Locates in Illinois

The real estate firm of Avery & Stephens have received a letter from W. A. Loutzenhiser, whose farm they recently sold to B. H. Rucker, stating that he had bought property in Summer Hill, Ill., but would probably stay there only until spring. He also asked for some of the firm's business cards, saying he had already recommended one man to them who was looking for a farm and that he would do the same for several others who were thinking of coming to South Missouri.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Henson Held for Trial

C. C. Shafer of Springfield, traveling for the Mountain Grove Creamery, was here Monday. He had recently returned from Wichita, where he attended the funeral of his mother, Mrs. Pearl Busby Henson, and brother, Walter Shafer, for whose murder the murdered woman's husband has been held in jail without bail, for his preliminary, set for this week. Henson, it is said, first admitted the double murder and then stated he killed Walter because the latter was killing Mrs. Henson. Self defense and insanity were also mentioned as possible defense pleas. Henson, a wealthy stockman, and the murdered woman were married at Buffalo in November, and the couple had been in Kansas but a short time. Mrs Henson had been divorced from Mr Busby, a Springfield carriage painter. She had instituted divorce proceedings against Henson and this is assigned by some as a possible motive for the murder.

Mr. Shafer says the bodies were mutilated almost beyond recognition.

Mrs. Henson owned a farm on the Manefield Hartville road, where she resided until she went to Springfield, where she conducted a grocery.

Mining News

Charley Bly has just leased a piece of ground from Frank Scheuermann. This ground is known to be rich in mineral. Charley does not know, as yet, what he will name his mine, but he has four names already selected, viz, Charley Bly, Coal Oil Johnny, Death Valley Scotty, or the Hupdadilly.

Rufus Chandler is an old mining man, with years of experience. He recently purchased a plot of ground in Barney's addition. It joins Frank Scheuermann's on the east. A fissure from Mr Scheuermann's land cuts through Mr. Chandler's land. Rufus has been prospecting on his ground considerably with good indications. He has shaft No. 1 down 12 feet and a well 24 feet, with lead nuggets at the bottom. Rufus says he will have plenty of mineral, water, or something else.

Frank Scheuermann has been for four years developing a fissure that crosses his place. He has sunk a number of test holes and excavated two pieces of ground, which were a source of much education and knowledge as to the line up of the fissure. He started shaft No. 1 last summer, but after blasting 14 feet he was obliged to stop work for a time on account of the fissure with a water channel. As soon as the rainy weather ceases, he will plug up this water channel and continue sinking the shaft.

Bad Habits

Those who breakfast at eight o'clock or later, lunch at twelve and have dinner at six are almost certain to be troubled with indigestion. They do not allow time for one meal to digest before taking another. Not less than five hours should elapse between meals. If you are troubled with indigestion correct your habits and take Chamberlain's Tablets, and you may reasonably hope for a quick recovery. These tablets strengthen the stomach and enable it to perform its functions naturally. Obtainable everywhere. Adv.

Business Man Praises Dr. Miles' Heart Remedy

Successful Merchant After Investigation Found a Remedy That Restored His Health

"This is Thanksgiving day in the state of Pennsylvania and I want to devote a part of it in writing a letter to you. On the 5th day of November 19, I was stricken with heart trouble. My family physician called it Angina Pectoris. I had from one to five attacks in 24 hours. In the latter part of December, 1910, I wrote to the Miles Medical Co. for information concerning my case and in reply I received a very kind and instructive letter, which I handed to my family doctor and he told me to use your remedies in connection with the medicine he gave me, so I did. I used five bottles of Dr. Miles' Heart Remedy and seven bottles of Dr. Miles' Nervine. I was confined to the house for about four months. The action of my heart is now and has been normal for the last six months. I can truly recommend Dr. Miles' Nervine and Heart Remedy to do what they are intended for if used according to directions. I thank you kindly for your advice in answer to my monthly reports. I am now sixty-seven years of age, have been in the mercantile business for thirty-five years and lived retired for the last thirteen years." A. E. HORTONER, Lancaster, Penna.
