THE BLIND SEE.

A Hundred and Seventy-Five Years Blind—Restored to Sight in Four Hours and Ten Minutes.

Dr. Kimberlin, of the Kansas City Eye and Ear Infirmary, corner Eighth and Grand Avenue, has had submitted to his treatment and operation twenty-five patients, who had suffered, on an average, seven years; the loss of vision due to cataract, or they had been in the aggregate period of darkness, 175 years. Twelve were restored to sight, and the other twelve four hours and ten minutes allowing ten minutes for each operation.

These wonderful and gracious cures are due to the marked skill and advancement made, in late years, in that department of the healing science which treats of the eye.

In these two successive operations Dr. Kimberlin operated in regular succession, without a single failure. In cataract operations, (extraction) the eyeball must be split open, the aqueous humor escaping and the dead lens removed within the cavity of the eyeball, and yet the sight saved. This is regarded as one of the most exact, dexterous and skillful operations in surgery. *K. C. Journal.*

Dr. Kimberlin can be consulted at Chillicothe the 12th of every month, office at Browning House.

Politics at Brunswick.

Special dispatch to the Globe-Democrat.

BRUNSWICK, Mo., Oct. 4.—To-day was a grand field day for the Republican party of Brunswick. The occasion was the raising of a pole 120 feet high, on which a beautiful Blaine and Logan banner was thrown to the breeze. It was the largest political meeting ever held in old Chariton county. Fully 7,000 people were present. In the afternoon Judge E. J. Marsh, of Chillicothe, for an hour and a half ably discussed the questions of the day, followed by Mr. C. H. Tandy, the colored orator of St. Louis. In the evening 500 Plumed Knights were in line, and Capt. W. N. Norville, candidate for Congress, made a masterly address, followed by Major Drumhiller. Blaine and Logan Clubs from DeWitt, Carrollton, Keytesville and Dalton were present. The Brunswick brass band gave splendid music. Dr. John A. Logan spoke eloquently at the pole raising, and amid great enthusiasm the meeting adjourned with cheers for national, state and county tickets.

Speaking at the Court Room

Next Saturday Night, By Judge Donovan and Others.

There will be a Greenback meeting long at the Court Room, next Saturday night. Speaking by Judge Donovan, C. R. J. McInturff, Esq., Dr. A. S. Cloud and others.

It is desired that all who favor the election of Gen. Butler attend, as there are important matters of organization which should be acted upon.

A general invitation is extended.

The Re-Union.

Last Thursday, the second day of the Soldier's re-union, was a beautiful day and an immense crowd of people thronged our streets and filled the camp grounds. The programme was carried out. Many happy hearts were there among the old soldiers. Old comrades—tried and true—who had not met for twenty years met. We witnessed one of those meetings and it was indeed an affecting scene. A soldier looked at another's face; his eye sparkled; then looked at his badge, which confirmed his belief, then exclaiming "old 116th Illinois, God bless you," clasped him in his arms and kissed him as a mother would kiss a long lost boy.

The display of fireworks by the Flambeau Club of Topeka, Kansas, was a grand and awful sight. As some expressed it, it looked like "hell loose." The captain of the club estimated the crowd that witnessed the display at fifteen thousand.

The last day, Friday, was also successful. The attendance was large, but not so large as on Thursday.

Drawings.

As I was passing through the country lately, I could not but notice the improvements going on. Among the recent new buildings put up in this vicinity, we notice the residence for J. L. Jones, which is a fine structure. A neat cottage on the widow E. D. James' farm. Wm. James has also just completed a new house of ample dimensions, for the accommodation of his family. A. W. Marple is putting up a fine residence. The good people of the Baptist persuasion in the neighborhood south of town, have built a nice church edifice. Glad to see such practical manifestation of moral christian grace in the community. D. W. Lewis has just completed a commodious barn.

During this last summer the everlasting windmill man was through this country and must have been successful in his calling, judging from the number of those winged machines that are perched on high pedestals all over the country. All such improvements, I should think, attest the fact that our county is still prosperous and prospering in spite of the general cry of hard times, poor crops, &c.

Don't think that Dawn is backward in the line of improvements; no, sir, she grows with the country.

Mr. Joseph Park has just completed a nice new house. Mr. H. Snare has improved his house by putting on another story. S. Baumgarger re-roofed his house, last week.

Last week, Mr. J. H. Reed took to himself his better half and appears to think well of his bargain.

Last Tuesday, September 30, an old and respected citizen of Dawn, (who was 71 years old) fell into a small creek, (which was swollen by the shower) and was drowned before assistance could reach him. Mr. Lewis was the first Welshman who settled in this neighborhood in 1836, and has resided here ever since until his death as above stated.

NOW AND THEN.

A Great Discovery.

Mr. Wm. Thomas, of Newton, Ia., says: "My wife has been seriously affected with a cough for twenty-five years, and this spring more severely than ever before. She had used many remedies without relief, and being urged to try Dr. King's New Discovery, did so, with most gratifying results. The first bottle relieved her very much, and the second bottle has absolutely cured her. She has not had so good health for thirty years."
