LORDS GROW WINDY.

Continued From First Page.

attorney and the president of the assembly.

The petition of the A. O. U. W. of St. Paul for the use of the Market house on the evening of Oct. 5, was granted.

The resolution of Mr. McNamee that all leases granted for factories on West side levee should be made to expire not later than July 1, 1916, was passed.

An order was ordered drawn on the treasury in favor of Alfred J. Hull for services as secretary of the commissioners appointed by the legislature to report upon the West side levee claims.

The contract with Nicholas Feyen for the construction of an iron and wooden bridge on Lexington avenue over the tracks of the Great Northern road was approved.

The order of paving Third street, from Broadway to the Third street bridge, was passed by a full vote, with the exception of President Murray, who voted no.

The board of public works was ordered to construct a sewer on Winslow avenue, from Prospect Terrace to Isabel street.

Orders were instructed to be drawn on the treasury in favor of the Taylor-Craig corporation for $23,000, payable out of the hospital building fund, for work upon the new city hospital.

On motion of Mr. Oppenheim, a committee of three, consisting of Messrs Oppenheim, Banholzer and McNamee was appointed by the chair to confer with the underwriters relative to the insuring of the school buildings of the city.

Messrs. Van Slyke, Oppenheim and McNamee were appointed as a committee to act with a committee from the aldermen, to inquire into the advisability of putting all telephone and telegraph wires underground.

TO FIGHT ELEVATORS.

Farmers Will Shortly Inaugurate a War on Their Alleged Enemies.

The grain growers are in earnest. The disclosures made in the partial legislative investigation into the operations of elevator companies have roused the farmers of the state. They are determined to no longer continue at the mercy of the elevator people, and yesterday a quiet meeting of prominent grain growers of the state was held at the capitol. It was decided to forthwith incorporate the Grain Growers' association, with a capital stock of $100,000. The object of this is very apparent. The farmers are anxious to become independent of the elevator companies, and towards that end they have combined to erect and operate elevators in their own interests. This means that there will shortly be a bitter, prolonged fight engaged in between the farmers and the elevator companies, the end of which it is very difficult to foresee. State Senator Probtsfield was elected president of the association; Hon. Charles Canning, treasurer; and R. J. Hall, secretary.

HALF A MILLION ENTRIES

Required Annually to Keep Up the County Abstracts.

At yesterday's adjourned meeting of the board of county commissioners a communication was read from County Attorney O'Brien relative to the condition of the abstract office. It is stated that Abstract Clerk Murnane has practically completed the records up to date, although slightly behind the register of deeds in recording in ink the book and page of the instruments filed. This feature is behind since June 30 last. Mr. O'Brien says the work of the abstract office since the passage of the new law last winter is laborious, and a great amount of work has been faithfully done in the office to comply with the law. Recopying of some of the worn books is recommended. The work done in the past few months is stated in a report by Mr. Murnane, which shows the filing of 3,560 deeds, 1,560 mortgages and 1,090 miscellaneous papers. In posting up there were 18,000 deeds, 1,550 mortgages, 3,090 assessments, 20,000 satisfactions, 3,000 liens, 500 leases and 4,000 miscellaneous papers, making a total of 50,000 instruments—requiring 500,000 entries. Mr. Murnane gives much credit to his chief assistant, C. J. Williams, for doing this work in a thorough and prompt manner. The report of the abstract clerk shows $733.30 back charges for work done.

The abstract clerk's report for August shows work done to the amount of $325.55.

The work done in the district court clerk's office for August foots up $181.35. The August report of the sheriff shows work done, $2,177.75; expenses, $1,789; balance, $388.75.

PERIODICAL OLD STORY.

The Local Foundry Unaffected by Any Trust.

A Chicago morning paper says: "A deal will be completed within the next twenty-four hours, in all probability, whereby a trust will be formed representing $18,000,000 in original sureties. It is to be a type founders' trust, backed by an English syndicate. In all the great centers the number of foundries will be reduced to the minimum. New York will probably have three, Chicago, Philadelphia and Boston two each; Baltimore, Cincinnati and St. Louis one each; while the concerns in Kansas City, St. Paul and Buffalo will be closed down entirely."

F. S. Verbeck, manager of the Minnesota Type foundry, of this city, said yesterday that this was the periodical revival of an old story, which he believed to be without foundation. He had just received information that Barnhardt Bros. & Spindler were outside of any such combination, which would make the deal impracticable. The type foundry here will be run as usual.

General Creditors Want In.

An application has been made by the Smith Fruit company and others for the appointment of a receiver for the effects of John F. Burke, a grocer at 166 South Wabasha street, and known as a prominent real estate dealer. It is alleged that Burke, being insolvent, made a sale of his grocery stock in July last to defeat general creditors and to prefer other creditors, taking notes in payment for the stock. The notes were assigned to his cousin, Mary Russell, and his mother, Johanna Burke. The court is asked to restrain them from disposing of the notes and the appointment of a receiver to take charge of Burke's property until the liability to general creditors is determined.

Heavy Damages Demanded for Serious Injury.

Eugene J. Kingsley has sued the Northern Pacific Railroad Company for $85,000. He wants $10,000 as special damages for pains of body and mind and $75,000 for the loss of both legs. Kingsley was employed as a brakeman on a train in Montana, on a line known as Spring Gulch. On Oct. 15, 1890, he was directed to ride upon flat cars in front of an engine in the vicinity of Spring Gulch. He set a brake on the train, and when stepping to another car the train separated about five feet by reason of a defective draw bar, allowing him to fall between the cars. It was too dark to see that the cars had separated. He fell on the track and was run over by the train, resulting in the loss of both legs.

CAPITOL CULLINGS.

The annual meeting of the regents of the state university will meet in the rooms of Gov. Merriam, at the capitol, Sept. 15, at 10 a. m.

The dairy commissioner's force is attending the State Fair and superintending the making of butter and cheese.

The various departments at the capitol will be closed this afternoon and the farmer governor and other granger officials, with their assistants, will visit the Fair at Hamline.

The special committee named by Gov. Merriam to investigate the case of Mrs. Libby who is confined in the Rochester asylum, began its duties yesterday at the asylum. The report will probably be forthcoming the latter part of the week.

Articles, incorporating the Social and Literary Club of Winona, were filed with the secretary of state yesterday. The objects are amusement, converse, recreation and social intercourse and to procure and furnish choice miscellaneous literature for use of the members.

Confirmed.

The favorable impression produced on the first appearance of the agreeable liquid fruit remedy Syrup of Figs a few years ago has been more than confirmed by the pleasant experience of all who have used it, and the success of the proprietors and manufacturers, the California Fig Syrup Company.

The Expected Damage Suit.

Stephan Jourdant has sued the chamber of commerce to recover $10,000 damages for the death of his wife Amelia Jourdant, who was killed last winter by the falling of ice from the roof of the building while passing along the sidewalk.

It is a matter of regret that the theater-going people of St. Paul will not see the clever comedy work that has been done by Miss Hattie Schell with the "Men and Women" company. This dainty little actress is well remembered here for the hit she made in the "Burglar." She has joined the New York stock company now playing in St. Louis and will take the part of Margery in "Men and Women." She left the company now in St. Paul at the close of its Minneapolis engagement.

Ladies Think—then Act.

That Wolff's ACME Blacking

IS CHEAPER than any other dressing at any price, be it 5 cents, 10 cents, or 25 cents, you can convince yourself by wearing one shoe dressed with Acme Blacking and the other shoe dressed with whatever happens to be your favorite dressing. While Acme Blacking *will endure a month through snow or rain*, and can, if the shoe is soiled, be washed clean, the other dressing will not last a single day in wet weather.

Your shoes will look better, last longer and be more comfortable if dressed with Wolff's Acme Blacking.
