Cleveland and Tariff Reform—Thirty-Four Good Votes Sure for Grover.

The Sedalia Convention Expresses the People's Will

Jones, Maffit, Phelps and Clardy the big Four—Ringing of Resolutions are Adopted in Favor of Tariff Reduction and Free Coinage of Gold and Silver.

Sedalia, Mo., May 11.—Delegates at large: Charles H. Jones of St. Louis, Charles C. Maffit of St. Louis, W. H. Phelps of Jasper county and M. L. Clardy of St. Francois county.

Alternates: T. T. Crittenden of Kansas City, J. H. Carroll of Putnam county, C T. Cochran of Buchanan county and Richard Bland of Ralls county.

This delegation was selected by the democratic party in convention to day to represent Missouri at large in the national convention at Chicago. They are for Grover Clevland to a man.

They were selected with little friction. No more enthusiastic or harmonious convention was ever held in the state. It was a Cleveland convention, too, from start to finish. If there was any opposition to the "man of destiny" it was not manifest. So unanimous was the feeling in fact, that it was decided by the committee on resolutions to "request" and not to "instruct" for him.

There came to the convention from St. Louis factions on Jones and Maffit. Near the close of the balloting just before St. Louis was reached on the roll call, Major Jones attempted to heal any wounds that might have been made by arising and stating that it had been agreed to divide the strength of the city delegation and requesting his friends to vote for Mr. Maffit whether Mr. Maffit's friends reciprocated or not. Governor Francis was on his feet instantly. He said that Mr. Maffit courted a test of strength.

When the roll was called Jones' friends did vote for Maffit but got very few favors in return. Governor Crittenden got 234 votes It took 263 to elect. He owes his defeat principally to the fact that Jackson county did not send a delegation that had his interests entirely at heart. He got the full thirty two votes, but fully half of the delegation worked in another direction.

CALLED TO ORDER

Chairman Maffit called the convention to order and introduced Judge E. H. Norton of Platte county as temporary chairman and H. L. Gray of Sturgeon as temporary secretary. Judge Norton made a brief address. Committees on credentials, order of business and permanent organization and resolutions and a vice president from each district were named and the convention adjourned until 2 o'clock.

The convention was called to order promptly at 2 o'clock, but it was an hour before the committee on credentials was ready to report. The intervening time was happily employed in listening to addresses from Col. C. H. Jones of St. Louis, Cochran of St. Joseph, Governor Francis, W. H. Wallace of Kansas City and others.

Mr. Wallace made by all odds the best speech of the day. The eloquent Kansas Cityian fairly outdid himself. It is doubtful if any man in Missouri ever created more enthusiasm in any impromptu speech.

The work of the committee on credentials was eminently satisfactory as was that of the committee on permanent organization. The latter recommended the election of Walter Young of St. Joseph as permanent chairman and Lee Chiswell of Lamar as secretary.

Hon. Jake Childs of Richmond read the report of the committee on resolutions. It follows:

THE RESOLUTIONS.

Resolved—First, That we reaffirm the principles of the democratic party as contained in the platform of that party adopted in the national convention at St. Louis on June 7, 1888.

Second—That we assert the equality of all men before the law and insist that it is the duty of the government in administering the affairs of the nation to afford equal and exact justice to all citizens of whatever nativity, race, color or persuasion.

Third—That while taxation is necessary for the support of the government, we denounce the system of taxation advocated by the republican party a system which favors and protects the few at the expense of the many, which creates, and fosters monopoly and crushes honest labor, which makes the rich richer and the poor poorer; which invites and induces capital by subsides and favoritism to sustain the government in the exercise of arbitrary and unconstitutional powers, and builds up an aristocracy of wealth, destructive of public morals and dangerous to individual liberty: and we therefore maintain that all taxation should be limited to the necessities of the government, economically administered, that all unnecessary taxation is unjust taxation; that we advocate a radical reform in our present tariff and as this question affects so deeply the interests of the great mass of our fellow citizens, we insist that it should be made the paramount issue in the approaching elections.

GOLD AND SILVER CURRENCY.

Fourth—We reaffirm the announcement contained in the national democratic platform of 1888 to wit: "That we favor honest money, the gold and silver coinage of the constitution and a circulating medium convertable into such money without loss;" and we denounce the hypocrisy of the republican party which, while claiming in their national platform to be "in favor of the use of both gold and silver as money" and of maintaining gold and silver at a parity proceeded at the first session of congress thereafter to demonetize silver by the passage of an act repealing the existing law, which provided for the monthly purchase and coinage by the government of not less than $4,000,000 worth of silver bullion, making silver bullion thereafter a mere mercantile commodity and limiting the coinage thereof monthly for one year only, ending July 1, 1891, the effect of which has been to greatly depreciate the value of the silver product, to increase the price of gold and impose additional burdens upon the debtor class of the community by reducing the market price of property and limiting the means of payment.

Fifth—That when a public officer has been tried and found to be able, brave, honest and patriotic in the discharge of his duties the democratic party is willing to enturst to his fidelity and manhood the duties and responsibilities devolving upon the president of the republic, in the full confidence that he will not betray his trust nor deceive anyone in regard to his opinion on questions of public policy, and that we recognize Grover Cleveland as the man who above all others has the entire confidence of the American peeple and is best qualified to be our leader in the approaching contest No stain attaches to his public or private career and no citizen of any party believes that either the temptations of wealth or the allurements of ambition will ever induce him to betray his trust.

ELECTION OF DELEGATES.

After a brief discussion by the Hon. W. F. Switzer, these resolutions were adopted unanimously and without change. Then followed the speechmaking. E. C. Crow of Jasper named W. H. Phelps Ben Eli Guthrie of Macon nominated John H. Carroll; J. C. Kirby of Howells seconded it. John H. Taylor of Independence put ex-Governor Crittenden before the convention; George F. Longan seconded it. The Hon. W. F. Tuttle of Pettis named Col. C. H Jones; General Jim Lewis of St Louis and Jake Childs of Ray lent him a helping hand. John H. Overall spoke a good word for Maffitt, as did Ed Harbor of Trenton. Jasper N. Burks, of St. Francois county named M. L. Clardy, and Thomas F. Ryan of Buchanan nominated Cochran.

The first ballot resulted: Jones, 347; Maffitt, 416; Clardy, 290; Crittenden, 234; Phelps, 384; Carroll, 287; Cochran, 130; Bland, 5. Necessary to a choice, 263.

Mr. Carroll moved to make the election of the four leaders unanimous, and a delegate from the seventh district moved that the other four be declared alternates. Both motions were carried with a cheer.

District delegates and alternates were then reported as follows:

First—B E Guthrie and W B Hayes; alternates, J S Anderson and Eli Schofield.

Second—John L Merrick and T L Dines; alternates, John C Beirsall and T J Harrington

Third—D C Allen and E S Garver; alternates, F G Smith and H S Berry.

"OLD ZEKE."

From the testimony in the Raum investigation it appears that Col. W. W. Dudley was rerated as a pensioner without examination or investigation of any sort and received in conseqence thereof the snug sum of $8,000 arrears of pensions. In view of this very considerable gratuity it would seem that the hero of the "blocks of five" victory might be willing to forget the snub administered by the president who failed to ask him to dinner.—Jefferson City Tribune.

How to Succeed. 2

This is the great problem of life which few satisfactorily solve. Some fail because of poor health others want of luck, but the majority from deficient grit—want of nerve. They are nervous, irresolute, changeable, easy to get the blues and "take spirits down to keep the spirits up." Thus wasting time, money, opportunity and nerve force. There is nothing like the Restorative Nervine, discovered by the great specialist, Dr. Miles, to cure all nervous diseases as headache, the blues, nervous prostrasion, sleeplessness, neuralgia, St. Vitus dance, fits and hysteria. Trial bottles and fine book of testimonials free at H. L. Tucker's drugstore.

Entertaining lions is sorry business. The Chicago Times says: "The Duke of Newcastle is coming to Chicago and expects to take a house here for the coming great exposition. New York is already hoisting distress signals."

We've heard of a woman who said she'd walk five miles to get a bottle of Dr. Pierce's Favorite Prescription if she couldn't get it without That woman had tried it. And it's a medicine which makes itself felt in toning up the system and correcting irregularities as soon as its use is begun. Go to your drugstore, pay a dollar, and try it—try a second, a third if necessary. Before the third one's been taken you'll know that there's a remedy to help you Then you'll keep on and a cure will come. But if you shouldn't feel the help should be disappointed in the results—you'll find a guarantee printed on the bottle wrapper that'll get your money back for you.

How many women are there who'd rather have money than health? And "Favorite Prescription" produces health Wonder is that there's a woman willing to suffer when there is a guaranteed remedy in the nearest drugstore.

A foreign correspondent says: Nowhere in Europe is the struggle for existence fiercer at the present moment than in Germany. The nation is growing at the rate of 13 per cent per annum, practically at about the same rate as the British. Allowing for deaths, there is an addition to the population of 600,000 which, deducting 200,000 who emigrate, leaves an increase of 400,000 for whom room must be made and food must be provided.

A mother's mistake 2

Mothers frequently make a mistake in neglecting the cough of a child. A Fort Wayne, Ind., lady writes: My little daughter 6 years old had a severe Cough but as it was nothing unusual I thought nothing of it, and allowed it to run on for 5 or 6 weeks, when it became so obstinate she began losing flesh. I called in a physician who treated her three weeks without benefit. A neighbor insisted upon my trying Ballard's Horehound Syrup. It relieved her from the first dose and she began gaining flesh rapidly, when we had used two bottles her cough was entirely disappeared. I would not be without it. It does not constipate my children. Ballard Horehound Syrup is free from Opiates. It's the most soothing throat and lung medicine in the world. Price 50c. and $1.00. Sold by H. L. Tucker.
