PETITION TO ESTABLISH A JUDICIAL DITCH.

STATE OF MINNESOTA, COUNTY of Stearns—ss. In District Court, Seventh Judicial District.

TO HON. JOHN A. ROESER, Judge of the District Court Aforesaid:

The undersigned petitioners respectfully represent to the Court, and state that they are liable to be affected by or assessed for the construction of the following ditch.

That the public health, convenience and welfare, and the drainage and reclamation of wet and overflowed lands, require the establishment and construction of a ditch along the following described route, and that the construction of the same would be of public benefit and utility. That a large amount of real estate, consisting of the low lands of valuable farms, have been made wet and overflowed lands by reason of the discharge into Crow River, so-called, and connecting waters, consisting of Rice Lake, Lake Koronis, and other bodies of water, of large quantities of surface water passing through and out of branch ditches into the said Crow River and said connection bodies of water, with no adequate means for the carrying off of the same, causing overflow waters in said Crow River, Rice Lake and Lake Koronis, and other connecting bodies of water, and greatly raising the same outside of their natural bed resulting in the great harm and injury of riparian owners, and constituting a menace to the public health, convenience and welfare.

A general description of the proposed starting point, route and terminus of said ditch, is as follows:
