—The prospect for an enormous crop of the excellent soft winter wheat which has made Kansas famous and wealthy, was never better at this season of the year than at present. The best way to get there, is to take the R. & M. train at Forest City at 10:20 in the morning for Fortescue. The fare from Forest City is 25 cents. You can get a conveyance in Fortescue to take you over, or what is better, write Mr. Hayden Edwards, at Bigelow, to meet you at Fortescue. The meeting worthy of all fruit growers and entertainers based upon long tried experience in successful crops and unexpected failures
