Stocks—Speculation on the Stock Exchange was less active to-day. High priced Granger shares were weaker. The selling of Delaware, Lackawanna & Western was resumed during the morning hours and prices touched 97½, the lowest point since the present downward movement began. In the afternoon the stock rallied to 99½, reacted to 98¾ and closed at 99¼. The remainder of the active list was feverish but higher prices were recorded all around. Low priced Southwestern was higher. Texas Pacific advanced to 13⅜ and Missouri, Kansas & Texas to 16⅜; the market closed irregular. The rapid rise in Delaware, Lackawanna & Western caused the smaller bears to cover, and outstanding short interest was considerably reduced. Certificates of this stock in the name of a prominent trader identified with the pool appeared on the street to-day. Compared with last night, the closing prices are ⅛ to 1½ per cent. lower for Chicago, Burlington & Quincy, Rock Island, Illinois Central and Union Pacific, and ⅛@1½ higher for Chicago & Northwestern, Chicago, Milwaukee & St. Paul, Lake Shore, Missouri Pacific, Missouri, Kansas & Texas, New York Central, New Jersey Central and Northern Pacific.

The transactions aggregated 278,000 shares; Delaware, Lackawanna & Western 94,000; Lake Shore 14,000; Chicago & Northwestern 22,000; New York Central 10,000; Chicago, Milwaukee & St. Paul 55,000; Union Pacific 24,000; Western Union Telegraph 13,000.

BLOWING UP LONDON BRIDGE.

An Unsuccessful Attempt to Blow Up the London Bridge Yesterday.

The Congo Conference Sub-Committee Has Completed its Work and Everything is Ready for To-Morrow.

THE UNITED KINGDOM.

LONDON, Dec. 13.—An explosion occurred here to-day which is still involved in mystery. Careful inquiry at various police offices elicited the statement that no serious damage was done. The general belief is that some explosive article was thrown from or beneath the London bridge.

LONDON, Dec. 14, 2 a. m.—The explosion was thought at first to have occurred at the London bridge depot, but this proved unfounded. Persons on London bridge at the time of the explosion say they heard a loud report and observed two flashes of light. Many panes of glass were broken in the custom house. The latest account shows the explosive material was thrown from London bridge into the Thames, and on striking the water burst into a flame and a loud explosion followed. The police are making an investigation.

LONDON, Dec. 14, 3 a. m.—The explosion at London bridge occurred at about 5:40 o'clock last evening. The police think a boat containing explosives and a burning fuse attached was allowed to drift beneath the bridge. Eye witnesses say the flames shot up simultaneously from each side of the bridge, showing the fuse had been nicely timed to cause the explosion when half way beneath the bridge. The damage is believed to be slight, although darkness prevented a thorough examination.

LONDON, Dec. 14, 6 a. m.—It is an undoubted fact that an attempt was made to blow up the London bridge. The police have absolutely no information of the affair. It is now supposed dynamite was used in the explosion and dropped over the bridge and alighted on the buttress. The damage done consists chiefly of broken windows in the houses in the vicinity. A bootblack relates his experience of the explosion as follows: "I was cleaning a gentleman's boots when suddenly I felt the earth shake about me. Immediately afterward there was a terrific explosion and I was stunned. When I recovered consciousness the gentleman had disappeared." The buttress on which the explosive is supposed to have alighted is only slightly damaged. Persons crossing the bridge at the time of the explosion were thrown down and many gas jets in the vicinity extinguished by the concussion.

LONDON, Dec. 13.—The sentence of Capt. Dudley and Mate Stevens, the Mignonette cannibals, was commuted from hanging to six months' imprisonment without labor.

GERMANY.

BERLIN, Dec. 13.—The Congo sub-committee completed its work of drafting a report embodying different schemes of the neutralization proposed. No decision was arrived at in regard to the American project for territorial neutrality. This project, together with General Sanford's railway scheme, will probably be presented to the full conference Monday, when the English delegates will introduce the liquor question.

FRANCE AND CHINA.

PARIS, Dec. 13.—The *Gaulois* says France has purchased seven British steamers for use in conveying additional troops to China.

The tariff committee has presented a report to the chamber of deputies relative to the production of cereals, and state that the yield of cereals in France has steadily increased during the last thirty years. At present the average yield per hectare is equal to the average yield in America. The importation of grain from foreign countries has a tendency to diminish prices and thus the prices of French products are not regulated by the cost of production, but by the maximum price obtainable in France for the cereals of India and America. These could be sold five or six francs per centner under the usual price, and consequently are able to bear a duty of three francs without any resulting rise in prices.

PARIS, Dec. 13.—Louis Michel, the anarchist agitator now in prison, will be pardoned January 1.

The Socialists held another meeting to-day in Salle Rivoli, in the interest of the unemployed. A few persons attempted to excite the people, but were suppresed by a majority of those present.

The *Gaulois* says Bismarck is in favor of the resignation of Nubar Pasha from the office of premier of Egypt, and insists on the abdication of the Khedive. It is reported a strong party is working to replace Ismail Pasha upon the throne.

PARIS, Dec. 13.—It is believed in official circles the Chinese fleet intend to attack the French transports now on the way with reinforcements. Orders were telegraphed Admiral Courbet, in command at Keeung, to send a cruiser to meet the Chinese.

PARIS, Dec. 13.—Mme. Colombier is undergoing a fortnight's imprisonment for the authorship of "Sarah Barnum."

MISCELLANEOUS FOREIGN.

PESTH, Dec. 13.—An international agricultural congress will meet in this city during the exhibition of 1885, for the purpose of discussing measures looking toward an alleviation of the general agrarian crisis in European countries. The congress will also devote its attention to the subject of agrarian legislation and agricultural credit system.

CAIRO, Dec. 13.—The Nile expedition is advancing with much rapidity. With favorable wind the forces will arrive in Ambukol sooner than expected. It is reported that the Mahdi's tent is constantly surrounded by a triple line of guards. He is afraid of being poisoned, and his favorite wife or daughter prepares his food.

ALEXANDRIA, Dec. 13.—A crisis is imminent in the Egyptian cabinet. Nubar Pasha, prime minister, is desirous of resigning.

ST. PETERSBURG, Dec. 13.—The government has abolished the quarantine against France, Italy, and Spain because of the cholera in those countries.

Tate's Murderers.

LITTLE ROCK, Ark., Dec. 13.—Sheriff Worthen, this morning, went to the Tate plantation, where Lewis Fox was assassinated while at a table writing, Friday night. He found the body had been robbed of $69, a gold watch and a pistol. Three cotton pickers, Lize Parker, (colored), W. N. Hopkins and A. M. Bramlett (white men) were suspected and arrested in their cabins on the plantation. Parker confessed to the robbery, which had been planned for several days, in the belief that Fox had a large sum of money; that Hopkins fired the fatal shot and Parker entered and obtained the booty. Both white men deny being present. A sack, containing the money and watch, were found in Parker's cabin. The prisoners are now jailed here.

Chaffee Tells What Grant Wants.

DENVER, Dec. 13.—Ex-Senator Jerome B. Chaffee, chairman of the executive committee of the national Republican committee, arrived from New York to-day. Speaking of Gen. Grant's refusal to become a United States pensioner, Senator Chaffee said to an interviewer: "For one reason, apart from all others, the hero of Appomattox could not consistently do so, from the fact that he himself vetoed just such a measure when president as lately proposed in his own behalf." But what Senator Chaffee warmly declares should be accorded to Gen. Grant, and what he believes he would accept, is his official retirement with full pay from the time of the expiration of his military services.

Buckley, Police Officers John Murphy Porter, of the recorder's court, Baptiste J. Favelto and Court Officer Charles Bader for wilful murder, but failed to find a true bill against Police Officer Louis Cerisse. The trial will likely take place in January.

EPPS'S COCOA.

BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctor's bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency of disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.

Made simply with boiling water or milk. Sold in tins only (½ lb and lb) by Grocers, labeled thus: JAMES EPPS & CO., Homoeopathic Chemists LONDON, ENGLAND
