Tomato Plants Like Above 50c per dozen

Food Will Win The War

Will You Help?

To plant every available spot this spring and to cultivate it with your greatest skill and energy—to make every crop yield its utmost is the sacred duty of every American farmer, gardener and back lot owner.

We Must Win This War

We must put every ounce of our efficiency into the winning of this great war. It is our duty not only for our own personal welfare, but for the boys at the front who face the deadly shrapnel and risk their lives in the trenches, to make every crop a Bumper Crop.

Our Liberty Is At Stake

The World of Nations is looking to America to preserve the Liberty we all love so well. To do this, we must feed our Soldiers, Our Allies and ourselves. America is the great World Producer and we must not fail to do our duty.

You Cannot Afford To Take A Chance

by planting seeds and plants of unknown quality.

Now is the time to get your garden ready and do some planting. We have a good assortment of garden and flower seeds that have stood the test.

Home grown beans, the genuine stringless rust proof Golden Wax; and that is what you want; and the Swedish Brown is a very good dry bean. But don't plant your beans until next month some time when the soil is warm.

Tomatoes are our Hobby. We have the earliest and best tomato on earth, and that is what you want, too. Our plants are coming fine, and will be ready any time next month, altho, the 15th is early enough to set them out.

We also will have Cabbage, Celery, Etc., in plants.

For the flower garden we have Asters, all colors; Verbenas, Daisies, Salvias, Geraniums, Etc.

WORK OF COUNTY AGENT OUTLINED

Directors of Farm Bureau Meet—Will Test Seed Corn, Do Drainage Surveying, Etc.

The Directors of the Kandiyohi County Farm Bureau had a meeting in the Court House at Willmar, April 10th. Some of the things they did in out-lining the work of the bureau for the coming year, and directing the activities of the county agent will undoubtedly be of interest to you.

The County Commissioners appropriated one thousand dollars toward supporting the work during the coming year.

On account of the seed corn situation this year it was decided that the county agent should devote a good share of his time until planting time, working on the seed corn problem. It was decided, since there is such a demand among farmers this year to have their corn tested, that the county agent arrange with the High School Agriculture Teachers at Willmar and New London and with capable boys to do the testing. The boys to be paid for their time and a charge of fifty cents be made for testing each sack or bushel of seed corn. Since such arrangement have been completed and we will be able to ear test quite a large quantity of corn before planting time. We are making three grades that we think suitable for (1) Hills, (2) Drills, (3) Rejected. There is no charge for testing ten ear samples of corn. Samples may be mailed to Mr. Hookem, or left at the Industrial Building, Willmar, or may be sent to Mr. Davison or left at the High School, New London.

Arrangements have been made for surveying and drainage surveying will be done as far as time will permit in any part of the county absolutely free of any charge. Farmers to furnish lath or stakes for their job.

In cases of hog cholera and other contagious diseases the county agent is to do everything he can to help control the disease, but he is to do no vaccinating.

It was decided to conduct a county pig growing contest in co-operation with the State Extention Division.

It is also planned that the Farm Bureau and County Agent help the farmers of the county in every way possible in the exchange of live stock, and seeds, and in securing farm labor.

It was voted to allow Mr. E. L. Rodegeb County Agent, to secure necessary office help and equipment for carrying on the work. At present no definite arrangements have been made regarding office, but a place will be fitted up as soon as possible. Until then Mr. Rodegeb may be reached by telephoning his residence at Willmar, phone 713. Whenever his services are needed it is suggested that an appointment or arrangement be made a few days in advance if possible.

ENROLL FOR THE NAVY

An opportunity seldom equalled is now being offered by the United States Navy in a new, great drive, recently ordered. It allows men to enroll in the Naval Reserve Force and remain on inactive duty for an indefinite period.

Advices to this effect have just been received from Lieutenant George A. Treadwell, of the Minneapolis recruiting Station, in charge of Naval recruiting interests in Minnesota and North Dakota. Inactive duty, the dispatch indicates, allows men to remain at home or at their respective occupations, sometimes for months, before being called. While no definite time can be set for the calling of the recruits into active services, the probabilities are that men who enroll now will not be called before Fall.

The new order does not exclude draft registrants. All men in the draft who secure certificates from their local boards to the effect that they are not required to fill any current quotas of the National army are eligible. All branches of the Navy are open with the exception of aviation mechanics.

AN EASY WAY TO CLEAN SILVERWARE

Put in a pan sufficient warm water to cover the silverware. Place on the bottom of the pan a metal disc and spread on this some common salt and baking soda. Place silverware in the solution so that it touches the disc. The tarnish will disappear in a minute or two, when silverware should be rinsed and wiped on soft towel. No scouring is necessary. The disc is known as "The Tarnoff Silver Cleaner Disc" and will be sent for free trial to a limited number of readers of this paper upon request to Tarnoff Chemical Company, 1403 Hennepin avenue, Minneapolis, Minnesota. If satisfied with the results, send fifty cents and keep the disc; if not return it without obligation.—Adv.

GOODRICH TESTED TIRES

OYEZ! OYEZ! OYEZ! Hear the Verdict of the Test Car Jury.

"Secure sure tire service in Tested Tires. They give sure service because it is proven service. Their endurance and durability have been proved in the one way to assure mileage to the motorist, under the car on the road, every type of road, throughout 4,178,744 tire miles."

That is the verdict of the jury of Goodrich's forty Test Cars, which, for a year have hammered Goodrich Tires from state to state, putting the nation-wide test to them. Every kind of road, every kind of climate, every kind of weather shared in that verdict.

"These tires defeated us," the roads testified. On such testimony the verdict of the Test Cars proclaims, "Matchless in strength and dependability are Goodrich Tested Tires." Here is certainty of service for the tire user, because it is proven service.

LOST LEG IN FRANCE LOST HEART IN U. S.

Canadian Soldier on Speaking Tour Marries Olivia Girl After Three Days.

Sergt. Billy Moore, who addressed meetings in Olivia Saturday and Sunday evenings, on his experiences in war with the Canadian forces in France, had a different kind of experience in Olivia. In France he lost a leg while fighting the Germans and in Olivia he lost his heart after becoming acquainted with one of the fair daughters of this village. On Tuesday, he was united in marriage to Miss Ellen Julson of this place, the ceremony taking place at Sacred Heart, Justice B. T. Birk, officiating. After the ceremony was performed Mr. Moore proceeded on his way to fill speaking engagements, taking his bride with him. The bride is a daughter of Mrs. Christine Julson of Olivia and is known and esteemed by everyone in this vicinity. She was employed as operator at the Tri-State Telephone office and met her husband for the first time three days before her marriage. She has the best wishes of her many Olivia friends.—Olivia Times.

"A DAUGHTER OF GODS"

Annette Kellerman, jumping from high towers into the sea, wandering through forests, swimming thru rapids, hobnobbing with mermaids and gnomes, leading armies and doing various other movie stunts will be seen at the Majestic Theatre in the picture "A Daughter of the Gods" on Friday, April 26th. Particularly beautiful are the sea scenes, and the scene where Anitia is being beaten against the rocks at the waves was breathlessly realistic. When Annette Kellermann swims she is a living poem of grace and physical perfection. The sea is her proper element and there, indeed, she is a daughter of the gods.

GOES TO RESERVE BANK

Wm. E. Peterson has resigned his position as cashier of the First National Bank of Atwater to take a position in the Federal Reserve Bank of Minneapolis, and will take up his new duties there this week. Mr. Peterson has been cashier of this bank for 4 years, coming here from Crookston in March 1913, and was first employed as asst. cashier one year. Mr. and Mrs. Peterson's many friends will regret to have them leave town, but will wish for them success in their new field.—Atwater Press.

OBITUARY

MRS. C. O. PETERSON

Mrs. Hilda Peterson of Lake Elizabeth passed away at the Swedish Hospital at Minneapolis Monday morning death being caused by blood poison of the face.

Deceased was born in Harrison and was the daughter of Mr. and Mrs. O. H. Miller, who now reside at Grove City. She was 48 years, 9 months and 19 days old at the time of her death. The family resided for a number of years in Irving, where she was married on Nov. 19, 1891, to C. O. Peterson, who now survives her. They have also resided at Grove City and Atwater and for the past few years have made their home on the farm in Lake Elizabeth. The following children are also left to mourn the loss of their mother: Hazel, now Mrs. Geo. A. Bogle; Vernon, Jewell, Ruth, Carlton and Sheldon. She is also survived by her parents, and the following brothers: Alfred and Edwin Miller of Grove City, and Oscar Miller of Minneapolis.

The body was taken to Grove City and the funeral services were held there on Wednesday at 1:30 and were held at the Swedish Baptist church, of which the deceased was a member.—Atwater Press.

NELS OLSON

Nels Olson, a former resident of Green Lake, passed away at his home at Thief River Falls on Monday. April 15, at 2 o'clock P. M.

Nels Olson was born at Christiania, Norway, on August 22, 1831. He was married on Jan. 2, to Miss Marie Jacobson and they came to Kandiyohi county in 1870 where they farmed at Diamond Lake on what is now known as the A. O. Alvig farm, until four years ago, when they moved to Thief River Falls where Mrs. Olson passed away two years ago.

Those left to mourn the death are two daughters, Tillie, Mrs. Ed Thorpe, of Thief River Falls and Mrs. Gena Jacobson of this village and four sons, Jacob and Ole of Thief River Falls, Alfred of Ross, N. D., and Marcus of Manning, N. D., besides a large number of other relatives. All the children were present at the funeral.

The remains were brought here Wednesday and short Services were held today, at 1 o'clock P. M., Rev. Gynild officiating. The remains were then taken to the Green Lake church where they were laid to rest in the cemetery.—Green Lake Breeze.

TEACHERS ARE NEEDED FOR PUBLIC SCHOOLS

Teachers' Training School at Morris State Department Announces Summer Session.

The State Department of Education announces that a Teachers' Training School will be held at the West Central School of Agriculture, Morris, Minnesota this year. The School will open June 17 and close July 26. A strong faculty has been selected and the State Department anticipates a very profitable Summer Session. The shortage of teachers offers unusual opportunities to those who can prepare to teach. Salaries of trained teachers are increasing and the demand far exceeds the supply. The Morris School is very conveniently situated and offers splendid accomodations. The dormitories are well equipped and beautifully located. No tuition will be charged for all teachers living Minnesota. In addition to the class room work, there will be many features of special interest. Able speakers on the vital issues of the day will give tecahers an opportunity to receive first hand information concerning the war. Food conservation, etc. will also be given much attention. The gymnasium, play grounds, tennis courts and beautiful walks and drives offer many opportunities for recreation. Information concerning the Summer Session and the bulletin may be secured by writing to the Registrar, West Central School of Agriculture, Morris, Minnesota.

"HEADIN' SOUTH" AT MAJESTIC

From the sun-beaten desert of Arizona to the snow-tipped mountains at Truckee, Cal., is the contrast in the scenery offered by Douglas Fairbanks in his new Artcraft picture, "Headin' South" a rip-roaring tale of Mexican raiders, which will be the attraction at the Majestic Theatre on Monday and Tuesday, April 29th and 30th. The snow scenes are particularly effective after the audience is shown a broad sweep of the Mexican border, the desert lands of our country. Those who believe in "seeing America first" will be more than satisfied with the scenery that makes "Headin' South" the most distinctive film of the season. Considerable expense was attached to transporting over two hundred cowboys and Mexicans to the various locations, but the results attained more than justified the expenditure.

THE PARAMOUNT ISSUE

Henry Watterson, the great editor, says: "Democracy is but a side issue. The paramount issue, underlying the issue of democracy, is the religion of Christ and him crucified; the bed-rock of civilization; the source and resource of all that is worth having in the world that is, that gives promise in the world to come, not as an abstraction, not as a huddle of sects and faction, but as a mighty force and principle of being. The word of God, delivered by the gentle Nazarene upon the hillsides of Judea, sanctified by the cross of Calvary, has survived every assault. It is now arrayed upon land and sea to meet the deadliest of all asaults, Satan turned loose for one last, final struggle. If the world is to be saved from destruction—physical no less than spiritual destruction—it will be saved alone by the Christian religion."

SUNNY MOORE Y. P. S.

The Sunny Moore Y. P. S. will have a meeting in the schoolhouse near Albert Johnson's, Friday evening, April 19th at 8:15 o'clock. The following program will be given:

MAJESTIC THEATRE

"Daybreak" is the picture to be shown at the Majestic on Thursday, April 25th.

"One More American" will be shown on Saturday, April 27th. This picture starring clever George Beban, the Italian impersonator, with an excellent cast including Helen Eddy, Camille Ankewich, Raymond Hatton, Jack Holt, H. B. Carpenter and Ernest Joy, is a good one. The scenario was prepared by Olga Printzlau and the story was written and directed by William C. DeMille. Luigi Riccardo, the proprietor of a little Marionette Theatre in the heart of Little Italy, New York, expects his little wife and child to arrive from Italy. His preparations and great joy in their coming, his disappointment, and his discovery that he owes all this unhappiness to Boss Regan; all this and so much more that it is impossible to tell it all here, is shown in the picture, which like all Mr. Beban's work is most charming and humanly appealing.

Direct from a long engagement at the Criterion Theatre, New York, Henry J. Brock's production of "The Manx-Man" will come to the Majestic Theatre on Wednesday, May 1st, When local patrons of the best of film offerings will have their first oportunity of viewing a picture that has made a veritable sensation in the world of the silent drama.

DO U KNO WHAT INSIDE TYRES MEAN?

They are something new and a money saver. An inner armor to be inserted between the casing and tube in automobile and motorcycle tires and adds from 1,000 to 5,000 miles to the life of a casing by re-inforcing. Stops blow-outs, and prevents 90 per cent of punctures. Cuts tire expense to half, besides saving you many annoyances and cuss words. These are all undisputed facts, testified to by hundreds of pleased users. Manufactured by the American Automobile Accessories Co., of Cincinnati, Ohio.

War Savings Stamps

THE difference between a five dollar bill and a War Savings Stamp is that while they are both promises to pay, backed by all of the resources of the richest government in the world, a five dollar bill never gets any bigger than $5.00 and War Savings Stamps are worth a penny more each month for 5 years. War Savings Stamps are United States $5.00 bills which the Government is offering in February for $4.13 and in March for $4.14 and so on adding a penny each month until January 1st, 1923, when they will reach $5.00.

Thrift Stamps

Thrift Stamps cost 25 cents each. The Government furnishes Thrift Cards with spaces on them for 16 Thrift Stamps. Thrift Stamps bear no interest but are as good as cash. When the 16 spaces are filled, making $4.00 worth of Thrift Stamps, the owner takes the card to any bank or post office, pays the additional 13 cents or whatever it may be that month, and receives a War Savings Certificate and one War Savings Stamp.

There is room for twenty $5.00 War Savings Stamps on each War Savings Certificate card. You can buy $100 worth for $82.40 in January, $82.60 in February, and 20 cents more each month you wait.

PATRIOTISM

Patriotism and Thrift are inseparable. This is as true as that the good citizen is the patriotic and dependable citizen.

The saving man believes in and practices economy and discipline; is a man of discretion because he spends his money wisely. The man who saves his money is always equipped—patriotic, thrifty and saving—is the most useful of all citizens to his country in time of need.

It is the privilege and desire of the officers of this bank through its many facilities, but particularly the opportunities it affords in the payment of interest on deposits, to be of practical assistance to any and all who want to practice Thrift and Economy in this crisis that we are now passing through. War Savings Stamps

IT isn't so much the amount of money you save as it is getting into the habit of saving a definite amount regularly. The best way to learn to save is not only to promise yourself that you will do it regularly but promise some one else, your wife, your parent, your husband, or your teacher, that you will not let a first of the month or first of the week go by without saving.

The Habit of Thrift Will Help Win The War

The United States Government needs money to equip our armies and to fight for democracy. Your Government—the richest in the world—is willing to pay interest for your money now. Uncle Sam offers you $5.00 War Savings Stamps for $4.13 in February, and one cent additional each month thereafter.

A Thrift Card is furnished to all purchasers of 25 cents Thrift Stamps. When all the spaces have been filled, the Thrift Card may be exchanged for $5.00 War Savings Stamps at any post office or bank. You should start saving a certain amount regularly. Outline your program. Start at once by going to your post office and getting your first War Savings Stamp or Thrift Card. And stick to it. As you treasure your right to live in this nation of freedom, do not miss a single day on which you have determined to save.
