**A DOUBLE HEADER.**  
REPUBLICAN 1873  
DEMOCRATIC 1893

Two acts of legislation that have caused more sorrow and distress and loss of property than any two wars America has ever passed through were passed in 1873 and 1893. The first was passed when the republicans controlled both Houses of Congress and the President. The first changed all the contracts from a lawful money contract to a coin contract. The second changed all contracts from coin money to a gold contract. The first, eastern democrats assisted the republicans to pass. The second, republicans helped the democrats to pass. How do you like the big double-headed mongrel?
