—N. W. Ayer & Son's American Annual Newspaper Directory for 1881 is on our table. It is one of the most complete Directories we have received. It gives the name of every paper published in the United States and Canada. It gives the population of each place in which newspapers are published, and also the population of the county and State in which it is situated. Under each State heading is given its capital, the number of counties in the State, the number of counties and places in which papers are published, and the number of towns which are county seats. It is not only a good newspaper directory but a valuable book for reference.

—Brunswick News: It has been known for several days that an investigation of H. H. Davis' accounts, as a former collector of this county—which, under orders from the county court, has been conducted by County Clerk Dysart, assisted by his deputy, Mr. John Lee—was completed, and the report was ready to be submitted to the court at its November term. Notwithstanding the efforts to keep the result a secret until such session of the court, it has leaked out that the decision is adverse to Mr. Davis. The estimates have been made, the balance struck and verified: and it is shown by Mr. Davis' own books, as to the amounts received by him, and his settlements with the court, showing the amounts accounted for, that there is still in his hands (in addition to the nearly $8,000 of school monies already refunded by him) something over $13,000.

—Died—In this city, on Monday, October 17, 1881, Mr. Herman Kuechle, aged 48 years. Deceased was taken sick with fever about fifteen weeks ago and lingered until last Monday. He was in very poor circumstances, but when in health managed to support his family very well. When he took sick his faithful wife went out and washed almost every day to support the family and buy her husband medicine, but two or three weeks before he died she, too, took sick; the older daughter was also sick with fever. They were in a pitiful condition, but kind friends attended, giving them kind words and material aid. Judge Davis, on behalf the county, also aided them. Deceased leaves a widow, his second wife, and two daughters by his first wife, Laura and Pauline. Laura and Pauline are cousins of Litta, the prima donna, who sung here last winter. The family live in the first ward in part of Mrs. W. O. Jennings' house. We hope our citizens will visit them and give them their sympathy in their great sorrow.
