—We understand an anti-temperance crusade was held at a house on Jackson street Tuesday evening, where only one cruiser undertook to knock down and clean out his whole family, it being worse in effect than another such trouble spoken of in another article. This is a business that cannot be followed with profit or pleasure,

—We publish on the first page a column of Address by the Greenback-labor executive committee, handed us by a friend with request to publish. We are also informed that Mr. J. Turpen is entitled to great credit in his unceasing energy in resurrecting the interest of that district to have their present school building, something the district has been minus of several years, depending on the schools nearest them.

—Night before last as the small hours approached the cries of help! help! help! were heard coming from a quarter of our burg quickly following the cries of help, "he is killing her!" The cries and screams of two women and three or four children made a few minutes seem hideous, but after a general rush of the neighbors to the scene all was settled down without any damage, save the distress of the family and annoyance of neighbors, all over the spree of the first male of the house, wanting to tare things up. We withhold names this time, but if Harrison raises another such rumpus we will write him up.
