# WHITE SOX KEEP IT UP

## Defeated Yesterday In Last Game of Series

## HIGHLANDERS LOST THEIRS

**Cleveland Is Hanging Grimly to the Contest and Lacks But Little of Second Place—Chicago Cubs Take Another.**

The Boston team sacrificed itself as another stepping-stone to Chicago pennant aspirations yesterday afternoon in the last game of the season between the two teams, when it lost by the score of 2 to 0. At the same time the Detroit Tigers were chewing up the New York Highlanders, and the result was the same, 2 to 0. Chicago is now two games ahead of the New Yorkers, while Cleveland still clings desperately to third place, being now but two games behind New York and four games behind Chicago. Another shutout game yesterday was the defeat of St. Louis, 4 to 0, by Washington. The Boston team signalized its 100th defeat milestone through losing to Chicago.

The National league runs along with the same old monotony, with Chicago piling up victories about as it pleases, and New York and Pittsburg fighting hard for second place. The Pirates captured two games from Philadelphia yesterday, and New York got but one from Cincinnati, so that Pittsburg is only two games behind the Giants.

**Yesterday's American League Scores.**

At Chicago—Chicago 2, Boston 0.
At Detroit—Detroit 2, New York 0.
At Cleveland—Cleveland 3, Philadelphia 3.
At St. Louis—Washington 1, St. Louis 0.

**American League Standing.**

| | Won | Lost | Pct. |
|---|---|---|---|
| Chicago | 87 | 55 | .613 |
| New York | 83 | 57 | .599 |
| Cleveland | 83 | 59 | .587 |
| Philadelphia | 75 | 65 | .536 |
| St. Louis | 71 | 70 | .503 |
| Detroit | 68 | 73 | .482 |
| Washington | 54 | 90 | .375 |
| Boston | 46 | 100 | .315 |

**Yesterday's National League Scores.**

At Philadelphia—1st game, Pittsburg 5, Philadelphia 0; 2nd game, Pittsburg, 8, Philadelphia 0.
At Boston—St. Louis 6, Boston 3.
At New York—New York 6, Cincinnati 4.
At Brooklyn—Chicago 12, Brooklyn 7.

**National League Standing.**

| | Won | Lost | Pct. |
|---|---|---|---|
| Chicago | 101 | 34 | .766 |
| New York | 91 | 53 | .632 |
| Pittsburg | 89 | 55 | .618 |
| Philadelphia | 68 | 77 | .469 |
| Cincinnati | 63 | 84 | .429 |
| Brooklyn | 59 | 83 | .415 |
| St. Louis | 54 | 94 | .352 |
| Boston | 46 | 98 | .319 |

**Baseball Briefs.**

Pittsburg has drafted Storke, who made so good a showing at third for Providence.

"Mike" Lynch left his room Tuesday for the first time in a month. The former Brown star has been laid up with stomach trouble.

It is claimed now that "Jimmy" Collins, the deposed Boston manager, will play third base for the St. Louis Americans next year.

"I can name 20 ball games this year," said John J. McGraw the other day, "which we could have won with a single hit. If we had all those games to our credit, we would be fighting the Chicagoes down to the last ditch of the race. Our batting combination was broken up when we lost Donlin and Browne. It took two of the best left-handers out of the team. Both men can hit to either field, and there are few fielders who have any idea where the ball is likely to be sent when they are at the bat."

### FORCED EXODUS.

**Gov. Vardaman Orders the Negroes from Cities to Country to Be Driven to Work.**

Jackson, Miss., Sept. 27.—Gov. Vardaman has issued an order to the law officers to drive all loafing negroes from the towns and cities into the country, where the ripened cotton fields afford opportunities for the remunerative labor for all who will work.

"Let the law be enforced," he says. "Let these brutes in human form be driven to legitimate labor. If that be done, crimes will be less frequent, and peril to our homes reduced to a minimum and danger of race conflict removed."

### REDUCES RATES.

**Action of Central Passenger Association to Go Into Effect on Nov. 1.**

Chicago, Sept. 27.—The Central Passenger Association has decided to put into effect, Nov. 1, a 2½ cent rate on all its territory east of Illinois in which the state legislatures have not already made a maximum rate of 2 cents. This will reduce the local rates only in Indiana and in Pennsylvania west of Pittsburg, as Michigan and Ohio have two-cent fare laws, but it involves a lowering of all the interstate passenger rates north of the Ohio river and west of Syracuse, N. Y.

**Dr. KENNEDY'S FAVORITE REMEDY**

Pleasant to take, Powerful to Cure, And Welcome in every Home.

KIDNEY and LIVER cure.

Dr. Kennedy's Favorite Remedy is adapted to all ages and both sexes, affording permanent relief in all cases caused by impurity of the blood, such as Kidney, Bladder and Liver Complaints, Constipation, and weaknesses peculiar to women. Extensively used for 30 years. Prepared by DR. D. KENNEDY'S SONS, Roxbury, N. Y. $1.00 all druggists. Six bottles $5.00.

**Catarrhlets** Give instant relief in Nasal Catarrh—allay inflammation, soothe and heal mucous membrane, sweeten the breath, most gentle for nose or throat. 50c. druggists or mail.

**Dyspeplets** Quickly relieve Sour Stomach, Heartburn, Nausea, all forms of Indigestion and Dyspepsia. Sugar-coated tablets. 50c. or 25c. Kennedy Co., Lowell, Mass.

It Made by Blood It's Good.

### ORGANIZING AT OAKLAND.

**Employers' and Builders' Association Formed.**

Another and all but the final step in the organization of the Oakland Employers' and Builders' association was taken at a meeting held Wednesday night at the headquarters of the master builders. The constitution of the association was submitted, and after discussion made and amendments had been added it was referred to the separate crafts for approval and adoption. The next meeting is to be held next Wednesday evening, when officers are to be elected.

The meeting was presided over by D. S. Brehant, a master builder from Alameda, and N. McDonald of the master painters, acted as secretary. As chairman of the Committee on Constitution, McDonald submitted a draft of that instrument, which, in the main, met the approval of those present. Some of the crafts were empowered to vote for its adoption, but others sent word that they wished to consider the constitution in their own meetings, and in order that this might be done the final ratification was postponed one week.

It was suggested, as a result of some of the speeches, that an effort be made to ally the local banks and real estate firms with the movement, and a committee is to wait on them, seeking their co-operation. Attention was called to the kindred organizations at San Francisco, and it was claimed that since the earthquake and fire the banks of that city and the real estate men had joined the San Francisco association.—Oakland Herald.

### ENFORCE LAWS.

**Booker Washington Believes Both Races Should Learn from Atlanta Riots.**

New York, Sept. 27.—Booker T. Washington, who is in New York for a few days, said yesterday in regard to the race troubles in Atlanta:

"I would strongly urge that the best white people and the best colored people meet in council and use their united efforts to stop such disorder. I would especially urge the colored people in Atlanta and elsewhere not to make the fatal mistake of attempting to retaliate, but to rely upon the efforts of the proper authorities to bring order. If they do this they will have the sympathy of good people the world over.

"Wherever I have met them, I have found the leading colored people as much opposed to crime as the leading white people. We of both races must learn that the inflexible enforcement of the laws against all criminals is indispensable, and in this I will do my utmost to have my race co-operate.

"The Atlanta outbreak should not discourage our people, but should teach a lesson from which all can profit. As a colored man I cannot refrain from expressing a feeling of deep grief on account of the death of so many innocent people. The outrage should teach a lesson to the colored people that they must not yield to the temptation to commit crime, that they must not allow themselves to be made the tools of designing men who are willing to see them sacrificed, that they must not allow themselves to be misled into the belief that there is any short cut to the goal we all desire to reach, but that they must rely upon the slow but sure method of building up themselves by honest work and by the acquisition of property and intelligence. I firmly believe that the great mass of the colored people will do this."

A citizens' committee, aided by the mayor, police and military authorities, is in charge of the city of Atlanta. There was no disorder Tuesday night.

### ATLANTA RACE WAR ENDS

**Troops and Police Fight and Finally Overawe White Roughs.**

Atlanta, Ga., Sept. 27.—The race war which has kept this city in the grip of terror has been put down by the authorities. The negroes have been disarmed by the state troops, and the police seem to have things well in hand, but only after the murder of four blacks in the centre of the city, and hand-to-hand encounters between white roughs on the one side and the troops and police on the other.

The total fatalities to date are seventeen negro men, one negro woman, one white woman, and County Policeman Heard. The rioting began at 10 o'clock Saturday night.

### CHANGE THEIR CHANGE.

**A British Wail Over a Matter of Small Coin.**

How long are we to be afflicted with a cumbersome copper coinage instead of a small nickel one? If Mr. Asquith wishes to merit the approbation of his fellow-countrymen during his tenure of office he will do away with this relic of barbarism, which dates from Lycurgus and from which most other countries have emancipated themselves. The penny and the half-penny are merely tokens and do not represent intrinsic value. Copper has risen from an average of £50 per ton to above £80 per ton. The token must cost us nearly twice as much as it did a few years ago. The only objection to the nickel coinage is that it is a little difficult to distinguish it from the silver coins of the same size. But this might be got rid of by making the former in rings—i. e., with a hole in the middle of each coin—and this would have the additional advantage of effecting a saving in metal. No further copper coins should be coined. All existing ones should be exchangeable for the new coins at any post office. In effecting this change Mr. Asquith might commence the decimalization of our money. Twelve pence might be exchanged for ten nickel coins or for twenty of the value of a halfpenny, or in order to lead to the exchange being speedily made, of twelve or twenty-four new coins. In addition to the penny and halfpenny there ought to be a vast number of new nickel coins of the value of one-tenth of a penny. This would be a great gain to very poor people who make little purchases. Is it is they often pay more proportionately for their small purchases than others. When once a step is taken toward decimalizing our coinage, that of our weights and measures will soon follow. I hope that it will not be long before both are effected, for no country that has ever adopted the decimal system has regretted it. Not only for purposes of calculation but for all commercial transactions it is better than any other. The French system of weights, measures and coins is a perfect scheme, and it has the advantage of being in use in all Latin countries. All that is needed is for us to rally to it.—London Truth.

# WALKED OVER SCHOOL BOYS

## Norwich University Defeated Montpelier High

## BY THE SCORE OF 40 TO 0

**After First Half University Team Pulled Out Regular Men and Put in Substitutes—Montpelier Played Pluckily.**

Northfield, Sept. 27.—The game that was to be played between Norwich and Montpelier seminary yesterday afternoon did not come off, and the Montpelier high school team was substituted instead, and although the score was 40 to 0 in favor of N. U., it was no farce. The high school boys played football all the time, and twice in the last half held the home team for downs. They were playing altogether out of their class, but they put up a stubborn fight to the end. Norwich made four touchdowns in the first half and kicked two goals. In the second half the first team was pulled out and all new men put in and tried out, giving all the men a chance to work out. The work done by the home team today is very encouraging for the game with Dartmouth at Hanover, N. H., on Saturday.

The line up and summary:

| NORWICH | | M. H. S. |
|---|---|---|
| Reed, Carpenter, l. e. | r. e. | Therianlt |
| Huntley, McCarty, l. t. | r. t. | Parady |
| Davis, Baldwin, l. g. | r. g. | Worthen |
| Campbell, c. | c. | Pitkin |
| Cassidy, r. g. | l. g. | Colby |
| Lyght, Drake, r. t. | l. t. | Berry |
| Clarkson, Howe, r. e. | l. e. | Buck |
| Carswell, Scholoski, q. b. | q. b. | Senter |
| Barber, Cole, l. h. b. | r. h. b. | Towle |
| Stitt, Damon, r. h. b. | l. h. b. | Reed |
| Maynard, Randall, f. b. | f. b. | Edgerton |

Score, 40 to 0; touchdowns, Stitt 2, Reed 2, Maynard, Barber, Lyght; touchback, Huntley; goals from touchdowns, Lyght 3; umpire, Wing; referee, Jackson; linesmen, Wilder and Jones; time, 15-minute halves.

# WOMEN TEACHERS WED, THEREBY BREAK RULE

**But the Court of Appeals Is on the Side of the Love Stricken New York Pedagogues.**

New York, Sept. 27.—School Superintendent Maxwell reports to the board of education that 74 women teachers were married in the summer recess.

The distribution of the 74 teacher-wives among the five boroughs of the city is decidedly uneven. Marriages were most numerous among the teachers in Manhattan, 32 of them going to a minister during the summer. Brooklyn is a close second with 26, Queens had 11 brides, the Bronx three and Richmond two.

The ravages of Dan Cupid in the ranks of the teachers has revived an interesting question. The bylaws of the board of education say that a woman teacher may not marry. The court of appeals has said that the board had no right to adopt such a rule, and that it is null and void.

### CANADA'S VOICE.

**May Be Heard at Washington Through an Attache to British Embassy.**

Ottawa, Ont., Sept. 27.—There is a probability that at the next session of Parliament an arrangement will be made for the appointment of a Canadian attache to the British embassy at Washington.

President Roosevelt suggested this some time ago and the matter is favorably viewed in official quarters here. The press appears to be almost unanimous in favor of the proposition.

It is learned on good authority that the British government would not object to a Canadian representative at Washington.

**SUMMER TOURS**

New Brunswick, Nova Scotia, the Land of Evangeline and the Bras D'or Lakes.

Hudson River, New York, Atlantic City, Gettysburg and Washington.

Niagara Falls, Thousand Islands, St. Lawrence River and Rapids.

Montreal, Quebec and the Saguenay.

# BANK LOOTER SENT TO JAIL

## Paul O. Stensland, Guilty of Embezzlement,

## GIVEN 14 YEARS AT JOLIET

**May Reduce Term by Meritorious Conduct—Admitted Crime at Once in Chicago Court and Was Then Sentenced.**

Chicago, Ill., Sept. 27.—Paul O. Stensland, fugitive president of the defunct Milwaukee avenue state bank, arrived in Chicago at 8:55 a. m. yesterday on the Twentieth Century limited on the Lake Shore road.

He was taken immediately to the criminal court building.

Stensland left the train under a heavy guard of police and detectives. The party drove to the criminal court building, and Stensland was taken directly to the probate office of State's Attorney Healy.

A number of stenographers were summoned and the examination of documents and forged notes, which were found on Stensland's person at the time of his capture in Tangier was then begun by representatives of the state.

Stensland, appearing before Judge Kerston in the criminal court yesterday afternoon, pleaded guilty to two charges of embezzlement. Judge Kerston sentenced him to an indeterminate period in Joliet penitentiary.

The maximum penalty under the law is 14 years.

Just as Stensland uttered the word "Guilty," a flashlight photograph was taken of the scene in the court room. The banker was greatly agitated, and hastily taking his seat seemed for a moment on the verge of collapse. He rallied quickly, however, and was removed from the court room.

### TIMBER DEAL ON.

**Paper Company Gets 100,000 Acres of Land in Maine at Price of $600,000.**

Bangor, Me., Sept. 27.—Announcement was made yesterday of one of the largest transactions in timber land property that has taken place in Maine in recent years. One hundred thousand acres of timberland along the east and west branches of the Penobscot river were transferred to the Great Northern Paper Company by F. H. Holyoke, Caleb Holyoke, John Cassidy and the estate of George Stetson for a consideration to be $600,000.

The lands are fairly wooded with spruce, but were closely cut over about 25 years ago, and little or no lumbering has been done since. The country is said to be well adapted for the needs of the paper company, which will, it is expected, soon begin to cut spruce for pulp.

Last year the various companies took out about 200,000 feet of lumber along the waters of the Penobscot, and this year's figures are expected to be about the same. Some of the smaller concerns will not operate, but their holdings will be taken over by the larger concerns.

### NEW SCHISM IN ZION CITY.

**An Evangelist Winning Followers Away From Overseer Voliva.**

Chicago, Sept. 27.—A new leader has arisen in Zion City. He is Charles F. Parham, an evangelist of the Apostolic Faith, a sect which has 5,000 followers, chiefly in Kansas and California. In a single week he has attracted several hundred followers, and Tuesday night General Overseer Voliva held a special meeting of officers of the church to see if some prompt and effective measures could not be taken against the proselyter, whose converts include some of the prominent elders.

"You must choose either me or this intruder who has stolen into our church," said Voliva at the meeting. "This man is winning some of our most faithful people from their allegiance at a critical time. The only thing that will enable us to weather the present storm is unity."

Meanwhile, Parham was holding an enthusiastic meeting a block away.

### D. A. R. OFFICERS ELECTED.

**Mrs. Clayton N. North of Shoreham Chosen Regent.**

Burlington, Sept. 27.—The state conference of the daughters of the American revolution was opened here yesterday with a large attendance, the regent, Mr. F. Stewart Stranahan of St. Albans presiding.

The following officers were elected: Regent, Mrs. Clayton N. North of Shoreham; vice regent, Mrs. Julius J. Estey of Brattleboro; secretary, Mrs. J. H. Mimms of St. Albans; treasurer, Mrs. J. G. Hindes of Vergennes; historian, Miss Emily Moore of Rutland; chaplain, Mrs. L. B. Lord of Burlington.

### A DIVIDEND OF 12 PER CENT.

**Creditors of People's National Bank Are Likely to Get Another Payment.**

Swanton, Sept. 27.—A dividend of 12 per cent is being paid the depositors of the defunct People's national bank, which failed about two years ago. This makes 45 1-3 per cent that they have received. Another small dividend probably will be paid before the affairs of the bank are closed up.

### WILLIAMS' KIDNEY PILLS.

Have you neglected your kidneys? Have you overworked your nervous system and caused trouble with your kidneys and bladder? Have you pains in loins, side, back, groins and bladder? Have you a flabby appearance of the face, especially under the eyes? Too frequent a desire to pass urine? If so, Williams' Kidney Pills will cure you. Sample free. By mail 50c. Williams Mfg. Co., proprietors, Cleveland, Ohio. Sold by C. H. Kendrick & Co.

# MACHINE SUPREME IN NEW JERSEY CAUCUSES

**"The New Idea" Rejected in County Where It Was Launched in Tuesday's Voting.**

Newark, N. J., Sept. 27.—What is known as "the new idea" in New Jersey politics received a severe check at the primary elections Tuesday. The supporters of Everett Colby not only failed to hold what they had gained from the Republican machine a year ago, but were obliged to see Essex county, the birthplace of the new movement, reject it. Newark city easily captured by the Lentz forces and the Fagan-Lowcord allies in Hudson county running behind the nominees of "Sam" Dickinson, not only in the county districts, but in Jersey City itself.

Senator Colby, Assemblyman Martin, Mayor Fagan and Corporation Counsel Lowcord admit defeat, and concede that the machine will control city, county and congressional conventions.

### BRYAN NOT OVERSANGUINE.

**Might Be Unwise for Any Convention to Indorse Him in 1908.**

Nashville, Tenn., Sept. 27.—William J. Bryan arrived here from Memphis at 9:30 last night and was met by a committee of distinguished citizens and an enormous crowd. He drove directly to the Ryman auditorium, where 5,000 people greeted him, his appearance being the signal for one of the greatest demonstrations ever seen here. His speech was warmly applauded, but there did not seem to be great enthusiasm for his municipal ownership views.

Referring to the failure of the Tennessee Democratic state convention to indorse him, Mr. Bryan said later:

"I have not asked a convention to indorse me. I do not know that two years from now it will be wise for any convention to indorse me."

Mr. Bryan subsequently departed for Omaha and Lincoln, Neb.

# HEARST MEN SERIOUS OVER NAME OF HUGHES

**Antis Declare That the Latter Is More Worthy of Democratic Votes Than Is the Former.**

Buffalo, N. Y., Sept. 27.—When the news reached Buffalo that Charles E. Hughes had been selected for governor by the Republican state convention, the Hearst boomers grew serious, and Hearst's opponents began to make predictions quickly that the conservative element of the Democratic party would vote for Hughes.

Several anti-Hearst men declared that a good Democrat could more consistently vote for Hughes than for Hearst. One of these was Harry W. Walker, who organized the Bryan reception, and called the meeting to order at Madison square garden. He said:

"For the first time in my life I will vote the Republican ticket, and there are 12 members of my family who will do the same."

A district leader of Tammany hall said:

"The nomination of Hearst and Hughes will put the campaign outside of party lines. Conservative men—Republicans and Democrats—will vote for Hughes, while the radicals of both parties will vote for Hearst. I believe that Hearst will be beaten."

### LABOR AFTER LONGWORTH.

**Strong Union Leader Nominated by Democrats to Run Against Him.**

Cincinnati, O., Sept. 27.—Organized labor was lined up Monday by the Democrats to fight Nicholas Longworth for renomination to Congress in the first district when Thomas Bentham, member of the Miners' Union and one of the strongest labor leaders in the State, was named in convention to make the race against the President's son-in-law. The majority of voters in the district are union men, so it means that Longworth will have a hard fight if he is elected. Politicians say Longworth's strength lies in the popularity of his wife and that it is practically certain she will aid him in his campaign.

### GOMPERS OPENS ON CANNON.

**He Starts Labor Campaign in the Speaker's District.**

Chicago, Sept. 27.—Samuel Gompers of the American Federation of Labor came to Chicago Monday, declaring vengeance on Speaker Joseph G. Cannon. In the forenoon Gompers conferred with several local labor leaders and endeavored to get in touch with the local situation. Mr. Gompers said he had not decided whether he would personally invade the Cannon district and take the stump. Concerning the attitude of the federation toward President Roosevelt, Mr. Gompers said he did not believe that the President was disposed to be unfriendly to labor.

### FOR BIG STRIKE.

**70,000 Railroad Men Plan for Tie-up Within 30 Days Here and in Mexico.**

Pittsburg, Pa., Sept. 27.—A labor movement which threatens to blossom into one of the largest strikes in the history of American railroads has been set on foot all over the country from headquarters in Pittsburg. It is a concerted movement of organized labor, which, the leaders claim, will take 70,000 men in at the proper time, and if demands are not complied with it is promised that the railroads of the country and Mexico will be tied up within 30 days.

Monday grievance committees of the Switchmen's Union of North America walked into the headquarters of their superintendents all over the country and laid down their statement of conditions and the remedy asked. Shorter hours and better pay are wanted. The demands are for an eight-hour day and 40 cents an hour for foremen and eight hours and 38 cents an hour for helpers. The uniform rate over the country now is 30 cents an hour for foremen and 24 cents for helpers, with a 10-hour day.

# TEN DEAD, 43 HURT

## In Train Wreck at Catlin, Ill., Yesterday

## RAN INTO OPEN SWITCH

**Varying Stories of Number of Victims of Disaster on Wabash Railroad—Three Bodies Have Been Identified.**

Springfield, Ill., Sept. 27.—From three to ten dead, and thirty-six to forty-three injured, according to varying reports, are the results of a collision on the Wabash railroad yesterday between the east bound passenge train No. 8 and west bound freight no 91. The accident happened at Catlin, a siding near Danville.

Among the dead are: K. N. Butler, engineer, and V. W. Ellison, fireman, of Peru, Ind.; Mail Clerk Harding, Ivesdale, Ill.

George Godaman of this city is reported missing, though it is believed he is on the freight.

The injured have been taken to the hospital at Danville.

Butler and Ellison were crushed in the engine cab. Harding was caught under a pile of mail sacks and other material in the mail car, and was unable to escape. He was burned to death.

The switch to the siding where a freight train was waiting was left open, and the passenger train from Decatur dashed on to the switch, going at a tremendous speed. The engines came together with a terrible crash and were telescoped. Half of the freight train was piled up on the tracks and the passenger coaches were thrown in the ditch.

Five minutes after the wreck and before a rescuing party could be organized to search the wrecked coaches for dead and wounded, fire sprang up in the pile of coaches and burned fiercely.

### CARS GO THROUGH BRIDGE.

**Wreck in Philadelphia Ties Up Pennsylvania Traffic.**

Philadelphia, Sept. 27.—Two gravel cars of the Philadelphia rapid transit company broke through the bridge at Thirty-first street and Columbia avenue over the New York division of the Pennsylvania railroad shortly after 5 o'clock yesterday morning. Six men were seriously injured, two of whom may die.

Traffic from New York and the west, as well as local traffic, was tied up for several hours. It is said the bridge was rotten from the steam and smoke of passing engines. Motormen were aware of its condition, and when crossing the bridge put on all the power.

### TYPHOONS IN PHILIPPINES.

**Two Great Storms Ravage Towns on the Island of Luzon.**

Manila, Sept. 27.—The Cagayan valley, in the northern part of the island of Luzon, was devastated by a typhoon on September 18. Barrios, Gallaran, Amlung, and Baggao were totally destroyed. Four other towns were badly damaged. Cagayan is the principal tobacco section of the island, and the crops were practically destroyed.

Another typhoon in Laguna province, island of Luzon, on September 22 destroyed a number of roads, damaged the crops and caused about $150,000 damage in the towns in the path of the storm.

### SUPREME COURT OPENS. OCT. 1.

**Over Four Hundred Cases Are Now on the Docket.**

Washington, Sept. 27.—The next term of the supreme court of the United States will begin a week from next Monday. The docket now contains over 400 cases and others will be added before the opening day. On account of the resignation of Justice Brown and the failure to fill his place, there will be one vacant seat on the bench.

### LIFE IN EAST AFRICA.

Natives near the lake are said to be so poor that they haven't a shirt to their backs or to anything else.

A Mombasa flea is of ebony hue, wears spurs, carries an assagai and is said to be capable of biting you opposite the collar button and under the garter simultaneously.

People shake dice in Nairobi bars for 2,000 acres of land as they shake for whisky and soda and then they fight four rounds in order to decide who shall pay the survey fees.

Nine out of ten who tell big game stories are liars, yet if an up to date Gibson girl appeared in the government road she would create more excitement than a lion or a rhinoceros.—Nairobi (British East Africa) Globe Trotter.

**Wedding Ring in Fish's Stomach.**

While fishing in a California river Willis Brown caught a pike weighing over four pounds. The young fisherman, being anxious to make a meal of his catch, proceeded to dress it. He noticed something hard in the fish's stomach and on opening it found a fine gold wedding ring. It is a plain band, and on the inside surface is plainly engraved "A. C. to M. B."

**No well dressed man** is happy if there is dandruff on his coat collar, or if he has a shiny, oily skin, or if the pores of his face are filled with powder, causing blackheads and blotches. He can be both happy and well-groomed, however, if he will use

**SPIM SOAP**

for his bath and shaving and for a weekly shampoo. Should there be any irritations of the scalp, just the least bit of SPIM Ointment-Cream will quickly cure them.

Spim Soap, 25c. Spim Ointment-Cream, 50c. At your grocers, or druggist, or postpaid by mail. If not satisfied for any reason, your money back. The Spim goods are guaranteed by Chas. B. Knox, maker of

**KNOX'S CELATINE**

the purest and best gelatine in the world. Sold by all first-class grocers.

Send a postal for our FREE booklet, "Wash the Baby," it tells how your baby may win a prize of from $5 to $100.

SPIM CO. (Chas. B. Knox, Sole Proprietor) Johnstown, N.Y.

For Sale by Sowden & Lyon, Barre, Vt.

### STANDARD YIELDS TO LABOR.

**The Chicago Union Is Practically Recognized.**

Chicago, Sept. 27.—Standard Oil has capitulated to union labor, and the threatened big strike, involving all of the union employees of the oil trust throughout the country, is off, for the time being at least. This signal victory for union labor came Tuesday, when the Standard officials agreed to reinstate the seven officers of the international brotherhood of stationary firemen at the Whiting, Ind., plant, who were discharged a few days ago when the demands were presented, and which was the real issue, it develops, of the strike. The company officials further agreed to take up the question of the demanded increase in wages. The workers assert that this is the first time that the Standard oil company has ever recognized any union. Before peace came the entire plant at Whiting practically was tied up. The women who were employed in the candle factory either had walked out or were unable to get materials to work with, teamsters were without work, and every department was at a standstill, either because of the sympathy of the employees or because of failure to secure the materials with which to work.

### PRINCE GEORGE IN RIOT.

**Armed Cretans Try to Prevent His Leaving—Two Killed.**

Canea, Island of Crete, Sept. 27.—The departure for Athens Tuesday night of Prince George of Greece, the late commissioner of the powers, who is succeeded by M. Zanis, former premier of Greece, led to turbulent scenes and a conflict between the Cretans and the international troops.

Several hundred armed Cretans, who see in the departure of Prince George a postponement of their aspirations for the annexation of the island to Greece, attempted forcibly to prevent his embarkation. They broke through the cordon of troops, and volleys were exchanged, resulting in two being killed and a number wounded on both sides.

The new commissioner will take up his duties next week.

### MURDER MYSTERY UNSOLVED.

**New York Police, However, Think They Can Identify the Victim.**

New York, Sept. 27.—The police who are investigating the murder of the man whose dismembered body was found in a vacant lot Sunday announced late Monday night that they were working on an important clew and expected to be able to determine the identity of the murdered man soon. "Jack" Mano, whose friends feared had been the victim, is said to be in Los Angeles, Cal., a telegram from him having been received Monday night by acquaintances. John Pandakes and George Copenake, who were arrested as suspicious persons, were freed Monday, but later held under bail as witnesses. The search for the head of the victim continued without result.
