Slip a few Prince Albert smokes into your system!

You've heard many an earful about the Prince Albert patented process that *cuts out* bite and parch and lets you smoke your fill without a con[illegible]ck! Stake your bank roll that it proves out every hour of the day. Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

There's sport smoking a pipe or rolling your own, but *you know* that you've got to have the right tobacco! We tell you Prince Albert will bang the doors wide open for you to come in on a good time firing up every little so often, *without a regret!* You'll feel like your smoke past has been wasted and will be sorry you cannot back up for a fresh start.

You swing on this say-so like it was a tip to a thousand-dollar bill! It's worth that in happiness and contentment to you, to every man who knows what *can* be gotten out of a chummy jimmy pipe or a makin's cigarette with Prince Albert for "packing"!

PRINCE ALBERT

the national joy smoke

R. J. REYNOLDS TOBACCO CO. Winston-Salem, N. C.

THE Prince Albert tidy red tin, and in fact, every Prince Albert package, has a real message to you on the reverse side. You'll find Process Patented July 30th, 1907. That means that the United States Government has granted a patent on the process by which Prince Albert is made. And it is such a unique bite and parch killer that we can't give you the formula. Every [illegible] will find Prince Albert smoking you right. It's Sporty, tasty, tuneful, and in the long run, handsome. Get a pound today and fill up the chummy jimmy and roll cigarettes with it. Smoke it in any way you like and in the clean, cool, sweet-smoking quality it will keep the smoker in such fine condition—always!

Reed and McAllister Draw Big Crowd

Lutesville had a big crowd last Saturday, in fact it was a red letter day, the number of people being estimated at from fifteen hundred to two thousand. The weather was ideal and the people came from all parts of the county and many came from surrounding counties.

Senator Reed and Frank McAllister, candidate for attorney general, were met at the train by the reception committee and band.

The big tent was ready and at the appointed time the meeting was called to order by Dr. W. A. Reynolds, chairman of the Democratic central committee, after the band had rendered more excellent music, and introduced Mr. McAllister, who, in his opening remarks, paid Senator Reed a beautiful tribute, as to the citizen, as well as public servant, which met with prolonged applause. He then spoke for twenty minutes or more on some of the more important state issues and his remarks held the closest attention of the big crowd and were frequently applauded, and it was plainly evident that he won many friends in the short time he spent in Bollinger county.

Mr. Reed was then introduced and for two hours the eloquent man from the city on the Kaw, held the closest attention of the largest crowd that ever assembled in a political meeting at Lutesville and, notwithstanding the fact that he had requested all to keep quiet, because of the husky condition of his voice, the applause broke forth at frequent intervals and sometimes it was loud and long.

He told the people of the achievements of the Wilson administration and did it forcefully and interestingly, as Mr. Reed is well able to do. Senator Reed has a host of friends in Bollinger county and his visit was very satisfactory. At the close of his address there was loud and prolonged applause.

While the band played Dixie, men and ladies and children crowded to the platform to shake the hand of him whose sterling honesty and integrity, has won him the confidence and love of his countrymen.

Statement of Repairs on Footbridge

Believing that the wid st publicity should be given to the expenditure of public money, and knowing that the people are entitled to the same with reference to the footbridge committee, appointed to supervise the rebuilding of the foot bridge between Marble Hill and Lutesville, beg to report as follows:

By amount received from donation	$50.25
" " " " county	45.00
old lumber sold to E. Hahs	5.00
Total receipts	$100.25
To amount paid D. W. Burford for nails	$ 4.85
To amt paid Sam Newell for labor	20.72
" " " Emanuel Masters "	20.72
" Ricketts Brothers for lumber	54.00
Total expenditures	$100.29

We wish to say that we should have been glad to have made further improvements on the bridge but as our funds were limited we had to do the best we could with the amount available. We hope this statement will meet with the approval of all concerned for we have done our best to make each $1.00 bring in 100 cents of value.

We Told You So

Over twenty-five years ago we helped to organize the first mutual fire insurance company at Rock Port, Mo., and the first mutual tornado insurance company in the state of Missouri. The wise men of that time told us we would fail in this undertaking in less than five years, but, behold our mutuals have outlived a quarter of a century and have paid out over $200,000 in losses. Our companies insure brick business houses and contents and frame and brick dwellings and contents in towns and cities in Missouri and automobiles anywhere in Missouri, against loss or damage by fire, lightning, tornadoes, cyclones and windstorms, and farm property against tornadoes, anywhere in the state of Missouri. In the State Mutual Automobile Insurance Co. the insurance is good anywhere in the United States or Canada.

The Rock Port Mutual Insurance companies have over fifteen million dollars in assessable capital, as can be seen by our new book of information, containing ten thousand names, that is now ready to mail free to anyone sending a request. Sample can be seen at the office of The Press.

P. S.—Remember the Mutual Insurance companies of Missouri have saved the people of the state over twenty-five million dollars in twenty-five years.

Lutesville High School Notes

The basket ball game which was played by the Lutesville High School and the Blodgett High School was won by the Lutesville boys by a score of 42 to 7. A large crowd turned out to see the game and the team is very thankful for the support they received from the cheering on-lookers. This is the first game our team has played this season, but it proved very successful to them. We hope they will have as good support from the cut iders and be as successful in their future games. The Blodgett team seemed very enthusiastic over the game, but they were outplayed by the Lutesville boys. The game was refereed by Arnold Zimmerman, a teacher in the Jackson High school, and southeast Missouri's greatest athlete. Please attend the next game and root for the boys. They will appreciate it.

A debating and oratorical club will be organized among the High school students in the near future. The object of this organization is to give the students a chance to develop their public speaking talent and to choose debaters for the squad that will meet Advance and some of the other high schools in debating contest. The school expects to win at least a part of the contests, and this will afford a place to choose the most competent debaters.

Dr. Lages delivered an interesting lecture to the school Monday morning on "The Care of the Eyes." Dr. Lages is a specialist on the eye and we hope to have him with us again in the near future. The care of the eyes is very important to the school children and for this reason Dr. Lages has chosen this subject for a series of lectures, which he will render during our morning exercises.

The small girls and lady teachers of the grades were very successful with the lunch stand, which they had on the streets Saturday. They took in a considerable sum of money, which will be used to purchase some library books.

Miss Ruby Windes, one of our old students, has returned and entered school. Miss Ruby is a member of the junior class. We hope she will find the school and students more energetic and ambitious than the previous year.

The first meeting of the literary society was held Friday evening. A short program was rendered. Both teachers seemed well pleased with the first meeting and expressed their confidence in the success of the society. The society will render a program every two weeks.

Adolphus Lages returned Friday from Sedalia, where he attended the state fair. He states that he had a pleasant trip and saw many interesting sights. He feels that he has not missed a week of school in vain, but that he has learned something and really profited by his trip. It is hoped that this county will be represented by two boys instead of one next year. G. E.

The Neighbors Say

If he is regular in attending church, he is too pious.

If he doesn't attend church, he is on the road to perdition.

If he sends his family away for the summer, it is more than he can afford.

If he doesn't allow them a vacation, he is called stingy.

If he happens to be successful in business, he achieved success late in life.

If he doesn't succeed, he missed his calling.

If the piano is silent, why didn't they buy a player.

If they have a player piano, it annoys the whole neighborhood.

If he gives freely to charity, it is for show.

If he doesn't, he is classed as a skinflint.

If his wife does her own work, she is "killing herself" for the family.

If she has servants, she ought to be more economical.

If he dies young, he led too fast a life.

If he lives to a ripe old age, he is living beyond his time.—Judge.
