Honesty in Prescription Work

THIS IS OUR WATCH-WORD

However much we may know about Medicines, we never pit our knowledge against that of your doctor. We can conceive of nothing more dishonest than substituting "something else" for that which your doctor has ordered. You will always get just what your doctor orders at our store, and at a price that will please you. No matter on whose blank a Prescription is written we can fill it, and fill it right.

Perhaps We Did Not Sell You

Last year. You might have been unwilling to change, and perhaps we could not convince you that our Garments are superior in fit, style and price.

You might have thought we could not prove our claims.

Well, we will not say much now, but we would like to have you drop in and see the styles we are showing. There was never a time in our history when we were able to show you such a variety of choice styles in Coats as at present.
