SORGHUM WINE,

The Great Discovery of the Age.

The subscribers having purchased the patent right for the state of Missouri for manufacturing

SORGHUM WINE,

taking this method of informing the citizens of Missouri that they have appointed Messrs. Harper & Bryon, of St Louis, as the General Agents for the State to sell rights; and any application to them for information, &c., will be punctually attended to at their office, No. 508 Pine st. Pamphlets, circulars, &c. can be found at their office giving information as to the growth of the cane, and the manufacture of Sorghum.

SORGHUM WINE

is similar to Medeira or Sherry in flavor and quality. Indeed it has the same element, and is perfectly free from any drugs whatever, as a pure extract and cattle make, they say berry wine, and as nutritious and healthful as any of the best grape wines. It an excellent tonic in case of dyspepsia or weak stomach. During the last year it has been exibited at all the principal cities of the Northern States, also at the State Fairs of Ohio Indiana and Pennsylvania, and in every instance has met with decided commendation, the best judges invariably pronouncing it Medeira and some Sherry, and Port wine of the best quality It can be made at a very expense, say at 50 cts per gallon. Sorghum manufacturers, by procuring the right, can save all the expense of growing the Cane and manufacturing the syrup, by saving the washings and skimmings of the pan and making them into wine.

I. L. RIVES, M D

H. F. PEIPER St Charles Mo.

WANTED—Agents for all the counties in the State to sell rights. Apply to HARPER and BRYON, 508 Pine st. Among many certificates we give the following from Hon. W. B. Hubbard Columbus Ohio., President of the U. S. Agricultural Society, held annualy at Washington

Columbus, O., March 31, 1866

Rev. A. Myres: The sample of Sorghum wine you left with me, has been submitted to several judges and has visited my house, and without exception has met with decided commendation. Some of them pronounce the aroma or fragrance of the wine that of the Sherry, the minority that of the Madeira. It is certainly a fair wine, and doubtless, no doubt, from the ease and cheapness of its manufacture, to become an item of value to the manufacturer and cultivator.

Oct 26, 1866. W. B. HUBBARD.

Dr. JACKSONS

BALSAM OF LUNGWORT,

The great remedy for Coughs, Colds, sore throat Hoarseness, spitting of Blood, soreness of the

Chest and Lungs,

and

CONSUMPTION.

This old tried medicine stands higher in reputation than all others, its effects are prompt and certain and it has cured more bad cases than all other medicines put together, dont fail to give it a trial and be convinced, as delays are dangerous. Price one dollar a bottle.

Maguire's Benne Plant.

For more than twenty years this valuable medicine has been in general use as a remedy for diarhea, dysentary, cholera and complaints of the bowels incident to summer, and we do not exaggerate when we say that it is the most successful and popular specific ever offered to the public.—[Missouri Republican.]

THE very best remedy that can be used for Cholera is Maguires' Extract of Benne Plant, it is infinitely superior to any of the receipts published in the newspapers, no matter from what source they may be derived. It was used in 1849—50 and 51 with astonishing success, since that time as a cure for Diarrhea, Dysentary and Bowel affections generally it has no rival. It is sold by druggists everywhere.—[St Louis Democrat.]

Ague and Fever, Intermittent Fever and Dumb Ague speedily cured by Maguire's Ague and Fever Mixture. Prepared and sold by J. & C. Maguire, Druggists, corner Second and Olive street.

PROSPECTUS OF

THE WEEKLY HESPERIAN.

A JOURNAL

Devoted to the Literary Interests of the Mississippi Valley.

On Saturday, the 5th of January 1867, the subscriber will commence the publication of the Weekly Hesperian, paper which in matter and style he hopes to render acceptable to the soundest judgment and the most delicate taste.

The Hesperian will be strictly literary; and its columns will contain Essays, Romances, Sketches and Poems—original and selected, on all subjects proper to a paper of that description; also, a summary of current events. Religion it will leave to the pulpit; politics to the hustings; yet, at the same time, it will endeavor to inculcate a taste for the beautiful and true among among all classes and circles.

A special feature in the Hesperian will be its devotion to the literary interests of the Missippi Valley. Here, it is evident, are to be the homes of the great body of the American people; and here will be the mind, the energy, and the wealth to sustain and direct the affairs of our American society. How essential, then, that this mind be elevated and refined, and how fitting that the attempt be made at St. Louis, already the business centre of our Valley. Truths so obvious need no demonstration. The conception it is proper to say is not that of the subscriber. He simply proposes to execute what many ladies and gentleman have suggested and urged, and he takes great satisfaction in adding, that those who have encouraged the enterprise are ready with their pens and their purses to make the "Hesperian" a decided success.

The "Hesperian" will be established weekly, in eight page form size, twenty-eight by forty-two inches; from beautiful, new type, on superior paper; will contain forty columns of reading matter, and and be issued to subscriber at three dollars a year in advance. To each club of ten an extra copy will be furnished. Until a suitable building can be procured, the business office of the Hesperian will be at the music store of Bellman & Shattman No. 107 N. Fifth st.

All communications and subscriptions must be addressed to.

JAMES W. ALLEN,
Proprietor Hesperian, St, Louis, Mo.

Editors of newspapers giving the above an insertion (with this notice), and calling attention to it editorialy, will be entitled to an exchange.

LATEST FASHIONS DEMAND

J. W. Bradley's celebrated Patent

DUPLEX ELLIPTIC

(or double Spring)

SKIRT.

The wonderful Flexibility and great comfort and pleasure to any lady wearing the Dupex Eliptic Skirt will be experienced particularly in all crowded Assemblies, Operas, Carriages, Railroad Cars, Church pews, Arm Chairs, for Promenade and House Dress, as the skirt can be folded when in use to occupy a small place as easily and conveniently as a silk or muslin dress, an invaluable quality in crinoline, not found in any single spring skirt.

A lady having enjoyed the pleasure, comfort, and great convenience of wearing the Duplex Eliptic Steel spring skirt for a single day, will never afterwards willingly dispense with their use—For children, Misses and young ladies they are superior to all others

They will not bend or break like the single spring, but will preserve their perfect and graceful shape, when three or four ordinary skirts will have been thrown aside as useless. The hoops are covered with double and twisted thread, and the bottom rods are not only double springs, but twice (or double) covered: preventing them from wearing out when dragging down stoops, stairs &c.

The Duplex Eliptic is a great favorite with all ladies and is universally recommended by the Fashion Magazines as the standard skirt of the fashionable world.

To enjoy the following inestimable advantages in crinoline, viz: superior quality, perfect manufacture, styles shape and fine finish, flexibility, durability, comfort and economy, enquire for J. W. Bradleys Duplex Elliptic, or Double spring, and be sure you get the genuine article.

CAUTION—To guard against imposition be particular to notice that skirts offered as Duplex have the red ink stamp, viz: J. W. Bradleys duplex Elliptic steel springs upon the waistband—none other are genuine. Also notice that every hoop will admit a pin being passed through the center, thus revealing the two (or double) springs braided together therein, which is the secret of their flexibility and strength, and a combination not to be found in any other skirt

For sale in all stores where First class skirts are sold throughout the United States.

Manufactured by the Sole owners of the Patent
