### FARMERS' EXCHANGE AND LABOR BUREAU

Let us help you find buyers for your sales and supplies for your wants. Don't forget that we are running a Farmers' Exchange in connection with the Farm Bureau. Many have received benefit through this work and many more would if they were to take advantage of the opportunities which the Exchange affords. We simply list your "wants" and "for sales" and help buyers and sellers get in touch with each other.

Send in your "wants" and "for sales."

This includes also a labor bureau. If you want work or if you want help, let us know and we may be able to put you in touch with the right man. Right now we know of two or three farmers who want to hire good men, so if you want work, let us know it.

Keep bringing in your seed of all kinds. We can help you distinguish the weed seeds and decide whether or not it is pure enough to sow. We are doing much of this work. It pays to be very particular about the purity of the seed we sow.

### T. J. HOXSEY SEES MANY FORMER MISSOURIANS.

Los Angeles, Cal., Feb. 13, 1914.
Mr. R. M. White & Son,
Mexico, Mo.
Dear Ledger:

The weather is fine and we are enjoying ourselves. When leaving Missouri, the wheat crop looked fine as far as Kansas City, but it did not look so well through Kansas. We took the Golden State Limited of the Rock Island from Kansas City to El Paso, Texas; then over the Southern Pacific to Los Angeles.

In passing through the Imperial Valley of California it looked good to me. I think it has a great future, although I think it will be too hot for American people to live there. Large syndicates are handling that land.

I found Los Angeles a great city, and it is certainly growing rapidly. All soaps are in the hands of large syndicates and the man like me stands a poor show. Rents are very high. I think the landlord gets it all, as a rule.

While driving through Hollywood, I saw Dr Traughbers card table yard. We stopped and had a visit with them. Last Friday I was invited by Dr. Traughber to their Men's club, called Rotary Club. Well, it is a live bunch, about two hundred and fifty members were present at lunch. They meet every Friday and spend two hours for lunch and conversation, and take up business matters very much like the bunch I know at Mexico, and seem to carry most everything on through they start with. I thought of our White Way, what they would do with it instead of the White Way around our square and up and down the best street; they go a little farther here. They extend it thirty miles in the country and 3 lights to the poles every fifty feet. I could not help but think how nice it would be to have as good lights around our square and main streets as they have on country roads here, or as good as our neighboring towns, Centralia and Vandalia. At that meeting I also met Mr. Herbert Eaton.

Last Tuesday evening I went to the Missouri Club; there I met Dr. Pinkney French, Thurston Duncan, Mr. Dutton and family of Fulton; also Bob Holland of Fulton; Dr. Saleeman, A. W. Kalmeyer, Mrs. Callaway and a number of others from Mexico; Mr. Bolton and Mr. Fowler of Jeff City. I think the Missouri Club has about five or six hundred people connected with it,—a happy bunch when they all get together. I also saw Mr R. Klein and J. P. Morris of Mexico, and Mr. James Wheton of Slater.

The auto drives are the very best here; more Cadallac cars here than any other make. Someone on our car counted the cars we met for one hour the other evening, and it numbered 480 per hour.

We have made several coast drives and we want to drive to San Francisco next month.

We have visited several orange groves and gathered oranges—it is certainly a great treat to pick them.

We had lunch with Mr. Worley, formerly of Montgomery City. I never sat down to such a feast as we had there. We also had a Spanish dinner with some friends yesterday, which we enjoyed very much. We had a trip to Long Beach to-day and saw many bathers enjoying themselves.

Mr. Lee Holliday, the proprietor and manager of this Hotel, is here from Fulton, Mo. We find him a live wire and a good entertainer, and anyone coming to this part of California misses a treat if he does not call and see Mr. Holliday, as he always has a very glad hand to all of our Missouri friends, as well as others. His first experience in Hotel work was as clerk at the Merchants Hotel, Mexico, Mo. Regards to all Mexico people. Will likely return about May or June.

Yours truly,
T. J. Hoxsey.
