To Audit County Books.

The Court entered into the following contract with the Audit & Bond Company of America.

To the Honorable Members of the County Court of St. Francois county, Mo.:

We will audit the books of your county for the years 1907, 1908, 1909 and 1910 and submit to your court a typewritten report of all errors we may find if any.

We place auditors on this work within 30 days from date and charge $15 per day per man and their expenses while on the work, such expenses to be audited by the court.

Eight hours to constitute a day's work.

Now, at the end of 15 days we will submit our preliminary report; if at that time the majority of the court are not entirely satisfied with the results of our work for any reason, or desire to discontinue the audit, no bill will be rendered nor will any charges be made for such work either against your court or the county, and provided that the audit shall not continue without an order of the court to that affect, and without such order this contract shall become avoid.

If you are satisfied with the report and the results of our work you are to give us a county warrant for the work done as above.

We will audit such offices as we can cover within the first 15 days.

We will file with your county clerk a good and sufficient bond in the sum of $2,000 for the faithful performance of our work.

Now at the end of 15 days should you care to go on, and have a detailed audit made, we will do so at the price and conditions named above.

If you should care to go on after the first 15 days above mentioned, then thereafter at the end of each ten days you are to give us a county warrant for at least one half of our bill for the 10 days last past, the balance when the work is complete and at the time the final report is summitted to you.

You may dispense with the services of our men at any time by giving us 24 hours notice in writing after the first 15 days by serving such notice upon any one engaged in the work or upon any one found in charge of the office of the Audit and Bond Company of America.

Stopped Those Pains.

Timberville, Miss.—Miss Gertrude Gatlin, of Timberville, writes: "I did not know anything could stop those womanly pains, from which I suffered for two years, until I tried Cardui. I had been troubled with various female ailments, but they were cured in a little while, thanks to Cardui." Cardui is especially adapted for use by ailing women. It relieves headache, backache, dragging feelings, irregularity, nervousness, misery, and womanly weakness. It is safe. It is reliable. It does the work. Will you try it? Please do.

The Erection of a Monument.

To mark the spot where our beloved is at rest has been a custom from time immemorial. From the simple little stone piles of the Aztecs to the imposing memorials of the present-day, we find the same spirit—that of wanting the passing world to know that the one who sleeps there has a place in the hearts and thoughts of those who are left.

Should your fancy dictate the erection of a simple marker, or an imposing sarcophagus, rest assured that if your order is placed with us, it will receive careful, personal attention, and the product will reflect that dignity and individuality which should characterize every monument.
