A Nice Compliment.
We are pleased to note the improvement in THE DAWN. Its last issue is clean, clear and creditable. It bears many evidences of prosperity, and there is not a Populist in Bates county who remembers the old Lone Oak Farm Journal that will not rejoice in Bob Turner's victories. Stay in the middle of the road, Bob. The Free Press and its friends send you a greeting this New Year.—Free Press, Butler, Mo.

Many thanks, Bro. Atkeson! We often recall our joint trials in the days of Greenbackism. We are still a firm believer in the cardinal principles as advocated by that party, and as such, we cannot swallow the idea that in free silver alone lies the hope of this nation. We still believe in a full legal tender paper currency, absolute and irredeemable, issued in quantities sufficient to transact the business of the country on a cash basis.

State Warrants Called In.
The state treasurer has called warrants Nos. 49,616 to 20,420, inclusive, on the general fund and Nos. 2,030 to 2,031 inclusive on the military fund. They will be paid on presentation and not draw interest after the 17th day of January 1898. This call, with interest, will amount to about \$125,000.

Dedicated to the Tacoma Ledger.
Of course Herbert Spencer does not stand much show in comparison with the pin-headed, cross-roads shysters who talk about the glories of the "gold basis," but here is what he had to say about "flat" paper money. "Coin is the money of barbarians. Half-civilized people want coin and convertible paper, but people who are fully civilized prefer paper money."

Too Bad.
R. S. McClimans went to Ellensburg by way of Spokane this week to attend commissioners' court. He will be required to travel only about 800 miles in going and returning from the county seat.—Wenatchee Advance.
This is another argument in favor of the Blewett-Peshastin wagon road as mentioned last week. While the road is impassable now between here and Wenatchee. Mr. McClimans must necessarily go around by Spokane in order to reach this city, and yet if the above road was built he would get here by traveling less than 100 miles. We believe our commissioners are fair and unbiased and will see the business point of assisting those people in building said road.
