## CARNEGIE'S GIFT TO BALTIMORE.

### The Steel Magnate Promised $263,000 to Replace a Burned Institute.

Baltimore, Jan. 1.—Soon after the fire of last February the trustees of the Maryland Institute, which was entirely destroyed, made a statement of their losses to Andrew Carnegie and asked his aid. The correspondence which followed has led to the proposition contained in the following letter, now made public as a New Years gift to the residents of this city:

Dec 8, 1904. My Dear Dr. Gilman: Yours of Dec. 2 received. As I understand the situation the total assets of the Maryland Institute are $263,000, Insurance, $70,000; endowment, $18,000; contribution from state, $175,000. The city of Baltimore furnished the institute with a site and it seems reasonable to expect that the city would not do less when the institute is ready to rebuild.

I presume that an amount equal to what it has now, say $263,000, would provide a suitable building, the site being given by the city. If this can be arranged, it will give me great pleasure to furnish that sum, which would duplicate the assets for the erection of the building.

Very truly yours,
ANDREW CARNEGIE.

### Doesn't Respect Old Age.

It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age. Dyspepsia, jaundice, fever, constipation all yield to this perfect pill. 25c at Frank T. Clay's drug store.

### Fight Will Be Bitter.

Those who will persist in closing their ears against the continual recommendation of Dr. King's New Discovery for Consumption, will have a long and bitter fight with their troubles, if not ended earlier by fatal termination. Read what T. R. Beall of Beall, Miss. has to say: "Last fall my wife had every symptom of consumption. She took Dr. King's New Discovery after everything else had failed.
