Labor Is Scarce and High

so the wise thing for the farmer to do is to get completely equipped with the best and latest improved farm machinery

THE OLIVER--

to accomplish as much with one man as you formerly did with two; and another wise thing for you to do is to buy early. Should the war in Europe close this year the demand for farm machinery over there will cause prices to soar sky high.

Let me furnish you with all kinds of farming implements at prices you can't equal anywhere else.

Yours for business,

J. A. BERRY, Glen Allen, Mo.

Mrs. Meehan will have hours for teaching Voice, Piano and Orchestra instruments in the College chapel during the early summer months. Pupils desiring appointments call 'phone 91.

Money To Loan

On 5 to 40 years time at 5½ per cent interest. For particulars write E. F. Crawford, box 708, Flat River, Mo. 41

Misses Lena Sieger, Anna Backouty, Mary Hufstedler, Celia Goyem, Verena Recker, Helen Mae Christesen of Portageville High school motored their friend and teacher, Mrs. G. H. Williams to her home in this city Saturday to be present at the closing exercises of Will Mayfield College. The big rains came and washed the railroad out and they were compelled to stay a day or two longer than they intended, but seemed to enjoy their visit hugely. Mrs Williams has been employed to teach at Portageville again next year at an increase in salary, and her sister, Miss Willie Davault, has accepted a position in the same school for the next term.

ANNOUNCEMENT

The activities of the Woman's Third Liberty Loan organization will close with a program at Baptist church, Marble Hill, May 18 beginning at 8 o'clock p. m. Beautiful, patriotic music will be furnished by the orchestra. The essays and poems will be read and the prises awarded. Come out everybody and enjoy this free for all talk, for our country.

Woman's Committee.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, 75c.

Take Hall's Family Pills for Constipation.

Give King Corn a royal welcome to your home.

Robert Cook of Camp Funston is at his home near Sedgewickville on a few days' furlough.

Louis Neff, a clever citizen of near Scott, was in town Wednesday and has our thanks for renewal favors.

F. P. Welch of near this city received a message Wednesday morning informing him of the death of his son Fred, who had been employed in the Terminal railroad yards in St. Louis as a switchman several months. No particulars as to the cause of his death were given. D. C. Kelley went up that day to look after and bring the body back for interment which will occur in the Hahn chapel cemetery near this city, we are told. The parents and other relatives have the sympathy of the entire community in this their hour of sad and sudden bereavement.

W. M. C. Commencement

The commencement program was rendered in the Baptist church Monday evening, May 13, thus closing another year of successful work of this old, reliable institution.

The program consisted of music by the orchestra, piano selections by the graduates in that department, vocal selections and the addresses of the various officers of the class.

Class president, Lafe Richards, covered himself with honor when he led with a well prepared address, which was followed by a piano selection by Miss Ethel Chostner.

Miss Mabel Prescott recited the class poem in a most satisfactory manner, after which the vocal class, followed by Mrs. Meehan, rendered excellent selections.

Miss Gleon Wisemarver, the class prophet, gave an interesting prophecy of what is in store for the six graduates of 1918. A piano selection by Miss Tellia Engelmart followed this readings.

Class orator, Miss Anna Caldwell, who had chosen "The Universal Benefactor" for her subject, next came forward and deserves much credit for the able manner in which she prepared and delivered her oration.

Class historian, Lester Stewart, rendered an interesting and amusing account of the ups and downs of the class during the four years they have been in school together.

A piano solo by Miss Mildred Henry, the third member of the piano class, who have finished the course in the school under Miss Wells' guidance this year. Each of the girls gave evidence of the fact that they had spent much time under a competent instructor and, over a keyboard, and are well prepared to brighten their homes and the lives of those about them with excellent music.

Edward Shinkard came forward with the last will and testament of class 1918 and read the document in a very dignified manner.

A selection by the orchestra was followed by the presentation of diplomas by Hon. F. M. Wells, president of the board of trustees.

Another class of young ladies and young gentlemen have gone out from Will Mayfield College with the best wishes of all with whom they have been laboring, and with the hope that they will go on into larger fields of preparation for useful and happy lives.

ESTES BROTHERS,
MARBLE HILL, MISSOURI

Wanted!

IF YOU ARE A DEALER ON THE ALERT TO secure the agency for the latest, improved, quick-selling articles, investigate this proposition today—and don't rest until you understand it thoroughly—the selling possibilities will astonish you.

THE ARTICLE IS CALLED *The Alamo Farm Light Plant;* it is no ordinary acetylene plant. Several officials of one of the big gas-engine companies of the country have pronounced it the most efficient electric light plant ever produced.

THE ALAMO HAS PATENTED EXCLUSIVE features—no one can manufacture one like it. It has been so skillfully constructed, so cleverly arranged, that with the exception of suppressed water, gasoline and oil, it takes care of itself. It turns off the current of a dynamo and stops automatically when battery is charged, or when oil, water or gasoline become low. The motor is a 4-cycle, Ide Super-Silent, sleeve-valve. No vibration, no special base needed, no valves to bother with, electric governor. Current may be used off the generator, off the battery, or both together. The cost of operation will average one cent an hour for seven lights—the cleanest, safest, and most economical light.

THE OUTFIT IS BUILT TO LAST A LIFETIME. The plant practically sells itself—and stays sold.

IF POSSIBLE, COME INVESTIGATE AT ONCE, and also write us—we. A few days from now may be too late.

WEBER IMPLEMENT & AUTOMOBILE CO.
1909 Locust St. Louis, Mo

A DEALER

W. C. Bollinger and Florence Sengbaugh of Sedgewickville were here attending to some business at court Wednesday and the latter was a pleasant caller at this office.

When you have Dizziness, the liver or kidneys are sure to be out of gear. Try Sanol, it does wonders for the liver, kidneys and bowels. A trial 35c bottle of Sanol will convince you. Get it at the drug store.

"Mary Jane's Pa"

The Red Cross play, "Mary Jane's Pa", presented by community players at Drum's hall in Lutesville Tuesday evening, May 14, was a decided success, financially as well as otherwise. The hall was full to overflowing and the proceeds amounted to $94.50. Space will not permit us to give each player special mention, but they all deserve much credit for the effort they put forth and for the way they acquitted themselves. The play showed that much time had been spent in the preparation and selection of characters. Music was furnished by the Will Mayfield College orchestra. Wm. R. Sullivan of this city deserves much credit for his untiring efforts in presenting this play to the public. Should it be taken elsewhere it would prove beneficial to the Red Cross.

William Sullivan went to St. Louis Wednesday morning and from a few days.

In Memory

of Christmas Cecil Bollinger, son of Mr. and Mrs. Cecil Bollinger, died May 14, 1918, aged one year, 11 months and 24 days. He had lived long enough to be cheerful, lovely and give a little joy, but his spirit took its flight home to God who gave it only a few days before.

Cecil seemed to be a favorite among his playmates as well as with his loved ones, due to his winning manliness and lovable disposition. We mourn his death, but we sorrow not as those who have no hope, for we know that our Father in Heaven, who gave us this lovely boy, was made wing back to dwell in the heavens."

His parents, sisters and brother know full well that this bright life came into their home, as a choice spring bud and bloomed with all fragrance only a little while until it was plucked by the Heavenly Father and taken unto Himself as suddenly as it was given. We commend the bereaved ones to Him "Who doeth all things well."

While we know his place in the home is vacant, the bright eyes are closed and his loving voice is stilled, may their consolation be that they shall be guided by the Star of Bethlehem to that city above where we shall be joined in happy reunion with loved ones who have gone before.

One Who Loved Him.
