FAIR FACES
Disfigured by Eruptions
ARE CURED BY
AYER'S SARSAPARILLA

"Some years ago, I was in a terrible condition with a humor or eruption, which broke out all over my face and body. Seeing the testimony of others as to the efficacy of Ayer's Sarsaparilla in like cases, I concluded to give this medicine a trial, and the result was a thorough cure, no sign of the complaint making its appearance since. I have no hesitation in recommending Ayer's Sarsaparilla for any kind of skin disease."—J. W. DEAN, Moss Point, Miss.

LOCAL NEWS.

Winter lingereth in the lap of spring.

The Board of Equalization meets on Monday, April 1st.

"Ichabod's" communication came in too late for this issue.

We are sorry to report that "Uncle" Joe Bass is quite ill.

The heavy rain that fell yesterday has been a boon to those whose cisterns needed replenishing.

Laflin & Rand's loaded shells, cartridges, shot, powder, etc., at very low prices can be had at Connolly's.

We learn from the De Soto papers that Mr. J. L. Woodford, brother of our townsman, W. T. Woodford, has opened a jewelry store at that place.

At a meeting of the members of the Presbyterian Church last Sunday morning, Messrs. Hugh Newgent and J. W. Settle were elected deacons.

Dorothea and Theodore Kleinerike have sold their farm near Hopewell, better known as the old Brown homestead, to Frederick Korneggy, for $1,600.

Mr. Geo. W. Cole's new cottage in the east end of town is almost ready for occupancy. Pruitt & Madigan have the contract for the painting and papering.

The Arcadia Accommodation has now become a local mail train, and will take mail from all stations. Heretofore it has only brought the St. Louis mail.

One sack of paper mail that reached Potosi last Thursday morning was in a dilapidated condition. It was thrown off the carry free coal and was carried under the wheels. Both sack and contents were badly cut up.

We learn that Mr. Wesley Evans, formerly of California, died at his home in Mill Springs, Mo., a few days ago. His remains were brought to Caledonia for interment. He was the son of the late James Evans, Esq., and a brother of Henry S. Evans, formerly prosecuting attorney of this county.

The Sullivan "Star," a new paper just established in Sullivan, Mo., made its initial appearance last week. It is a five column quarto well edited, but non-political. The editor, Mr. E. A. Pigg, will devote the paper to forwarding the interests of Sullivan and vicinity. We wish Bro. Pigg success in his new venture.

Oscar Blum, aged 19 years, was instantly killed last Thursday night while at work in the Desloge mines. The unfortunate young man was struck by a rock that dislodged and fell from the roof of the mines. His head was badly crushed. The deceased was a son of Mrs. Fred Blum, who lives on Pond Creek, in this county.

Justice Glore and Prosecuting Attorney Van Alen have been busy investigating the attempted outrage upon Miss Smith, at Fourche à Renault, some two weeks ago. They are also investigating the disturbance last Sunday evening at the Catholic church in Potosi. The boys had better behave, or they may get quarters in jail and a prison the county yards.

Two young men from the north end of the county, named Mills and Bryan, respectively, were fined and trimmings each, in Justice Glore's court last Monday, for having shaved the caudal appendage of a mule belonging to Wm. Tarberry, of Johnson township. In default of payment of the fines, the young men are now the guests of Sheriff Scott. We have often heard that it is an unwise proceeding to fool with the rear end of a mule.

Messrs. Pruitt & Madigan, painters and interior decorators, of Ironton, are now in town ready to open the spring season. They have with them samples of an extensive line of wall-paper, which include some of the most artistic effects in that line we have ever seen, and at prices that defy competition. They will take pleasure in showing these samples to anyone contemplating having papering done this spring. All orders left at Hotel Austin will receive prompt attention.

Another candidate for School Commissioner has come to the front in Prof. John J. Dechie, whose announcement appears in this issue. Prof. Dechie is a popular young educator from the north end of the county, and is, we might add, a self-made man, energetic and self-reliant. He was only recently appointed a member of the Institute board, which has the power to appoint the teacher for the summer Normal. He is in every respect qualified to fill the position he seeks.

Married, at Berryman, Mo., on Sunday, March 17th, 1895, at the home of the bride's father, Mr. J. Boudinot, Mr. Job Martin to Miss Ira Boudinot. The ceremony was performed at 12 o'clock a. m., in the presence of many friends, and directly afterwards an elegant wedding dinner was served. The bride, who is a beautiful young girl of fifteen summers, was attired in a becoming costume of tan cloth trimmed in white silk. The groom is a prepossessing young man of twenty-two years. Many beautiful and costly presents were received by the young couple. Among the invited guests were Dr. and Mrs. Parker, Mr. and Mrs. C. N. Fanta, Mr. and Mrs. T. O. Hudson, Mr. and Mrs. C. C. Murray and Mr. and Mrs. Bert Compton.

ED. JOURNAL:

Allow me, through your valuable paper, to correct some erroneous reports which have now in circulation in some parts of the county. These reports are to the effect that I have said, in the event of my being elected to the office of county school commissioner, that I would grant no certificates to young ladies, nor would I indorse any certificates granted outside our county.

Now this is simply "claptrap" and nonsense, which never came from me. Young lady teachers are largely in the majority in the schools of our county, and I should not hesitate one moment in granting certificates to them as well as to males, and under precisely the same conditions, equal rights to all and special favors to none.

If I should be elected, certificates from other counties, granted by the proper authorities, would be duly considered and indorsed. I don't think it would be just, however, to fill our schools with foreign teachers to the injury of our home teachers. Hoping for a neighbor's success,

Respectfully,
A. W. SCOTT.

Our neighborhood is full of chronic grumblers. They grumble about everything that happens from the election to the cold winter. They seem to think this a hard world and the best day of one's life is the day when we leave this terrestrial sphere.

Mr. Crosier Fritz, of this place, is contemplating going West in a few days to take possession of a large farm which he has leased. He says he is erecting a house that will cost $5000. Money is no object with Crosier.

We are sorry to say that Miss Annie Crow is no better. Her friends fear she is going into a decline.
