A CARNEGIE ROMANCE

Niece Wedded Her Mother's Coachman a Year Ago.

IRONMASTER RECONCILED

He Says He Would Rather His Niece Wedded an Honest Coachman Than a Worthless Duke and That No Rich Men Are Wanted.

New York, April 19.—Andrew Carnegie at his home, at Ninetieth street and Fifth avenue, on the Highlands of Manhattan, has just had as his guests Mr. and Mrs. James Bever, the latter his niece, who was formerly Miss Nancy Carnegie and whose marriage in New York over a year ago had been a family secret until this morning. The pair on Sunday returned from Europe with their infant daughter. Today they were away again on a visit down East.

In accordance with his well known efforts not to do 6ch, Mr. Carnegie said, when seen this morning, that no rich men were wanted in the Carnegie family.

"Mr. Bever is not rich," said Mr. Carnegie, "but he is a sober, moral, well doing man, and the family would much rather have such a husband for Nancy than a worthless Duke."

Miss Nancy Carnegie, it is said, was among the bridesmaids at the wedding in Pittsburg of Miss Alice Thaw and the Earl of Yarmouth.

Mr. Bever has been engaged as a riding master in this city and Newport when he married Miss Nancy Carnegie. Then, too, for three years he had been employed as a coachman by her mother, Mrs. Thomas M. Carnegie, both at Pittsburg and at Mrs. Carnegie's well-known winter home, Dungeness, Ga., and at Fernandina, Fla.

ROOSEVELT SENDS HIDE OF BEAR HE SHOT

Two Guides, as Special Couriers, Bring the Trophy to Secretary Loeb.

Glenwood Springs, Col., April 19.—Two guides came to the Colorado Hotel and were introduced to Secretary Loeb as special couriers from the President. They had been in town for an hour and a half and had packed through the electric the fresh hide of the bear which the president had killed before they started out, but they did not see the necessity of reporting until they were ready.

Then Elmer Chapman announced himself at the hotel as the messenger of the President, but his companion, J. C. Austin, kept in the rear.

Meanwhile Secretary Loeb had been waiting and when they at last concluded they might as well deliver their message, he hustled them into his room. Even then Austin had to be reminded of his duty by a secret agent and pushed along the corridors. The news they brought was given out in a bulletin from Secretary Loeb that Monday afternoon a big bear was started. By hard scrambling up the mountain side the president succeeded in shooting him. The hide was brought to town to be stuffed.

On the same day Dr. Lambert shot a lob cat. No casualties were reported. Secretary Loeb will return to the camp with the couriers, taking with him a number of papers for the president's signature. He will go by train to Newcastle, and will ride horseback to the camp, twenty-three miles.

MONEY SNATCHER ARRESTED.

Soldier Slid Hand into Civilian's Pocket and Pulled Out Wad.

Burlington, April 20.—Clinton Adams, a member of Troop F, 15th Cavalry, distinguished himself yesterday in a money snatching affair which will likely land him behind the bars for some time to come. Adams was released from jail yesterday having completed his ten days for intoxication. He then went to Winooski and took a few drinks, which inspired him to more ambitious acts. While standing on the hotel steps he suddenly dived into the pocket of a man named Villemaire and clutched a handful of money, and then made a dash for safety. His act was seen, however, by Officer Bergeron and in a short time Adams was placed under arrest by Deputy Ravlin. The two officers brought him to the county jail in the afternoon. Adams put up a desperate resistance when searched, but was easily overcome. There was found in his pocket $7.10.

CALL HIGH FINANCIERS IN BEEF TRUST INQUIRY

Thirty New Witnesses Include J. P. Morgan and Former Packers' President, Jesse P. Lyman.

Chicago, April 20.—Thirty new subpoenas have been served by deputy marshals and secret service agents upon additional men wanted by the Federal Grand Jury as witnesses in its investigation of the packing industry. Persons who formerly occupied influential positions with the packers, high financiers, and not a few railroad men are among the fresh squad whose testimony will be placed before the Grand Jury when reconvened yesterday.

Jesse P. Lyman, former president of the National Packing Company, is one of the witnesses. Henry Goodfrey, secretary and treasurer of the Elms Trading company, is another. J. L. Lewis, a former employee of Armour & Co., in the accounting department of its branch at Omaha; J. P. Morgan, F. J. Stotts, New York; P. A. Jackson, St. Paul; Henry Alexander, Brooklyn; Jas. A. Kusser, New York; J. R. Goldwaite, Boston; J. C. Morrow, Kansas City; James Pankett, Cleveland, and W. G. Hovenstein, Washington, also are among the new witnesses.

Red Flag at Funeral of Limoges Striker.

Limoges, France, April 20.—The funeral of one of the strikers killed in the recent rioting was held yesterday and brought out a vast throng of people. A red banner a red flag was allowed to follow the hearse.

MONTANA AFTER BEEF TRUST.

Packers Summoned on April 25 to Answer Charges.

Helena, Mont., April 20.—Attorney General Cullen yesterday filed complaint in the name of the state of Montana against the Cudahy Packing Company, Swift & Co., Hammond Packing Company of Chicago; the Hammond Packing company of Pueblo, Col., and the Armour Packing company, commonly known as the "beef trust."

The attorney general summoned them to appear April 25 to answer a charge of combining and unlawfully fixing the prices of meat and meat products. This is a continuation of the suits begun by former Attorney General Donovan.

CHINESE ATTACK DOWIEITE.

Mob, Armed With Swords, Wound Missionary Near Shanghai.

Shanghai, April 20.—A follower of John Alexander Dowie, a missionary named Kennedy, recently rented a native building in the village of Tangli, about four days' journey from Shanghai, for use in mission work. At midnight, April 12, a hundred Chinese, armed with swords and wearing blouses marked "People's Volunteers," attacked the house, wounded several Chinese, struck Mr. Kennedy on the head, left him apparently dead, and looted all his goods.

A messenger who left Tangli early the next morning reported that Mr. Kennedy was still alive at the time of his departure, and later advices give hopes of his recovery.

Acting American Consul Davidson promptly despatched the vice consul with twenty native soldiers to suppress the disturbances.

ST. PETERSBURG RIOT.

Band of Anarchists Charged by Mounted Police.

St. Petersburg, April 20.—After a service Tuesday at the grave of one of the victims of the crane accident at the Putiloff Iron Works on April 13, 300 Putiloff workmen were joined by a small band of men carrying red flags and shouting: "Long live liberty and anarchy! Down with autocracy!"

Mounted police attempted to disperse the procession, but were met with a fire from revolvers. When reinforcements had arrived the police charged the crowd with sabres, striking with the flats of their swords and injuring several of the workmen. They soon overpowered the rioters, who defended themselves with sticks only. A large number of arrests were made.

SAYS GERMANS OUTLIVE US.

Dr. Laquer Declares Americans Are Exhausted Earlier in Life.

Wiesbaden, Germany, April 20.—"Americans are shorter lived than Germans," was the conclusion reached by Dr. B. Laquer in his paper on "Social Hygiene in the United States," submitted yesterday to the International Congress of Medicine, now in session here.

"Although more temperate in the use of alcohol than the Germans and working an average of 10 per cent shorter hours, the Americans are exhausted earlier in life," said Dr. Laquer.

He gave these figures for each thousand of the population: Those from 40 to 60 years of age are, in Germany 179, in America 170; those more than 60, in Germany 78, America 65.

Farmer Raised Pines.

Two seasons ago George R. Lockwood set out five or six hundred white pines in his pasture along the Church hill road in Woodstock. They are now healthy, thrifty young trees, ranging in height from two to six feet, and Mr. Lockwood is to be congratulated on being about the first farm owner to attempt any forestry work in that section! In the same neighborhood, 42 years ago, Charles View and his father found a white pine on the hill opposite the View homestead—the only one they could find in that vicinity—and set it out by the roadside opposite the house. From the seeds of this tree, now a fine and flourishing specimen, have grown up around about many young pines of all sizes from two to fifteen feet high or more. A row of ten or a dozen larger ones near the house are especially noticable and add much to the beauty and value of the premises.

ASK HYDE TO RESIGN

Agents Adopt Such a Resolution at Meeting.

RETORTS FLY IN FIGHT.

Hyde's Reply to Alexander's Explanation About Checks — Agents Discuss Hyde Checks for Syndicate Profits.

New York, April 20.—Sharp retorts from both factions were made in the Equitable war yesterday while the general agents of the life assurance society continued their sessions at the Hotel Savoy in their effort to find a plan looking for the betterment of conditions in the company. Second Vice President Turbell took occasion to give the lie to a statement made by Henry H. Knowles, formerly superintendent of agencies for the Equitable, in which Mr. Knowles said that Mr. Turbell was at the bottom of the Equitable troubles and that he had entered into a compact to oust Vice President Hyde and succeed President Alexander when the head of the society retired. Samuel Untermeyer, counsel for Mr. Hyde, gave out a statement relative to Mr. Alexander's explanation about the eight checks he received from Mr. Hyde for syndicate profits. Mr. Untermeyer called Mr. Alexander's reply to Mr. Hyde and his letter to H. C. Frick, chairman of the investigating committee, "stage correspondence."

The general agents were in session until 9 yesterday afternoon, when a recess was taken for an hour. No official announcement of action taken was made, but it is learned that a resolution calling upon Hyde to resign from the company was adopted. It is said to severely condemn Mr. Hyde both personally and in his business capacity.

FIVE IN EIGHT MONTHS.

Remarkable Record Made By Mrs. Uriah Bailey.

Laurel, Md., April 20.—Mrs. Uriah Bailey, 18 years old, married less than two years, has presented her husband, a laborer of Bacon's Mills, with five children within the last eight months. Twins were born last August. Both died. Yesterday Dr. Fleetwood was called, and to his astonishment three more infants made their appearance. They were born prematurely and all died within a few hours.

Reports of Wardens Coming in.

Stowe, April 20.—The annual reports from fish and game wardens in the several towns in the state are coming in and Fish and Game Commissioner H. G. Thomas is kept busy filing them. One hundred and eighty two envelopes containing such reports were received Tuesday night.

SPRING TIME NEED OF A GOOD TONIC.

Mr. Wells of the Red Cross Pharmacy Tell About Spring Medicines and Their Uses.

"We often have people come to our store for something to 'brace them up,'" said Mr. Wells of the Red Cross Pharmacy. "We always recommend Rexall Mum-Tone as the ideal remedy, with the result that they invariably come back, not for the money, which we always guarantee to return in case of dissatisfaction, but to speak in the most appreciative terms of this wonderful remedy, and to thank us for having urged them to take it for their spring-time ailments.

"These customers think they are merely run down, out of sorts and think they are suffering with systematic catarrh, a form of disease where the catarrhal condition is scattered throughout the whole body.

"Rexall Mum-Tone is a catarrh cure which we know will cure every form of catarrhal disorder. It is a nutritive tonic, body builder and blood purifier. It has won the highest praises not only here but all over the country. It cleanses the mucous membranes of the body, drives out the poison, builds up the wasted tissues. Because it does all this Mum-Tone is to our notion the ideal spring tonic. The very first dose of Mum-Tone braces you up, while three or four weeks of it in tablespoon doses three times a day will make you feel like a new person.

"It will rebuild your whole system, making you fairly bubble over with good spirits, buoyancy and vigor of perfect health.

"If you are feeling badly, are afraid you are going to be sick, if you are run down and miserable generally, our advice is to take a fifty cent bottle of Mum-Tone. If it doesn't straighten you right up and make you feel better than you have in months we will promptly return you your money." Red Cross Pharmacy.

ASBESTOS COMPANY SUED.

R. R. Blake of Eden Brings Writ of Sequestration.

Morrisville, April 20.—The case of R. R. Blake of Eden vs. the New England Canadian Asbestos Company, is being tried at Powers & Cheney's office this week before Special Master W. H. Taylor of Hardwick. J. W. Redmond of Newport and William Tracy of Johnson, appear for Mr. Blake, while James Gillingham of New Bedford, Mass., and T. C. Cheney of Morrisville, look after the interests of the asbestos company.

The case grows out of a writ of sequestration brought by Mr. Blake, and is said to be the only case of its particular kind ever tried in Vermont.

JUMPED THE TRACK.

Seventy-five Passengers Shaken Up, But None Injured.

BARS WOMEN FROM TRIAL

No Crowds Allowed at Third Trial of Nan Patterson.

STILL CHOOSING THE JURY

Recorder Goff's Ruling Disappoints a Great Throng at the Opening of Court — Recess Till Monday.

New York, April 20.—Recorder Goff has ruled that women may not attend the trial of Nan Patterson, charged with the murder of "Caesar" Young, and many were turned away, to their keen disappointment, when the doors opened yesterday. Talesmen only were allowed to enter, although a great crowd had gathered at the court room door.

Those jurors were in the box when the trial was resumed yesterday. Counsel expressed the opinion that the expedition with which the examination was proceeded with yesterday gave grounds for hope that the jury box will be filled by tomorrow night. Counsel on both sides have restricted their questions to the narrowest point and no time is being lost in useless quibbling.

Nan Patterson pays the same keen attention to the selection of the jurors that she did on the two previous trials. She listens to each question and answer carefully and indicates to her counsel whether the juror will be acceptable. Yesterday she turned down a talesman who was acceptable to both sides. The talesman in question was, apparently, desirable to both counsel and was about to be accepted when Nan turned to Mr. Levy and said:

"I do not want him. He does not suit me."

Levy seemed surprised and said after he had challenged the talesman:

"You must not think that every man who is acceptable will suit you. The talesman was satisfactory."

Counsel for the defense have indicated indirectly that they may not call the actress to the stand to testify. Several talesmen have been asked if they would be prejudiced against the defendant if she failed to take the stand in her own behalf.

CHARGED WITH MURDER.

John Mattross Under Arrest at Ossipee, N. H., for Four Year Old Crime.

Center Ossipee, N. H., April 20.—Charged with the murder of a man who died four years and a half ago under suspicious circumstances, John Mattross of this town was arrested yesterday by Sheriff Myron L. Johnson of Carroll county and was taken to Ossipee. Mattross is alleged to have murdered Ezra Dodge at Tamworth, on Sept. 13, 1900.

The crime baffled the police completely and never until yesterday have they made any arrest in connection with the case.

Mattross, who has lived here at intervals all his life has been in Center Ossipee but a short time this spring, having recently completed a year's term in state prison for breaking and entering a store near this town. He made no resistance when Sheriff Johnson arrested him yesterday. He was locked up in the jail at Ossipee and will be given a hearing today.

BANKER SENT TO PRISON.

E. W. Card, Former President of Medina, N. Y., Institution, Gets Six Years.

Buffalo, N. Y., April 20.—Earl W. Card, former president of the Medina National Bank of Medina, convicted of misappropriating the funds of a national bank and making false returns to the controller of the currency in Washington, was yesterday sentenced to six years' imprisonment in Auburn.

The minimum punishment provided by law was five years and the maximum punishment ten years' imprisonment.

TRIBUTE TO HOAR'S MEMORY.

Representative Gathering at Worcester to Do Honor to Late Senator.

Worcester, Mass., April 20.—The home city of the late Senator George Frisbie Hoar paid a tribute to his memory at a great meeting in Mechanics' Hall yesterday. The building was filled with representatives of the nation and state and of many of the municipalities of Massachusetts, who joined in the memorial exercises with Worcester citizens. The principal address was delivered by Senator John W. Daniel of Virginia, a Confederate veteran and for many years a close friend of Senator Hoar.

Among those present were Senator Winthrop Murray Crane of Dalton, who is Senator Hoar's successor; the Rev. Dr. Edward Everett Hale, chaplain of the United tates Senate; Congressmen John R. Thayer of Worcester, William S. McNarry and John A. Sullivan of Boston, and Lieutenant-Governor Curtis Guild, Jr.

GRANITEVILLE.

Prof. W. S. Corliss will give another of his successful concerts at Solid Rock chapel, Foxville, on Friday evening April 21. Recitations, quartettes, duets, choruses and dramatic entertainment. Box social at the close. Ladies bringing boxes will be admitted free. Admission 10 and 20 cents.

WHY I AM AN ENTHUSIAST

It is very seldom that you hear of the writer of the "Ads" of a proprietary remedy taking the medicine himself, yet such is the case with the writer of these lines. Early last fall I found that I was not up to my standard in weight. I had a friend who was connected with the Magee Emulsion Co. and he stated that he really and conscientiously believed that Magee's Emulsion would build me up. I was all right in every way except that I was thin, so having a natural aversion to taking medicine, I hesitated. My friend assured me however that I would not regret taking his advice, so I started taking the medicine. I began picking up from the start and in eleven weeks from the time I started taking it, I had gained ten pounds, about a pound a week. I was so impressed with this result that I determined to become interested in this wonderful remedy. I therefore went to Troy to see if this could be arranged. I was successful in my negotiations and accordingly severed my connections in New York in order to take hold of this most marvelous medicine.

What is in Magee's Emulsion that works such wonders? Surely it must be more than an ordinary preparation. That is just the agent of its flesh producing powers. It contains nothing but what is of benefit to the system—no waste material, no artificial stimulants that fill the patient with hope and then when the reaction comes, leaves him worse off than before. All it contains is pure Norwegian Cod Liver Oil, Diastasic Extract of Malt and Hypophosphites of Lime and Soda. Could any more beneficial combination be taken into the system? Cod Liver Oil produces the fat, Malt Extract is a food and develops the fat, and Hypophosphites are a tonic.

Don't be deceived by the wine preparations claiming to have the active principles of Cod Liver Oil without the oil itself. These claims are absurd. You cannot get the active principles unless you take the oil.

Cod Liver Oil is not offensive when properly emulsified. The disagreeable features are due to the use of cheap fish oil or the lower grades of cod liver oil which have not passed through the several stages of refinement. Magee's Emulsion is most palatable because it contains pure oil from fresh cod livers and also because the malt disguises what little oil taste there is left. Remember it contains no wine, no whiskey; it is just food.

You can obtain Magee's Emulsion from E. A. Drown, Druggist.

James I. Raymond Dead.

GUARANTEED TO CURE DISEASED KIDNEYS.

The guarantee we give to refund the money to any one using Cal-cura Solvent without benefit, is something hitherto unheard of in the treatment of serious and dangerous kidney and bladder diseases. Its wonderful power to cure diseases of the kidneys and bladder is the happy result of the efforts of that skilled physician and surgeon, Dr. David Kennedy, to make a medicine that would dissolve and expel from the system stone, gravel and uric acid. In this way, Cal-cura Solvent not only cures the disease but also removes all irritating causes.

Cal-cura Solvent has such a peculiarly beneficial effect that it almost invariably cures, and we run little risk in our generous offer. Try the remedy at our expense if it fails; at a small cost to you if it cures. Do not delay. Write The Cal-cura Co., Kingston, N. Y., for a free treatment bottle.
