VIRGINIA DEMOCRATS FOLLOW THE BAD EXAMPLE SET BY KENTUCKY.

SENATOR DANIEL INDORSED.

RECOMMENDED TO THE TENDER MERCIES OF THE CHICAGO CONVENTION.

ALL BOUND BY THE UNIT RULE.

Delegation to the National Convention to Vote for a Silver Plank and Silver Men.

STAUNTON, Va., June 4.—The state Democratic convention today adopted a free silver platform by an overwhelming vote, pledged all the delegates to the Chicago convention to a silver plank, and indorsed Senator Daniel for a place on the national ticket. There was some little disorder, but in the main the convention was harmonious, the gold minority being too small to make any fight.

Chairman Ellison called the convention to order, and named J. Bell Bigger, of Richmond, for temporary chairman. In assuming the position Mr. Bigger expressed the hope that harmony would characterize the proceedings of the convention. He also paid a compliment to Senator Daniel. After the committees had been announced the convention took a recess until afternoon.

Immediately upon the reassembling of the convention, the committee on permanent organization made its report recommending Maj. Woods for chairman. Maj. Woods addressed the convention briefly. He declared he was for the masses and against the classes. The masses were aroused, said he, and they intended to restore silver to its proper place in the currency system. He predicted that the silverites would control the party and elect the president, and appealed to the minority to bow to the will of the majority. There was no objection to the report of the committee on credentials.

While waiting for the committee on resolutions to report, ex-Congressman James W. Marshall addressed the body and was followed by Senator Thomas S. Martin. The latter called Cleveland a wrecker of his party. The silver men cheered and the gold men hissed at this. The senator predicted that the silver men would control the national convention. Congressman Tucker followed. He said: "There is in the White house a big man (cheers and hisses), a great big man (more cheers and hisses). While I do not agree with all Mr. Cleveland has done, I tell you he is an honest man and a patriot."

Senator Daniel read the majority report of the resolutions committee. It deprecates "the growing influence of trusts, declares for a tariff tax for revenue, limited to the necessities of an economically administered government, and opposes a third term in the presidential office. The financial plank is as follows:

"We are for sound money; the soundest that the world has ever had or can have. This sound money should consist of silver and gold, and of paper redeemable in silver or gold at the option of the payer, the units of the whole mass to be kept at parity by coinage rights and equal legal tender functions, the only method by which the parity of the two metals has been continuously and successfully maintained.

"The immediate and complete restoration of the bimetallic system of money which existed in the United States from 1793 to 1873 is in our opinion demanded by the interests of commerce, manufacture and agriculture, which are alike suffering from the continuous fall of prices and the consequent embarrassment or bankruptcy of those engaged therein. And in order to so restore it, we demand the free and unlimited coinage of both silver and gold at the 16 to 1 ratio without waiting for the assent or concurrence of any other nation.

"We hereby instruct all of the delegates from Virginia to the national Democratic convention at Chicago to vote for a platform declaring for the free and unlimited coinage of silver and gold at the ratio of 16 to 1, and for candidates for president and vice president who openly advocate that principle."

Mr. Munford, of Richmond, presented a minority report, signed by himself and five others, which declares that the Democratic party of Virginia stands to abide by the declarations of the Chicago convention, soon to assemble, but as indicative of its own views, it declares unalterable opposition to free coinage at 16 to 1 or any other arbitrary ratio without international agreement.

After some discussion, the minority report was rejected by a vote of 1,276 to 371, and the majority report was adopted as it came from the committee.

The unit rule was adopted and a resolution passed declaring that the Democrats of Virginia would hail with enthusiasm the nomination of Senator Daniel as one of the candidates of the party on the national ticket. Delegates at large were elected as follows: John W. Daniel, W. A. Jones, Claude A. Swanson, and H. S. K. Morrison. Alternates, W. O. Harraway, Roger Gregory, George B. Keezell, Frank Hume. The electors at large are: W. B. McIlwaine, of Dinwiddie, and J. W. Marshall, of Craig. Porter J. Otey was chosen for national committeeman. The convention at 11:30 p. m. adjourned sine die.

SILVER TOOK ALL.

Nothing Overlooked by the White Metal Men at Lexington.

LEXINGTON, Ky., June 4.—The Democratic state convention closed this afternoon, after the free silver men had secured everything in the organization, as well as in the platform. The resolutions not only instruct the Kentucky delegation for Senator Blackburn for president, but also for the unit rule, so that the two delegates from the Louisville district will have no voice whatever at Chicago. The free silver men have the four delegates at large and all the other delegates, except the two from the Fifth district. The more radical ones wanted the committee on credentials to unseat enough delegates in the Fifth district to change the selections made yesterday, but with the unit rule as adopted today, this was unnecessary. The Kentucky delegation stands 24 to 2, and under its instructions for Blackburn and the unit rule, it is the same as solid.

When some gold man protested against the ironclad instructions the cases were cited in New York when 30 delegates from that state were against Cleveland on his first nomination in 1884, and under the unit rule the whole vote was cast for Cleveland, and again at the last Democratic national convention it was cast as a unit for Hill.

The delegates and alternates at large are: Delegates, J. C. S. Blackburn, P. W. Hardin, John S. Rhea, L. T. Ellis; alternates, Robert W. Nelson, J. Morton Rothwell, Theodore F. Hallam and John D. Carroll; electors at large, J. P. Tarvin and W. B. Smith.

Blackburn and Hardin were free silver running mates in the last campaign. Rhea and Ellis, the other two delegates at large, have been the leading stump speakers in the free silver canvass which closed last Saturday. They are exceptionally bright orators. Nelson, Rothwell, Hallam and Carroll, the alternates, were also prominent for free silver in the canvass, as were also Tarvin and Smith, the candidates for electors. From expressions among the Kentucky delegation it is learned that their second choice for president is Bland, of Missouri.

The convention reassembled at 9:30. It was after 10:30 before committees could report, the one on credentials having been in session continuously all night. Senator Blackburn was accorded a rousing ovation on entering the hall. The committee on permanent organization supported a complete reorganization of county committees, as well as state organization, silver men being put in charge, with Maj. P. P. Johnston, of Lexington, chairman of both the state executive and central committees. This removes the state headquarters from Louisville to Lexington.

Col. W. C. P. Breckenridge, after being repeatedly called for, had the distinction of being the only gold standard man to address the convention, except Chairman Long, in, what was called yesterday, his farewell address. Col. Breckenridge was given close attention, although he told the convention the recent silver victory was due to distress and discontent, and its results would be temporary.

The committee on credentials reported for an equal division of the vote among the contestants in Kenton county, the home of Secretary Carlisle, and for seating the silver delegates in place of the Haldeman delegation from Louisville. The report gave the silver men forty votes more than they cast yesterday for Bronston for temporary chairman. Long discussion ensued on that part of the minority report unseating the gold delegates from Louisville, Col. R. M. Stone leading for gold and G. T. Quinn for silver. Interruptions and disorder protracted the consideration of the report. The last effort of the Louisville delegates was to demand a call of counties on the adoption of the majority report. The majority report was adopted—yeas, 678; nays, 214, whereupon the delegates from Louisville retired. G. V. Wheeler, of Paducah, was then introduced as the permanent chairman, and addressed the convention.

A fight was precipitated by a resolution to compliment Senator William Goebel, of Covington, by adding his name to the list of the state committee from the state at large. Goebel is a neighbor of Carlisle, and a gold standard man. He opposed Blackburn until the latter secured the caucus nomination, and thereafter stood by him to the last. The Goebel resolution, after another long interrupted call of counties, was adopted by a motion to make it unanimous before the call was completed.

The committee on resolutions made its report, which was adopted with much enthusiasm without change.

T. J. Carroll was elected by the Louisville delegates yesterday as a member of this committee from the Fifth district, and he met with the committee on resolutions last night, but he and his gold associates were today unseated before the convention was permanently organized, so that he could not present his minority report as given out last night. Chairman John B. Thompson, as a courtesy to the minority, offered to put Mr. Carroll's minority report in connection with the majority report. A point of order was raised that the minority report was not from any member of the convention. Among dilatory motions was one to refer the minority report to John Sherman. On motion, the minority report was read. As Senator Carroll, of Louisville, was among those who did not support Blackburn, after the latter's caucus nomination for senator, the delegates treated the minority report with some disrespect, but when John S. Rhea appealed for respectful consideration, the minority report was reread and promptly defeated by an overwhelming vote, when the majority report was adopted.

SIX SEAT LIMIT.

No Paper Will Be Permitted More at St. Louis.

ST. LOUIS, June 4.—Arrangements for the allotment of seats reserved for the press at the national Republican convention have been practically completed. The press committee had a lengthy conference with Sergeant-at-Arms Byrnes today, and it was finally agreed that no paper should be allowed more than six seats in the press gallery. The great morning dailies of New York, Chicago, Cincinnati, Boston, Philadelphia, St. Louis, Pittsburg, St. Paul, Minneapolis, Denver and San Francisco will each be given six seats, while the afternoon papers of those cities will receive from one to four seats. The St. Louis papers agreed to take the rear seats, giving the visiting press the more advantageous places. The papers from the less important cities will receive from one to four seats each. According to the present arrangements there will be 454 seats in the press gallery, and only working newspaper men will be allowed to use them. The press committee will tomorrow send word to each of the large daily papers of the country the number of seats that have been allowed them, and notifying them that the tickets and badges for the seat or seats will be given the representative who presents properly accredited credentials upon his arrival at St. Louis.

REPUBLICANS GET ONE.

Divide the Delegation With the Populists in Oregon.

PORTLAND, Or., June 4.—Returns and corrections received tonight reverse things, and show that Ellis (Rep.) has a plurality of 65 over Quinn (Pop.) for congress in the Second district. Complete returns are still missing from three counties. In the First district a mistake was discovered today in the count in Yamhill county, which reduces Vanderburg's (Pop.) vote in that county by 200. This, together with partial returns from Curry county, gives Vanderburg a plurality of 100 over Long (Rep.). In both districts it will undoubtedly require the official count to determine the result. The count in this city was completed this evening. Pennoyer, for mayor, has a plurality of 2,384 in a total vote of 15,279.

POLITICAL TANGLES.

Five Tickets May Be in the Field This Fall.

WASHINGTON, June 4.—Talk about the platform to be promulgated by the St. Louis Republican convention is to the effect that unless a declaration is made for a gold standard there will be a fifth presidential ticket in the field. Should Teller be the Democratic nominee, it is said that a gold-standard Democratic nominee will be brought out. The German-American Democrats of New York want Cleveland to run, and it is reported that there will be a big petition presented to him by the mugwumps and sound-money Democrats of the country urging him to consent.

CYCLONIC CONDITIONS

Prevailed in Missouri and Upper Mississippi Valleys.

OMAHA, Neb., June 4.—Weather bulletins all the afternooon have been received here indicating dangerous atmospheric conditions in Omaha and vicinity. About 6 o'clock the city was surrounded by dangerous looking clouds and it became quite dark, but the wind did not become high, and it is clear now. There are rumors here of great damage out in the state.

CHICAGO, June 4.—The conditions are favorable for severe local storms in the middle Missouri and upper Mississippi valleys tonight.

Licensed to Teach at Eleven.

WEST UNION, O., June 4.—Adams county boasts the youngest school teacher in Ohio, if not in the United States. He is just eleven years old and his name is Marion Glasgow.

His father is S. A. Glasgow, of Winchester. Marion holds a teacher's certificate for one year. He attended the teachers' examination here last Saturday, attired in knickerbockers, and took his place among the grown applicants.

He finished the work before many of the older teachers were through and came very close to securing a grade which would have entiled him to a two-years certificate.

THE SENATOR'S RECORD DURING HIS TWO YEARS AT WASHINGTON INDORSED.

FUSION IS A PROBABILITY.

Joint Ticket of Independents and Democrats Proposed Which Is Expected to Win.

Special to the Globe.

JAMESTOWN, N. D., June 4.—The state convention this afternoon selected the following delegates to the Chicago convention, and instructed them to vote for a plank for the free coinage of both gold and silver at 16 to 1 and use their influence to secure a silver candidate: Hon. W. N. Roach, of Grand Forks; James Holt, Burleigh county; H. R. Hartman, Cass county; J. B. Eaton, Ramsey county; F. A. Wilson, Pembina county, and G. J. Williams, Grand Forks county. The alternates are: S. P. Healy, Richland county; Dr. H. P. Bowden, Dickey county; T. W. Conyers, Towner county, and Charles E. Wing, Foster county. The resolutions adopted indorse the Wilson bill and the efforts of the party in securing reduced taxation; favor an amendment to the federal constitution giving congress the power to tax incomes of corporations and individuals; favor a constitutional amendment providing for the election of United States senators by a direct vote, and demand legislation to advance the interest of the laboring man and protection against the oppression of trusts. The following resolution was also passed:

"We heartily indorse the action of Senator William Roach on all matters before congress, especially his wise, consistent utterances upon the currency question."

The constant decline in prices of commodities as measured by the single gold standard is averred to be conclusive evidence of the Republican doctrine of monometallism. The demonetization of silver is denounced, and a demand made for such legislation as shall restore silver as a money metal, admitting both gold and silver to free and unlimited coinage upon a 16 to 1 ratio. Senator Roach was present and addressed the convention. It is the first convention he has attended since his election two years ago. He spoke briefly on the financial question. Col. John D. Benton, of Fargo, spoke briefly also. The convention was harmonious and largely attended. It is practically settled that a joint ticket by both Democrats and independents will be the result of the convention. Two conventions will probably be held at the same time and one ticket nominated, which it is confidently claimed will carry the state, elect congressmen and senator and a majority of the legislature. At a meeting of the state central committtee during the convention a communication from William H. Standish, of Grand Forks, who signed himself "Chairman of the Silver Party of North Dakota," was received. Independents do not recognize Standish as one of the party and his fusion proposition was tabled by the committee. The place and time of holding a state convention for nominating a ticket were left with the central committee.

LOYAL DEMOCRATS FIRM.

Their Attitude Will Result in a Gold Delegate From the Sixth.

Special to the Globe.

DULUTH, Minn., June 4.—There is a curious phase of the local Democratic situation in the fight on the delegateship which Duluth expects to get. C. d'Autremont and A. C. Gridley, both free silver men, are candidates, and on their side are gathered the leaders who are, in the main, responsible for the jobs which local government officials hold. Yet the local officials are on the other side of the camp, and are out in favor of a candidate who shall favor the administration's policy on the money question. Thus, the men who received their jobs at the last election are in arms against those who were instrumental in procuring them positions. At a secret meeting held recently the question of who should represent their ideas was not touched upon, but it was firmly decided that the silver men should not control the convention. A plan of precinct work was evolved to prevent this and the work will go on merrily until after the convention. C. P. Maginnis is the man who is most talked about as the sound money candidate for the delegateship.

CLOUGH WILL GET IT.

Wright County Will Elect a Delegation June 27—Other Conventions.

Special to the Globe.

BUFFALO, Minn., June 4.—The Democratic county convention is called to meet at this place on June 10, to select delegates to the state convention.

The People's party convention will meet at this place to select delegates to the state convention on June 22.

The Republican county convention will be held on June 27, to select delegates to the state convention. There will, no doubt, be a Clough delegation from this county. Delegates to the congressional convention will be selected at the same time, and there is some doubt as whether Towne will get the delegates from this county or not. There will in all probability be a fight made for him.

Lucas Would Succeed Kyle.

CHAMBERLAIN, S. D., June 4.—From recent developments there is little doubt that ex-Congressman W. V. Lucas, now commandant of the state soldiers' home at Hot Springs, will soon enter the field as an active candidate for United States senator, to succeed Senator Kyle, thus confronting his former colleague, Congressman Pickler, who has for many months been engaged in laying wires to secure the place.

McLouth a Candidate.

ABERDEEN, S. D., June 4.—F. D. Adams, a member of the state board of regents, says there will be no haste in selecting a successor to ex-President McLouth, of the agricultural college. It is authoritatively stated that Dr. McLouth is a candidate for governor on the Populist ticket.

Winona Democrats Caucus.

UNITED STATES SENATE'S IDEA OF WHAT A PRESIDENT SHOULD BE.

ATTORNEY ROOT UPHELD.

Decision Against Him Reversed by the North Dakota Courts.

BISMARCK, N. D., June 4.—The supreme court handed down two decisions, one of which is very interesting and important. It is the case of Herbert Root, appealed from Barnes county. Root, who is a prominent attorney, assailed in violent manner the character and standing of Judge Rose, of the Fifth judicial district. For this he was brought before the judge and fined $100 for contempt, in addition to being disbarred from practice. The supreme court reversed the lower court and declares the whole proceeding irregular, holding that criticisms of a judge, if not uttered in court, or in the judge's hearing, do not constitute contempt of court.

The other decision was in the case of Jacob Kronkal, convicted of selling mortgaged property in Grand Forks county. The court finds no error in the record, and judgment is affirmed. Opinion by Wallin.

GROVER WILL TRY THE BRULE.

Report That He Will Be the Guest of Vilas on a Fishing Trip.

BRULE, Wis., June 4.—Winnibijou, the new and favorite fishing resort on the Brule, is to be honored this season with the presence of President Cleveland and party. The party will be the guests of Senator Vilas, and will be quartered in the senator's rustic cabin on the great fishing stream. The date of their arrival has not been definitely fixed, but it is expected that Aug. 15 will find them angling for the wily trout. They will remain three weeks, and as the deer season opens Sept. 1, they will have an opportunity to indulge for a week in the exhilarating sport of hunting the light-footed monarchs of the Wisconsin pineries.

DANISH LUTHERANS MEET.

National Conference Gets to Work at Albert Lea.

Special to the Globe.

ALBERT LEA, Minn., June 4.—Representatives from all over the country came fast today and last night to the annual conference of the Danish Lutheran Church of the United States, which began here today. The president, Rev. H. Hanson, of Hutchinson, Minn., presided, and his report was a comprehensive resume of the work and results of the last year. Committees were named to examine and report upon the officers' reports, and tomorrow hard work will begin.

Foresters Chose Officers.

DULUTH, Minn., June 4.—The high court of the Catholic Order of Foresters of Minnesota, North and South Dakota and Manitoba, concluded its convention late last night. The next will be held at Stillwater. The officers elected were: Chief ranger, M. C. Egan, of St. Paul; vice ranger, Ed Peltier, of Minneapolis; secretary, George W. Steiger, of St. Paul; treasurer, C. C. Belanger, of Minneapolis; trustees, J. D. McCormack, of Rush City; J. F. Memeir, of St. Paul; Peter Loskiel, of St. Paul; J. Faubert, of Minneapolis, and Joseph Sicard, of Stillwater. Delegates, Rev. F. X. Bojec, of Fairfax; George Michel, of St. Paul; A. J. Wyler, of St. Paul; Thomas Gelleg, of Duluth; alternates, Thomas W. Neville, of Grand Forks; E. Racine, of Little Falls; W. J. Lewis, of Staples; Pat Kierce, of Minneapolis.

Sons of Hermann Picnic.

Special to the Globe.

Harmonia Lodge No. 45, Sons of Hermann, will give a picnic at the end of the Rice street car line next Sunday, June 7. All of the lodges will attend. The leading German singing societies will participate. Music will be furnished by the official band of the Sons of Herman. The exercises will consist of games, music, singing and dancing, and a general good time is anticipated. Refreshments will be served on the grounds.

Creditors Get Nothing.

REDWOOD FALLS, Minn., June 4.—George M. Howlett, agent for the Northern Trust company, assignee of the Citizens' bank, has resigned, having wound up the affairs of the bank, so far as possible now. All of the money collected has been absorbed by the trust company or seized by the state. There will be nothing left for the creditors after the state secures the balance of the amount due it, and the fees of the trust company are paid.

Adventists of the Dakotas.

JAMESTOWN, N. D., June 4.—The annual encampment and convention of the Seventh Day Adventists of North and South Dakota begins in this city this week, and continues in session for ten days. Many of the Adventists come by team overland from all parts of the two states and, pitching their tents in the groves near the city, enjoy a ten days' camp meeting each year.

Aberdeen's New Superintendent.

Special to the Globe.

ABERDEEN, S. D., June 4.—Prof. Elmer T. Fitch, of Clinton, Io., was chosen superintendent of the city schools by the board of education this afternoon. He has had large experience in Iowa, Minnesota and Wisconsin.

Ended Life With a Bullet.

Special to the Globe.

LITCHFIELD, Minn., June 4.—Nels Waylander, an old resident of Grove City, shot himself dead this afternoon. It is a supposed case of suicide.

CENTRAL REAFFIRMS.

Says It Can Carry Wheels Free If It Pleases.

CHICAGO, June 4.—The Wisconsin Central has addressed a long letter to Chairman Caldwell, of the Western Passenger association, in which it defends its rights to waive a charge for carrying bicycles and at the same time remain a member of the association, which the chairman has ruled that it cannot do. It is not likely that the chairman will alter his decision, and the ruling as originally made will stand.

Killed by Dogs.

MILWAUKEE, Wis., June 4.—An eight-year-old son of Henry Aclam, of Racine, Wis., was torn to pieces by two bulldogs while returning from school last evening. A companion, who escaped from the beasts, reported the fact and directed the party, which recovered the remains.

MOTORMAN FATALLY SHOT.

A BULLET ALSO REACHED THE CONDUCTOR, BUT HE WILL RECOVER.

FULLY TWENTY SHOTS FIRED.

In Other Parts of the City Cars Were Stoned and Shots Were Exchanged.

MILWAUKEE, Wis., June 4.—A trolley car on the Cudahy line of the Milwaukee Electric Railway company, was ambushed tonight at a point two miles south of the city, and fully twenty shots were fired into it. Two men were shot, one fatally. They are:

JOHN E. BREEN, motorman, of Manistee, Mich., twenty-seven years old; shot through the abdomen; will die.

ADOLPH SCHWARZ, conductor, Milwaukee, shot through the leg; condition not serious.

The wounded motorman ran the car to the city, and both men were removed to the Emergency hospital. The car left Cudahy about 10 p. m. At a point midway between the suburb and the city, a log had been placed across the track. The conductor advanced to remove the obstruction, when several shots were fired at him. He fell, but was assisted to the car by the motorman. As the car was started forward a dozen or more shots were fired, and the motorman fell fatally wounded. The spot where the shooting was done is densely wooded and the murderers escaped. Tonight cars were stoned on the South side and several times shots were exchanged between officers and rioters. South of the city, in the suburb known as Silver City, attacks were made on several cars. Several arrests were made in that locality.

ADVERSE REPORT.

House Committee Against the Butler Bond Bill.

WASHINGTON, June 4.—The house committee on ways and means, by a vote of 13 to 2, decided to report the senate bond bill adversely.

The vote was as follows: Yeas—Republicans, Dingley, Maine; Payne, New York; Dalzell, Pennsylvania; Hopkins, Illinois; Grosvenor, Ohio; Russell, Connecticut; Dolliver, Iowa; Steele, Indiana; Johnson, North Dakota; Evans, Kentucky; Tawney, Minnesota. Democrats, Turner, Georgia; Cobb, Missouri. Yeas—Democrats, McMillan, Tennessee; Wheeler, Alabama. Absent—Crisp (Dem., Ga.), McLaurin (Dem., S. C.), both of whom, it is supposed, would have voted for a favorable report. There was little discussion of the resolution. The Republicans spoke of it as a Populist measure. Mr. Grosvenor made the motion for an adverse report, which was carried, after Mr. Wheeler's motion for a favorable report had been voted down. Chairman Dingley has prepared the majority report, and Mr. Wheeler will make one for the minority.

MONDAY AT LATEST.

Congress Will Be Ready to Adjourn by That Time.

WASHINGTON, June 4.—Senator Allison, chairman of the senate committee on appropriations, expressed the opinion, in view of the progress on legislative matters today, that final adjournment of congress was possible by Saturday, or at the latest by Monday next. Many members of the house are leaving the city and the leaders are finding it difficult to keep a quorum here.

BLACK PROTESTS.

St. Paul Man Objects to an Award of Contract.

Special to the Globe.

WASHINGTON, June 4.—Allan Black, plumber and gas fitter of St. Paul, has entered a protest against the award of contract yesterday for plumbing and apparatus in army buildings at Fort Assinaboine, Mont. Black was the lowest bidder, but failed to secure the contract. He intends to fight the choice made by the quarter master general. He telegraphed Congressman Kiefer today that he will arrive in Washington on Friday. The contract amounts to $18,000.

Stillwater Wants More Deliveries.

Special to the Globe.

WASHINGTON, June 4.—Congressman Kiefer has received a petition signed by numerous citizens of Stillwater, asking better postal facilities. They wish to have four deliveries each day in the business district, instead of two. Col. Kiefer presented the petition at the department this afternoon and succeeded in getting an investigation of the matter with a view of complying with the desires of residents of Stillwater.

For Gray Gables.

WASHINGTON, June 4.—Mrs. Cleveland with her children left Washington this morning over the Pennsylvania for the president's summer home at Gray Gables, on Buzzard's bay. With her was Mrs. Olney and Mrs. Minot, and the children of the latter, with maids.

New Postmaster.

WASHINGTON, June 4.—C. S. Jameson is appointed postmaster at Koochiching, Itasca county.

Kate Field's Funeral.

HONOLULU, May 28 (Per Steamship Alameda).—The funeral of Kate Field, who died here May 19, took place the day following. The body was embalmed and placed in a temporary vault. The funeral was attended by President Dole, the members of the cabinet and a large number of leading citizens.

MR. CORBIN KILLED

THE NEW YORK MULTI-MILLIONAIRE FATALLY INJURED IN A RUNAWAY

COACHMAN IS ALSO DEAD.

MR. CORBIN'S YOUNG GRANDSON ESCAPED WITH ONLY A BROKEN LEG.

CARRIAGE DASHED INTO A WALL.

All of the Occupants Were Thrown Out by the Shock of the Collision.

NEWPORT, N. H., June 4.—Austin Corbin, the multi-millionaire, of New York, died at 9:42 o'clock tonight from injuries received through the running away of the horses attached to his carriage this afternoon, while Mr. Corbin was driving home from his estate and game preserves, two miles from here, accompanied by his grandson, Edgell Corbin, and the latter's tutor. The driver was John Stokes.

When coming out of the entrance gate the horses shied and in their fright dashed across the road, colliding with a high stone wall. The carriage was overturned sufficiently to eject with great force all its occupants, with the result that one of Mr. Corbin's legs was broken in two places and the other wrenched, while his head was terribly bruised. The driver was injured internally and died at 6 o'clock. Edgell Corbin had one leg broken, besides other injuries, while the tutor escaped with a severe shaking up.

The first information of the accident brought to the village was when local surgical help was summoned. Word was immediately dispatched to New York and Boston for the best surgical skill and trained nurses, but in vain. Mr. and Mrs. Corbin and their grandson came to their summer home from New York on Memorial day, and the other members of the family were to follow in a few days.

HURRICANE WITH HAIL.

Serious Damage Done in the Vicinity of Pender, Neb.

PENDER, Neb., June 4.—A terrific hail storm visited the farming section about five miles northwest of Pender this evening. The residence of William Sydon and a large number of granaries and cattle sheds are scattered over several sections of land. At the farm of James Atchison, all his buildings, except his residence, are totally destroyed. At Albert Chambers' place the buildings and fences are blown from the premises. The house is left standing, but is twisted about half-way around. A large number of citizens with medical aid and surgeons left for the scene of the disaster. It is now known that several of William Sydon's family are seriously injured, and fears are entertained that others have met with injury. Other particulars and other damage is unobtainable tonight. John Otterman's residence, barn and other buildings are twisted around and portions wholly destroyed. Lightning damaged the residence of W. T. Meth, in this city, during the storm. Several bridges south of the town are washed out and also 100 feet of track on the Chicago, St. Paul, Minneapolis & Omaha road, about four miles north of Bancroft.

PASSENGER PROBLEMS.

Action on Them Taken by Western Roads.

CHICAGO, June 4.—In their consideration of plans for meeting the competition of the Soo line, in connection with east-bound passenger business, all the Western roads, with the exception of the Northwestern and the Omaha, have agreed that the meeting of such competition shall be left to the Great Western, Wisconsin Central, Rock Island and the Burlington. The Northwestern and the Omaha have reserved their decision on the matter.

The transcontinental roads have agreed that additional conditions shall be printed on continuous passage tickets, with a view to relieving themselves of any liability if such tickets are found in the hands of passengers after the time limit has expired, and the passengers are required to pay their fare or get off the train.

Instructions have been issued by the emigrant clearing house of the Western roads that until further orders all the west-bound emigration business shall be given to the Great Western, Wisconsin Central, Rock Island and the Burlington. These roads are far behind in their share of the business.

BAD FOR WALLING.

Testimony Strongly Against Him Being Brought Out.

NEWPORT, Ky., June 4.—This has been the most eventful day in the Walling trial for the murder of Pearl Bryan. The admissions of the prisoner to Edward H. Anthony, of the Cincinnati Enquirer, will be fatal to him if the court should not rule Anthony's testimony out. The court is holding under advisement a motion to rule out Anthony's testimony, because the alleged confessions were obtained while Anthony was representing himself as a police detective. Dr. Littler's testimony in the afternoon was very damaging to the defendant, and it was unassailed. George H. Jackson, the colored cab driver, was examined in the afternoon, and subjected to a severe cross-examination. Col. Washington, for the defense, showed great tact in omitting to open the door for bringing in the scene at the jail when the colored cab driver identified Walling early in February. Miss Bowers, of Newport, and Mr. Coyne, a government storekeeper, both new witnesses, corroborated George H. Jackson's story to a certain extent.

BELASCO'S CASE.

More Testimony as to His Relations With Fairbanks.

NEW YORK, June 4.—David Belasco continued today the narrative of his business relations with N. K. Fairbanks and Mrs. Leslie Carter, seeking to establish the validity of his claim upon the wealthy Chicagoan for $65,000. The story had an interested auditor in the person of Mr. Fairbanks. The latter part of the day was occupied in the cross-examination of Belasco. In the course of this Belasco related that on one occasion Mr. Allen, counsel for Fairbanks, said: "Sufficient money has been sent you now until the curtain goes up. Fairbanks is a fool. I won't allow him to put up any more money, as he has put enough money in this theatrical enterprise."

To this Belasco replied, in effect, that Fairbanks was getting off much cheaper than others had who had embarked in like enterprises. He said Mrs. Carter was not the only person he had developed for the stage, testifying that others of his pupils had been Robert Taber and E. H. Sothern.

Brewers' Meeting.

PHILADELPHIA, June 4.—The national convention of brewers today elected the following trustees for three years: C. William Bergner, Philadelphia; Charles F. Pankow, Buffalo; Gustav E. Pabst, Milwaukee; Gottfried Kruger, Newark, and William Hoffman, New York. A message was received from Mayor Walbridge, of St. Louis, saying the $5,000 donation would be accepted, and it was ordered sent to Treasurer Morgan. Buffalo was selected as the next meeting place, and the convention adjourned.

To Be Released Friday.

LONDON, June 4.—J. B. Robinson, the South African millionaire, has received a telegram from Pretoria saying that the four leaders of the Johannesburg reform committee will be released on Friday morning.
