Chas. M. McCrowether, formerly of this place, died in Park county, Indiana. He had been practicing medicine there.

—We understand that the Catholics have purchased a piece of ground near the residence of Mr. F. D. Carpenter, on which they propose to erect a church and college.

—There was a surprise party at Mr. John R. Tisdale's last Tuesday evening Music and dancing were indulged in by the young folks until a late hour. All report a good time.

—Mr. James, living a short distance north of town, gave a very pleasant party at his residence, yesterday evening, at which dancing was indulged in. Quite a party from town attended.

—Vieuing the prospect for our business in the coming years, considering the hard times and small margin at which we will be compelled to sell lumber, we concluded that our profits would not pay two men, hence Mr. McDonald withdrew, and I remain at the old yard where I will be glad to see my old friends and everybody else in the want of lumber. I can and will meet any competition. Hannibal not excepted. J. A. GRACE.

He also ommitted to tell you that T Triplett keeps the Inter National Hotel, situated south west corner of square. He also ommitted to tell you that Mr. Custer drove across one of the main streets, and was sued for trespass and fined five dollars and cost. We hear that he intends to appeal the case. "Go in brother Joe." Herzford, Jones and Trax have bought a drum, and are learning to use it and other musical instruments. As they live near Turkey Bend, we suggest the name of Turkey Bend Band. W. H. Jones says "this is a good time to build lance;" he has been following that occupation for the last few days.

The young lady is a daughter of one of our best citizens—Dr. Flournoy—and recognized as among the belles of Linneus. May their married life be one of "happy usefulness," is the wishes of their many friends.

Turkey Bend Items.

TURKEY BEND, G. R. Tp., Jan. 6, '79.

As a few items from this part of the country may be of interest to some of your many readers, your correspondent asks room for the following:

The health of the people during this extremely cold weather is generally good.

Mr Dowell, who lives half a mile from the Leaton school house, has a little boy who is lying very low with the dropsy. The unfortunate boy has the deepest sympathies of his school mates, and their sincere hopes are, that he may recover.

The mercury showed twenty degrees below zero last Friday morning, at the residence of Mr. Wm. Smith, but as the thermometer could not show any lower degree, it is hard to tell how low it would have gone, had it had space. Mr Leaton thinks it wood have shown at least 24 degrees Please inform us through your paper, of the lowest degree which the thermometer has shown during this cold "snap."

W. T. Dixon, teacher of the Leaton school, is getting up an entertainment for the last day of school. It is sure to be a success, as no better material could be found in the county, than the pupils of that district. We had the pleasure of attending a social "hop" at the residence of James Toppas, Esq. We have attended a great many social gatherings, but never enjoyed ourselves better than at this one. Everybody present seemed to enjoy themselves, and, for the time, "loathed melancholy" was lost amid glowing hours, which by the youth and beauty gathered there, were "chased with flying feet."

TALLAMASMICO.

Meadville.

We spent a few hours in Meadville Saturday, and had the pleasure of meeting our former townsman Mr. G. D. Graham, who is running the flouring mills at that place. George has built up the reputation of the mills for fair dealing and good flour, so that people come from a distance of twenty-five miles to trade with him. Owing to the scarcity of buckwheat he sets apart certain days for grinding that grain, the 23d of this month is set for that purpose.

Elder James, minister of the Christian church, died at his residence at Meadville on last Saturday morning.

Elder Smith, late democratic candidate [illegible] from this county [illegible] Wheeling [illegible] school. The [illegible] [illegible] [illegible] days.

[illegible] The guests of the Kellogg are [illegible] upon the fat of the land.

Our legal friend G. A. Field Esq. was absent at Laclede whither he had taken about half the inhabitants of Meadville as witnesses in a law suit he was defending. We are glad to learn that Gus is doing well as he is a talented young man and well worthy the high reputation he is gaining.

We were disappointed in not meeting our esteemed friend Abe Marks, Esq., he was also attending the Laclede law suit.

Ross McMullin is the proprietor of the best dry goods and clothing store in the town. He is a son of our fellow citizen Mr. Thomas McMullin.

TO ALL WHOM IT MAY CONCERN.

Notice of intention to Apply for the Passage of a Local Law.

Notice is hereby given that numerous citizens of Livingston county, Missouri, intend to apply to the next General Assembly of the State of Missouri for the passage of a special or local law to prohibit the use of seins, nets, or other artificial means for catching, killing or removal of fish, except by angling, from what is known as the "Cut Off," situated on the south-east quarter of section 10, and northeast quarter of section 15; township 57, range 24, Livingston county, Missouri.

FRIENDLY SUGGESTIONS

To Travelers, as well as to those seeking New Homes in the West.

The summer of 1878 will long be remembered by many on account of the extreme heat, as well as by the *terrible plague* that has visited certain sections of our country. Therefore, if you are about *taking a trip to the West*, either for pleasure or to look out a location for a *New Home*, look to locate on (or near) so, the *same latitude on which you formerly lived*. The reasons for this are many. You will escape the severe climatic changes and fevers incident to North or South, consequently you will experience no *poor health*, which is a great drawback to the new settler, and in this way you become *producers at once*. The *Hannibal & St. Joseph R. R.* is located upon the *happy medium* between North and South, running through the northern part of Missouri, where there is no plague or pestilence, and upon which line *thousands of happy settlers are located*, and on account of the wonderful fertility of the soil, together with the *best of markets* have become *independent*, and surrounded as they are with the *best of schools and churches*, together with all the *home comforts*, are a prosperous and happy people.

AS THE BEST FAMILY SEWING MACHINE.

Its competitors receiving only as much, for some special feature of their machines.

The World-renowned Wilson Shuttle Sewing Machine

Has unlimited capacity to do all kinds of Family Sewing and Manufacturing.

ITS PATENT AUTOMATIC "CUT OFF" on the hand wheel prevents the machine from running backwards, and obviates the necessity of taking the work from the machine to wind thread on the bobbin, which must be done with all other Sewing Machines, to the great annoyance of the operator, especially in tucking, hemming and ruffling. It does one-third more work in a given time of time than any other Sewing machine.

WITH EVERY MOTION of the FOOT the MACHINE MAKES SIX STITCHES.

Three Wilson Machines will do as much work in one day as four other Machines.

It requires no special instructions to use it; an Illustrated Direction Book is furnished with each machine.

IT CANNOT GET OUT OF ORDER, AND THE ADJUSTMENTS ARE ABSOLUTELY PERFECT.

A properly executed Certificate is furnished with each machine, guaranteeing to keep it in repair, free of charge, for five years. Machines sold on easy terms of payment, and delivered, free of charge, at any Railroad Depot in the United States where we have no Agents.

Send for Illustrated Catalogue. Agents Wanted.
